LARGEST CIRCULATION IN DULUTH.
Entered at the postoffice at Duluth, Minn., as second-class mail matter.

The Weather.
May 20. The weather here has been threatening since the past week and which was controlled over North Dakota, yesterday morning, has moved almost directly north from there, and is central this morning over the country to the north of Lake Superior, and is rapidly moving away from this section. High clouds have been seen to the west, over the country to the west of here they were much higher, the maximum temperature here was 55 degrees at St. Vincent, while it reached over fifty over Western Minnesota, the Dakotas and Montana.

Heavy thunder storms prevailed yesterday over the country covered by the storm, and were particularly severe in North Dakota, elsewhere the precipitation was confined to light showers in well scattered places.

The temperature remained low here yesterday until about 10 o'clock, but evening when the wind shifted to the west and it rose about sixteen in five minutes. A minimum temperature of 30 is reported from the Northwest this morning, and it is lower than normal all over that section.

It is probable that the weather will remain fair, possibly with a thunder storm this evening, and that it will be fair and pleasant tomorrow.

Duluth, May 20.—Generally fair, except possibly (thunder) storms this afternoon or evening, slightly cooler today, fresh west to north winds. Fair Sunday, slight chance in afternoon.

Local Forecasts Official.
WANTON, May 20.—Forecast till 8 p. m. tomorrow: For Wisconsin: Fair; cooler; portwest gales; diminishing. For Minnesota: Fair tonight and Sunday; northwest gales, diminishing; slowly rising temperature, preceded by cooler Sunday morning in east.

The Water Power Proposition.
The proposition of the Minnesota Canal company appears to be gaining favor, as it is more closely investigated. There can be no doubt on one point: If the company can carry out what it promises, it will be one of the greatest benefits that Duluth has ever received in its history.

The furnishing of an immense water power at an annual cost to the consumer of from \$10 to \$15 per horse power would have a tremendous effect in encouraging the starting of manufacturing establishments at this point. With cheap power, in addition to the natural advantages which this city possesses, Duluth would present the most favorable location in the country for manufacturing of all kinds. There is no reason why paper mills and cotton mills and all the kindred industries would not pay here, while the still further advantage this cheap power would give us in the flour milling business and in the sawmill industry can hardly be estimated in advance.

The projectors of the enterprise show a commendable disposition to answer all questions that are propounded. They say they court the closest inquiry into their plans, and this will no doubt be met by the citizens' committee which now has the matter in charge.

It is well to remember that the canal company's proposition provides that the county bonds shall be deposited with a leading Chicago trust company, not be handed to the canal company until its promises in respect to power are carried out. This would seem to guard the county against any possible loss, because a trust company would make the canal company live up to its agreement before delivering the bonds, otherwise it would be responsible to the county for their full face value.

This being the case the people would have everything to gain and nothing to lose by voting for issuing the bonds. But we may know considerably more about the question when the citizens' committee reports the result of its investigation.

A Prosperous Outlook.
The little financial flurry which visited this country is over, and now that it is past, the financial world will wonder why it ever was excited over the situation. It was really a scare that had no foundation to justify it. The fact is that a general financial revulsion is not now possible in this country, because the people of all sections of the Union were never more generally solvent than they are today, and there can be no bankruptcy in the legitimate channels of industry and trade unless the people are overburdened with debt and a sudden depression takes place in values.

Because a number of banks failed in several states many people jumped to the hasty conclusion that a serious financial panic was impending. The failure of some stock gamblers in New York and the collapse of a big trust, with a stock watered three or four times, caused the same feeling on the part of some. But when the facts regarding these banks and other institutions became known all fear of general disasters disappeared. It was soon evident that these banks had been in bad condition and failed of their own weight without any connection whatever with the general financial condition of the country, and Comptroller Eckels is quoted as saying that without exception reports from the failed banks show that their officers were engaged in outside business or speculation and used the funds or credit of the bank for their individual purposes.

The one important lesson of these failures, says the Philadelphia Times, is in the fact that none of the legitimate financial institutions of the country have failed or been threatened with failures. These failures that occurred, therefore,

have simply cleared the money atmosphere of a few rotten institutions founded by adventurers and multiplying small banks without capital. In addition to the now proved general soundness of our money institutions, the fact that money continues abundant and can be commanded at cheap rates on good security, clearly demonstrates that the present depression in values must be temporary and that all apprehensions of general panic may be dismissed. While speculative ventures may be more than usually perilous just now, there never was a time since 1873 when legitimate investors had such an opportunity offered them.

During the past week the bank clearings of Duluth increased 44.2 per cent over the corresponding week of last year. It is claimed that the bank clearings are a fair standard by which to gauge a city's business, and if this be true there can be no question about Duluth's steady progress commercially. But there is no doubt. The evidences are before our eyes daily in the number of new wholesale establishments being located here, in the increase of manufactures, in the growth of the city's population, in the great increase in the marine business at this point, and in the general air of prosperity that pervades the whole city.

Funds Are Needed.
The Irish home rule cause never looked brighter than it does today. The recent statement of Louis Kossuth, the Hungarian patriot, that Mr. Gladstone, in his struggle for self government for Ireland, will never reach the goal until he is aided by the Irish people, has given rise to those whose heart and soul are fixed upon the consummation of this reform. Louis Kossuth is a very old man, long afflicted by senility and disheartened by his own failures, and it is but natural that he should take a pessimistic view of this great struggle for political freedom. But the fight is not won yet, and it will not be won without solid determination and persistent work on the part of Irishmen and Irish sympathizers everywhere. The gallant band of home rulers who represent Irish constituencies in the British parliament must be supplied with the sinews of war to carry on their great fight. Their hands must be upheld at this juncture when success is almost in sight. Mr. Gladstone has done well in pushing his home rule measure in parliament. The opposition is strong and is adopting every maneuver to delay the bill's progress.

The members of the British parliament receive no salaries. Living in London is expensive, and the Irish members, who have little resources of their own, must depend for support upon the contributions of those who sympathize with the cause. The Duluth friends of home rule have been generous in the past, and they will be generous until the victory is gained. Therefore they should see to it that the meeting at the Temple theatre is made a grand financial success. There should be a crowded house to swell the receipts and increase the fund to be sent to those who are fighting Ireland's battles in parliament.

Only Backbone Needed.
The World's fair may not be opened to the public tomorrow because the local directory is inclined to await action by the national commission. It is said that a majority of the judiciary committee of the latter body will report in favor of Sunday opening, but what will be the fate of this report is problematical.

Meanwhile the people will be shut out of Jackson Park and the saloons and questionable places of amusement and all the fakes and side-shows will reap a rich harvest. Morality will suffer, but think of the triumph for Sabbatarianism! And all this will happen because the local directory of the fair has not a stiff backbone. The national commission has no right to say whether the fair shall be opened or closed on Sunday. It is a question entirely outside of its province. It has no legal authority in the premises. Neither by the terms of the agreement as to control of the fair nor by any other act of congress has the right been conferred on the national commissioners to close the gates. When they attempt to dictate action on this point, they assume a jurisdiction which they do not possess.

The local directory, having wisely decided to open the fair Sundays, should stick to its decision, regardless of what the national commission may say or do.

One of the finest "annual editions" which has reached The Herald office this year is that issued by the Ashland Daily Press, of which Joe M. Chapple is the editor and proprietor. Mr. Chapple has issued some nine annuals in recent years, but this time he has outdone all previous efforts. It is by far the best and most complete publication of this character ever issued in the Lake Superior country, and it will be a valuable advertisement for Ashland.

The Ashland News expresses the opinion that some of the Chianians who declined to register before May 4 may now decide to register and thus the number to be deported will be greatly reduced. The trouble is that the law does not permit any registration after the date named and those who have not already complied with the provisions of the law are liable to expulsion.

Every man in St. Louis county should regard it as his bounden duty to go to the polls on May 26 and vote for issuing bonds in aid of the Duluth, Missabe &

Northern road. No other road is of such great benefit to the whole county and it deserves all the assistance that is asked. But you must first register next Tuesday.

The people of the city of New York are said to be confronted with the serious difficulty of finding suitable places to bury their dead. Why not adopt cremation? It is the best mode of disposing of the dead and only a false sentiment prevents its general introduction.

Isaac Pusey Gray was given a banquet in the City of Mexico yesterday, and a dispatch says it was a brilliant affair. The latter remark was superfluous because anything with which Isaac Pusey is connected cannot help being brilliant.

They have revived the old custom of ringing the curfew in some Canadian towns. If it will put an everlasting stop to the recitation of "Curfew Shall Not Ring Tonight," the revival of the custom will be applauded everywhere.

It is said President Cleveland wants to make Dan Lamont governor of New York. Perhaps Dave Hill may have another man in view, and he usually has something to say in Democratic conventions in New York state.

Theodore Thomas is said to be suffering from nervous prostration owing to the worry over his quarrel with the national commission. That Mr. Thomas' monumental nerve should be prostrated is a surprise indeed.

The Herald's circulation keeps increasing at a rapid rate. The people know a good newspaper when they see it, and The Herald answers all their requirements in that respect. It gives all the news.

It is said that the subject of Senator Peffer's lecture, which he will deliver fifty times this summer, is made up of fifty-two words. He must have borrowed one of William M. Evans' short sentences.

When the sea serpent captured on the Massachusetts coast learned he was to be taken to Chicago he suddenly revived and darted out to sea again. He had evidently read about the Columbian guards.

The organs of the pine land ring are squealing very hard since Maj. Baldwin came out on top at Washington. The major is not so easily downed as they fancied.

The Chicago Post makes the excellent suggestion that a half rate admission to the World's fair should be made for children. Give the youngsters a chance.

A number of wealthy New Yorkers are preparing to compete with Chicago in the packing of beef and pork. What will Ward McAllister say about this?

The enterprising merchants are well represented in The Herald's sixteen pages today. And the news columns are likewise filled to overflowing.

Chicago is enjoying glorious World's fair weather at last. It was a long time coming, and now that it is here, let us hope it will stay.

Last chance to register—next Tuesday. If you do not register you cannot vote. Register and vote the aid asked by the Missabe road.

When is Duluth to have a municipal garbage collection system? Perhaps the aldermen will answer on Monday night.

Read Gath's interesting letter on the ninth page of today's edition. It is bright, sparkling and meaty.

Do not say that Duluth audiences are cold, after the demonstration at the Lyceum last night.

The circus is again abroad in the land, and the pink limonade vendor is taking in the shekels.

Register next Tuesday or you will not be able to vote on the Missabe road's proposition.

Every man should attend to registration next Tuesday. It will be the last chance.

Register next Tuesday. Do not forget it.

They Came to Duluth.
Superior Telegram: It must give any Superior retailer "that dried feeling" to see the small army of laborers that nightly take the Short Line train to Duluth from elevator station. These men represent a weekly wage roll of from \$800 to \$1500—all merchants' money—which goes to Duluth.

Adulterated Wine.
Is injurious, but nothing gives strength like a pure old port wine. "Royal Ruby," so called for its royal taste and ruby color, is particularly adapted for invalids, convalescents and the aged. Sold only in quart bottles for \$1, while cheap wine is sold by the gallon and gives a larger profit to the seller, but less to the user. This wine is absolutely pure and has the age without which no wine is fit to use. Be sure you get Royal Ruby; \$1 in quart bottles only. Sold by S. F. Boyce, druggist.

If you are tired and never hungry, Hood's Sarsaparilla will make you feel strong and well and give you a hearty appetite.

Hood's Cures

Works Like Magic

Rheumatism—Internal Pains and Aches—Perfectly Cured
"I must say that Hood's Sarsaparilla works like magic. I have for two years been very seriously troubled with rheumatism, suffering intense pains and aches. I tried all the remedies I could get, but all failed, until, having heard so much about Hood's Sarsaparilla, I thought I would try it. The very first bottle did me a great deal of good, and I thought I must continue. I have been using Hood's Sarsaparilla regularly, and am now as well as anyone." Miss Edna Ryde, Chamberlain, South Dakota.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

SOUSA'S GREAT BAND.
A Magnificent Ovation Given it at the Lyceum Last Night.

Sousa is undoubtedly accustomed to receiving great ovations and may rather expect them as his due, but even so he could ask no more enthusiastic appreciation than his great band received last evening at the Lyceum. It was unquestionably the largest audience that ever gathered in as well as in the city as one of the warmest for the applause was terrific. It began with the first number and as the last notes of Wagner's "Flying Dutchman" died away, a perfect storm of cheers and hand clapping shook the great house. Sousa smiled good naturedly and gave an encore "Sherman's March." Over this the great audience fairly went wild and did not wait until the close of the selection, but as soon as "Marching Through Georgia" swelled forth there was a burst of applause that threatened to drown the band. And so on it went through the whole program. Two and three encores were given at times and as the applause grew stronger and stronger until it seemed that it never would stop, Sousa smiled with pleasure but rather despairingly too.

The "Last Days of Pompeii" was a perfect storm of cheers and hand clapping shook the great house. Sousa smiled good naturedly and gave an encore "Sherman's March." Over this the great audience fairly went wild and did not wait until the close of the selection, but as soon as "Marching Through Georgia" swelled forth there was a burst of applause that threatened to drown the band. And so on it went through the whole program. Two and three encores were given at times and as the applause grew stronger and stronger until it seemed that it never would stop, Sousa smiled with pleasure but rather despairingly too.

IN THE SOCIAL WORLD

Unity Club Ball Was the Particular Event of the Week and Was a Happy Affair.

Romberg's "Kinder Sinfonie" to be Presented at the First M. E. Church on Monday Evening.

The Long-Moore Wedding at the First M. E. Church on Tuesday—Other Social Matter.

Society has, if it will kindly pardon the expression, had its sea legs on the past week. There has been a general tendency among the fair ones and gallant swains who move within the pale of the charmed circle to don natty sailor togs and go a sailing, and the blue skies and smiling aspect of Old Superior have brought even the most timid to the decision to tread the rolling deck, enjoying the health-giving pastime of boating, with the exhilarating influence that attends converse with Neptune in his jovial mood. There have been many things to draw society to the waterside the past few days, first and foremost of which must be reckoned the debut of that pride of Duluth, the leviathan white and ghostly, but beautiful and majestic withal, the most notable and favorite child of the brain of Capt. McDougall, the Christopher Columbus, the great white ship that sailed away this week to the great white city, carrying the greeting of the Zenith City to the carnival of the nations.

And then, too, there have been the reception and the excursions on the Ossifrage. Trips to see the "wreck" at Two Harbors have been quite the fad, such is the desire to see the unusual, seasoned with a goodly portion of the terrible. Prosaging much enjoyment during the season to the favored few are those natty craft, the Nautilus and the Pickett, spick and span in new paint, fresh scraped spars and glittering brass work. Many a gay party bent on the pursuit of the finny tribe or dawdling on summer seas under the moon, will they carry on their decks. But the luring of the sunny weather has not put a stop to merry making and functions within doors and there were a few events this week.

The Unity club ball which was given at the Spalding on Wednesday evening was the chief social event of the week and, under the able management of the directed it, it could not fail to have been a red letter event in the social annals of Duluth. The reception committee consisted of Mr. and Mrs. George C. Greenwood, Mr. and Mrs. A. E. McCordick, Mr. and Mrs. Henry Holte, and Mr. and Mrs. W. P. Mosher. Messrs. E. C. Jones, Clarence Shephard, Edward Fullerton, Harry F. Jordan were floor managers, and in their capacity of field marshals of the dance, earned the undying gratitude of the revelers by lengthening a program that, as at first arranged, proved all too short to satisfy those present, entranced with the perfect floor, delicious music and gay company.

There were stunning gowns galore, and the feminine contingent were arrayed in the choicest dreams of the costumer, in which the sex is privileged to array itself while the men are kept down in their proper places in somber black, as they should be. Hoare's orchestra discoursed music that would fairly force the most unwilling feet to dance, while for those who wished to listen to the music of the heart there were sundry not brightly lighted nooks provided by the forethought of the hosts and hostesses of the occasion. Refreshments served in a manner to most strongly tempt the inner man were served at midnight and in the wee small hours the tired but thoroughly happy multitude dispersed and the Unity club's great function was a bright memory of things that are past.

There were present, Mesdames W. H. Alden, Buchanan, Elbridge, Elder, Fuller, Green, Giffon, Greenwood, Hasselblad, Hopkins, Powell, Lucas, Maynard, Moles, Agatino, Spellman, Wolvin, West, Misses Brown, Boyce, Bailey, Blanchard, Cullyford, Cleaves, Denning, Grady, Judd, Kingman, Leland, Louden, Langford, Moak, Gilman, McKinnon, McLenn, Proctor, Poirer, Willis, Sutherland, M. Kingman, Messrs. Bachelor, Bettingen, O. C. Hartman, Cullyford, Howard, Morrison, Green, Southward, Robson, Seaves, Farrington, Patrick Smith, A. Mendenhall, Mees, Leland, A. W. Hartman, Bassett, Jones, French, Collins, St. John, James, Maynard, W. H. Alden, Elder, Lucas, West, Buchanan, Fuller, Greenwood, Hopkins, Hanagan, Elder, Green, Spellman, Wolvin.

THE "KINDER SINFONIE."
Charming Entertainment to be Given Monday Evening Next.

Among the events of the closing season that is looked forward to as promising to be a highly interesting affair, is the "Kinder Sinfonie," which will be rendered at the First M. E. church on Monday next. Romberg's choice effort will be interpreted by twenty-four youthful performers, assisted by an orchestra.

In the second part, consisting of miscellaneous music, Mrs. Kirkland, Mrs. F. S. Wardwell, and Messrs. Sydney Brown and Donald MacLeod will assist. The fact that Mrs. Marcia B. Kirkland is in charge of the affair and the names of the musicians mentioned gives assurance of a decided treat. Mrs. W. L. Kinnball will be accompanist. The program is as follows:

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

LONG-MOORE HUPITALS.
A Brilliant Wedding of Well Known Young People This Week.

A brilliant affair was the Long-Moore nuptials, at the First Methodist Episcopal church, on Tuesday evening last, the contracting parties being Miss Katie Long and Isaac S. Moore, the Rev. Dr. Huntley performing the ceremony, in the presence of numerous friends. Attended by Miss Flora Louden, as bridesmaid, and preceded by six brides, Messrs. J. H. Cook, George Mackenzie, Arthur McKinley, Frank Upham, James Giegie, and Thomas Moore, and leaving on her father's arm the bride advanced down the west aisle of the church to the strain of Lohengrin's wedding march, the groom approaching

from the opposite side, attended by W. G. Hegardt, and meeting the bride at the altar, where the wedding ceremony of the Methodist church was performed. At the conclusion the bridal party left the church to the music of Mendelssohn's wedding march.

After a reception at the home of Mr. and Mrs. H. E. Long, parents of the bride, where the congratulations of a multitude were received, the newly united pair departed for St. Paul and the World's fair, and thence to Baltimore, where the groom's parents reside. They will be at home on Third avenue west, in June. It is a matter of congratulation that Mrs. Moore, nee Long, is not to be lost to Duluth society.

Social Mention.
Among the happy affairs that have characterized the week just closing was the surprise party to Mr. and Mrs. L. A. Dailey, of 1005 West Fourth street. A large number of friends joined in the friendly storming of the Dailey house and a delightful and long to be remembered time was had.

It is hoped that the date will soon be fixed for the production by the Cecilia society of the program which it will present at the World's fair in June. The home of Mrs. C. P. Craig will be thrown open for the occasion. While there will be no admission charge, it is understood that contributions for the benefit of the society will not come amiss.

The musical and literary entertainment and strawberry festival, given Wednesday evening in the Second Presbyterian church, proved, as was expected, a most delightful affair. The proceeds were devoted to the church fund.

On May 31, a testimonial concert will be given Miss Margaret McDonald at the Temple. Theodore Lammers, Sydney Brown, Signor Sala, Mrs. L. S. Brochon of Superior, Miss McDonald, the Arion quartet and others will participate.

Social Personal.
Mr. and Mrs. W. G. McMahon, of Winnipeg, are with friends in the city.

P. S. Anneke left on Monday for St. Louis, where he will join his family and accompany them to Chicago, from whence they will return to Duluth in about three weeks.

The many friends of Miss Sharp of West Duluth have heard with regret her serious illness and hope for a speedy recovery.

Mr. and Mrs. T. D. Merrill returned on Thursday from Chicago.

President and General Manager Great-singer, of the Duluth & Iron Range, returned from his trip to the Mesaba range on Thursday.

Z. T. Mullen went to St. Paul on Thursday.

D. J. Sinclair made a flying trip to Rochester, Minn., this week, returning Friday.

Mrs. F. B. Ross and Miss Ross returned this week from the South, where they have spent six weeks. They were

accompanied on their return by Miss Clara Whitlaw, of Fort Worth, Texas, who will spend the summer here at the house of her aunt, Mrs. Ross, of 310 Fourteenth avenue east.

Mr. and Mrs. C. H. Modisette who have been in Buffalo for two months, returned to Duluth this week.

Messrs. Edward and Warren Mcendall and S. Rothermel left Wednesday for a fishing trip to the Brule.

Mrs. F. A. Bates returned from Chicago on Monday last. Her daughter will follow in a short time.

K. D. Chase and wife, of Fairbault, were quartered at the Spalding on Monday.

F. M. Zeller was among the party to Chicago on the Christopher Columbus. James Bardon and party of ladies occupied a box at the matinee concert of Sousa's band at the Lyceum yesterday.

Danger!
If you have a feeling of oppression and uneasiness a little above the diaphragm, and just below the right ribs, aggravated by lying on the right side, look out! As sure as fate, your liver is disordered. Perhaps not seriously as yet, but—fatal hepatic abscesses are not uncommon. Hostetter's Stomach Bitters is the precise remedy to regulate the liver, and prevent its congestion and inflammation, and to disperse such minor indicia of its derangement as yellowness of the skin and ball of the eye, farred tongue, sourness of the breath, nausea on rising in the morning, dizziness, sick headache and constipation. By relaxing the bowels painlessly, it opens a channel of exit for the superfluous bile, checks a tendency to congestion and engorgement of the liver, at the same time giving a gentle impetus to its secretory action, and affords relief to the stomach, which is usually inactive, out of order and oppressed with wind when the bowels are active. Use the Bitters also in fever and ague, rheumatism and kidney troubles.

Use Morrison & Smith's ice cream.

There is nothing I have ever used for muscular rheumatism that gives me so much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best liniment I have ever met with. W. B. Deiny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by all druggists.

Remember the Kinder Sinfonie, Monday evening, at the First M. E. church.

The World's Fair.
During 1893 all roads lead to Chicago. The Chicago, Milwaukee & St. Paul leads the van. Enclose a cent stamp and get "The Milwaukee" World's fair folder.

J. T. CONLEY,
Assistant General Passenger Agent,
St. Paul, Minn.

THE COUNTY COMMISSIONERS.
Officers Named for the Towns of Nichols and Biwabik.

The county commissioners met yesterday afternoon and went through considerable business. Judge Carey, administrator of the Nehemiah Hulst estate, asked that the valuation of certain property near Fond du Lac be reduced to \$8000. He says that it was assessed at \$7000 in 1891 and the following year was raised to \$63,000 without any increase in value. The application was referred to a committee.

The following officers for Biwabik were named, the regular March election not having been held: Supervisors, Capt. Harry Robert, W. B. Cameron and August Rehbein; clerk and assessor, Ransom Metcalf; treasurer, R. A. Lowe. For Nichols, the following were chosen: Supervisors, Robert Purcell, Capt. John Gill and Charles E. Joyce; clerk, A. C. Jenness; treasurer, L. R. Clark; assessor, D. J. Mead.

Dr. C. E. French was made assistant county physician and is located at Biwabik. Dr. Brown, located at Virginia, received a similar appointment. The board meets again Wednesday and on Tuesday will visit the poor farm.

NEW DULUTH HAPPENINGS.
Latest Doings in the Dusty Young Suburb.

NEW DULUTH, Minn., May 20.—A boom broke above here Sunday and the loss which belonged to Richard & Co., went down the river.

The St. Paul & Duluth will put on a Sunday train for the summer beginning tomorrow.

Another accident occurred Saturday afternoon, this time at the furniture factory. Mr. Peterson, an employee, had a hand taken off. He is staying for the present with Gus Herman.

Rev. Mr. Jackson, pastor of the Baptist church left Monday morning for his old home in Virginia. Returning he will stop at Chicago for the fair and will be absent for a month or more.

Mrs. Keyes and Miss Keyes were in Duluth last week for several days, the guests of Mrs. Edson.

Mrs. Ingram and children came last week from St. Paul and have commenced housekeeping on First avenue east. Mr. Ingram is foreman at Fred Herman's mill.

Rev. Mr. Greenshields, of the Presbyterian church, started for Washington Wednesday to attend a convention held by that society.

Miss Margaret Davis in convalescing. Mr. and Mrs. Jaekel and son have gone on a visit to Antigo and Chicago.

J. Herman started on a business trip Monday for the firm. Will be gone some time.

Mr. Lower has broken ground for a frame building near the postoffice.

When completed it will be used by O'Leary & Bowser for a store. Will be one block from their present location on Commonwealth avenue.

Mrs. Thomas Herbur has gone on a visit to her sister, Mrs. Hurd, of Ann Arbor, Mich.

Mr. and Mrs. Hartman moved from their house to the island opposite here, near St. Louis, Friday.

Mr. and Mrs. McInnis and family moved to Duluth Thursday.

Augustus Ohlkes, an employee of the Hurd Refrigerator factory, had a surgical operation performed by five doctors from Duluth, and Dr. McAmie of this village Wednesday evening. It was thought he could live before the operation, and he died immediately afterward. Funeral services were held Thursday morning by Rev. Mr. Moore. The body was taken to Michigan City for burial by his mother who was sent for last week. The case is very sad. He was the principal support of his mother.

The Templars had their meeting Monday night when several more joined. They will hereafter meet Saturday nights as more seem-able to come on that night.

Railway Conundrums.
What is the railway mileage of the United States? 170,601 miles.

What has been the cost? Over ten billion dollars.

What state heads the list in point of mileage? Illinois—10,079 miles.

What is the average cost of constructing a mile of railroad? About \$30,000.

Who built the first locomotive in the United States? Peter Cooper.

What is the cost of a palace sleeping car? About \$15,000, or \$17,000 if vestibuled.

What road carries the largest number of passengers? The Manhattan Elevated railroad, New York—525,000 a day or 101,625,000 yearly.

What are the chances of fatal accident in railway travel? Statistics show one killed in every 10,000,000.

What road runs the famous vestibuled, electric lighted and steam heated train between St. Paul, Minneapolis and Chicago? The Chicago, Milwaukee & St. Paul railway. It leaves St. Paul at 8:10 o'clock every evening. Considered one of the most complete and handsome trains in this country.

How many trains per day via this road from the "Twin Cities" to Chicago? Four—from St. Paul Union depot at 7:50 a. m., 2:55 p. m., 6:55 p. m. and 8:10 p. m.

Are they all heated by steam? Yes. If there are any cold except "The Milwaukee" which furnishes electric berth lamps to read by? No.

Who should a passenger apply to for information as to the lowest rates to all points in United States and Canada via Chicago? "The Milwaukee" World's fair ticket agent in the Northwest, or address J. T. CONLEY, Ass't Gen'l Pass. Agent, St. Paul, Minn.

"Highly Interesting"
To almost everybody is the question of transportation to the World's Columbian exposition.

The Wisconsin Central line offers the public through Pullman palace sleeping cars, the finest dining car service in the West (that's honest), and commencing April 25, round trip rate of \$21.70, one way rate each direction, \$12.

For tickets, sleeping car reservations and further information call on or address F. A. GREENE, City Trk. Agent, 416 West Superior street, Duluth, Minn.

Money to Loan.
I will purchase a few small notes if well secured, at 605 Palladio, F. C. DENNETT.

Orchids as cheap as good roses, roses as cheap as good carnations, carnations as cheap as good daisies, at Anderson's florist, Merchants hotel.

Offices for Rent.
Second floor offices in The Herald building, single or en suite; low rent. Apply to C. P. Craig, room 103, Herald building.

Saved From Suffering.
The Gratitude of a Lady Cured by Kickapoo Indian Sagwa.

DANVILLE, ILL., Oct. 26.
I feel it my duty to express my gratitude for what the Kickapoo Indian Remedies have done for me.

I was suffering with Neuralgia, and had to stay up every night for weeks. At last I sent for a bottle of Kickapoo Indian Oil, and in less than ten minutes after application I was relieved.

I continued its use and also used Kickapoo Indian Sagwa at the same time until I was fully cured.

Many of my friends have used your Remedies for different troubles, and find them to do exactly as advertised.

I believe everybody who is suffering should use them, as we are all brothers and sisters in Christ. I will answer any questions as to what with the help of God they have done for me.

Yours respectfully, EVA DECAAMP.
KICKAPOO INDIAN SAGWA.
And all Kickapoo Indian Remedies. Sold by Dealers.

Dr. Schiffman extracts teeth without pain.

\$1500, \$1600, \$2500, \$3500, \$4000 and \$7000 to loan at once. T. O. Hall.

The pupils of Professor Lachmund's school of piano are giving a musicale this afternoon. Professor Lachmund reads a paper on Paderewski.

Excursion to Two Harbors tomorrow on steamer Ossifrage.

The civil service commission at Washington has ordered that an examination be held in Duluth on July 1, for the grades of clerk and carrier in the city postoffice. All applications must be filed with F. C. Danser, secretary, at the board of examination, at the postoffice by June 24.

Rev. J. N. Field, of Canton, Ohio, will occupy the pulpit of the First Baptist church for the next two Sundays. He will be the guest of H. H. Hanford during his visit here.

Born May 10, to Mr. and Mrs. J. B. Stewart, 1432 South street, a daughter. Call at Boyd & Wilbur's toilet parlors for face massage, hair dressing, manicure and pedicure, 112 West Superior street.

The World's fair advertising committee was called to confer with Superior people as to the advisability of procuring joint advertising matter.

Secretary Thompson has secured information for the profile map has arrived in Chicago and Victor Mendell has been telegraphed for to set it up.

The Ossifrage excursion tomorrow leaves Fifth avenue west at 10 o'clock sharp. Round trip \$1; lunch served on the boat. No objectionable characters allowed on the boat.

Maj. Sears was at Superior this morning placing ranges to mark the channels to be dredged by Capt. Barker. He will begin work within a few days.

There bids fair to be a large attendance at the Irish home rule meeting to night at the Temple. A fine program will be given, the chief event being the address by Judge Willis, of St. Paul.

At 6:30 this morning engine company No. 2 was called to Superior street, between Eleventh and Twelfth avenues west. A chimney burning out caused a little scare, but no damage.

A great many people may be heard inquiring why the street sprinklers are not in general operation. The high wind today is raising a great dust. Respectfully referred to the board of public works.

Memorial Day Exercises.

The G. A. R. posts are busily engaged in making preparations for Memorial day. In the morning the exercises at the cemeteries will be held and the graves of the dead will be decorated with flowers. In the afternoon a parade will be given and all civic societies and labor unions are invited to participate.

They should report to H. C. Helm, marshal, of the day, at the city hall and be assigned places. After the parade exercises will be held at the pavilion. All old veterans whether members of the G. A. R. or not are urged to be present in the morning.

A special invitation is extended to the city council and Sons of Veterans.

Go to Two Harbors on the Ossifrage tomorrow.

KICKING VIGOROUSLY

Creditors of Aldrich & Jones Object to the Allowance of the Assignee's Final Account.

They Accuse Him of Using the Funds to Speculate With—Many Charges Objected to.

Duluth & Winnipeg Road Made No Appearance in the Mandamus Case Against Auditor LaVaque.

An army of attorneys camped before Judge Ensign, in special term this morning, inspired with a common purpose to make E. T. Merritt, assignee of the defunct firm of Aldrich & Jones, explain his disposition of funds in his hands as such assignee or know the reason why. There was, metaphorically speaking, a raw east wind blowing, as it were, and there seemed a general desire to procure a hide to nail on the fence, with a preference, perhaps, for Mr. Merritt's epidermis. It was no social gathering, the men of law were there for blood, and, it may be said, it looked as if several scraps would be taken in the first act.

Messrs. Smith & Squier, S. D. Allen and White, Reynolds & Schmidt, representing creditors having claims aggregating \$25,000, raised a chorus of common import, the purport of their complaint being that they thought it curious that it should cost \$1000 to ensure to and distribute \$4000 among the creditors, whereas they had expected 60 or 70 cents on the dollar. The hearing was on exceptions to the account of the assignee, with prayer that the same be disallowed.

The exceptions all recite that the assignee took possession of the stock of Aldrich & Jones in November, 1891, that the stock was mainly converted into money by January, 1892, and there was no good reason why the account should not have been rendered long ago, and the real reason it was not, the objectors go on to say, is that the assignee wished to retain the funds in his hands, for his own use. They say further that as a matter of fact he did, in December, 1891, take for his own use the sum of \$5,200; that he repaid no part of such money until June, 1892; that it has not yet been repaid and that there are profits in large sums, quoted by the objectors as reaching the sum of \$30,000, of which the creditors should have the benefit.

Exceptions are taken to numerous items in the assignee's account, among them being one of \$1500 for attorney fees, wherein objectors claim, the reasonable value of services rendered to be not over \$200; also an item of \$1820 for clerk hire, a budget for that purpose that to the objectors seems large enough to run the war department for a month; \$500 for printing, \$102 for distributing bills, \$114 for office hire, etc. The objectors note, but not with commendation, the generosity of the assignee in his evident willingness to allow his attorney a matter of \$50 more than that gentleman claimed. As a further objection, it was urged that there was property yet in the assignee's hands undisposed of.

To the last named point counsel for the assignee made a statement to the effect that such property remaining consisted of logs, on which there were prior liens, and that it would cost more than would be realized by an attempt to get anything out of them. Counsel for the Chapin, Wells Hardware company claim, in addition, that the claim of that company had been rejected without notice to their clients. After arranging the preliminaries, the war dance commenced and was still under way at noon.

Failed to Appear.

The Duluth & Winnipeg Railway company failed to appear at the hearing on the rule to Auditor LaVaque in accordance with the alternative writ of mandamus to him, issued in the case of Duluth & Winnipeg relator vs. Duluth, Missabe & Northern and Geo. N. LaVaque. The company had been rejected without notice to their clients. After arranging the preliminaries, the war dance commenced and was still under way at noon.

Before Judge Lewis. The Duluth & Winnipeg Railway company failed to appear at the hearing on the rule to Auditor LaVaque in accordance with the alternative writ of mandamus to him, issued in the case of Duluth & Winnipeg relator vs. Duluth, Missabe & Northern and Geo. N. LaVaque. The company had been rejected without notice to their clients. After arranging the preliminaries, the war dance commenced and was still under way at noon.

ure; that her husband, Thomas Sather, was in the habit of becoming intoxicated and abusing her while in that condition. A divorce was granted.

The hearing of application for an injunction restraining Emil Schmidt from publishing the proceedings of the city council in his paper, was continued to Tuesday morning, at 9:30 o'clock, when both Judges Ensign and Lewis will sit.

Arguments on plaintiff's demurrer to the answer in the case of Jensen, vs. the Village of West Duluth were heard.

DENIES ITS RESPONSIBILITY.

Northwestern Fuel Company Files Answers in Damage Cases.

In the three actions begun in the United States court by Andrew W. Larson, Alex. Johnson and John Rehberg against the Northwestern Fuel company to recover damages for personal injuries, the answers were filed today. Larson wants \$25,000, Johnson \$10,000 and Rehberg \$6000. The defendant denies that it owns the dock mentioned in the complaint and says that it leased from the Northern Pacific railway company and that therefore the defendant knows nothing about its original construction. It further denies that it is responsible for the injuries to the plaintiffs and alleges that it was due to their own carelessness. The answers are alike.

An answer entering a general denial was also filed in Mike Koss vs. Northwestern Fuel company.

IS JUSTLY PROUD.

Sheriff Sharvy Is Pleased Over Secretary Hart's Report, Just Issued.

Sheriff Sharvy is justly somewhat elated over the praise accorded the administration of the St. Louis county jail, in the report of Secretary Hart, of the board of charities and correction, just issued. According to the report, it appears that St. Louis county pays less per week for her prisoners than any other county in the state, or \$4.20 per week; Ramsay and Hennepin following next. This expenditure covers all outlay for heating, lighting and feeding, in fact the total cost per head. In some counties the expense runs as high as \$6.

This jail is alluded to in Secretary Hart's report as the "model jail of the state," and other sheriffs are therein recommended to go to Sheriff Sharvy, consider his ways and be wise.

Waltz—"La Pina Belle".....Waldenfel
Medley—"Pantation Song".....Conteno
Polka—"The Clock".....Arnstern
Description—"A Hunting Scene".....Bucalossi
Gallo—"The Local Train".....Thornton

Monroe Nichols' Case.

A Washington special to the St. Paul Dispatch says: Commissioner Lamoreaux intends to permit Monroe Nichols and permit him to serve until the expiration of his commission. The charges filed against Nichols have been mislaid by somebody and cannot be found in the interior department. Congressman Baldwin is very indignant and determined that the lost papers shall be found and acted upon, while Lamoreaux seems determined that the papers shall remain mislaid for an indefinite period.

Another One Coming.

Wright, Barrett & Stillwell, the oldest paper house in St. Paul, will establish a branch in Duluth and has leased quarters in the Union Dock & Warehouse company's building. One by one they come.

West Window.

J. E. HAYNIE & CO.

WILL ERECT A BUILDING.
Wells-Stone Mercantile Company Makes a Fine Purchase of Property.

Another large wholesale house will soon ornament Fifth avenue west. The Wells-Stone Mercantile company has purchased 175 feet at the end of the dock just beyond the Smith-Fee property, from Robert Stratton, a Minneapolis lawyer. The consideration was \$37,500.

The property was bought for the purpose of improvement and the company will erect thereon a magnificent wholesale building. It will be 150 by 100 feet in size leaving 40 feet dock room on the slip and 25 feet on the end of the pier. It will be seven stories in height, will be built of brick, stone and iron, and will cost \$90,000. Work will be commenced in four weeks.

The deal was made by D. H. Stevenson & Co. and this firm reports a number of sales closed during the past few days. A handsome residence on East First street between Nineteenth and Twentieth avenues belonging to L. K. Peterson was sold to M. H. Alworth for \$13,200. A double corner, 100 feet front at Superior street and Twentieth avenue east belonging to I. Freimuth was sold to H. Wilkey for \$6500. He will erect thereon three houses costing \$6500 each.

The same firm sold two lots on Fourth street for W. W. Spalding and William Harrison for \$4500. A residence at Twenty-second avenue east and Superior street for Frank L. Murray to S. T. Harrison for \$10,000. Another big deal was the sale of 50 feet on Superior street near Eighth avenue west and 50 feet on the same street near Twentieth avenue west. Charles W. Shephard, of Chicago, was the purchaser and \$10,000 was the consideration.

When such sales as these can be made it would seem to indicate that Duluth real estate is anything but dead.

The Ossifrage will leave Fifth avenue west for Two Harbors tomorrow at 10 o'clock sharp.

Frederick Morse, THE CANDY MAN

That was opposite the St. Louis Hotel last summer!

Well!

He is now in the Lyceum Drug Store, opposite the Spalding hotel, with the most

DELICIOUS CANDIES

U ever C.

He has one of HUYLER'S men to make candy for him. U ought to go in and C. He will give you a taste of something New, Rich and Rare. U do not have to buy; just take a taste to try, and then you will know why we recommend it so high.

If you wish to make a present, Mr. Morse will make up the Best and Neatest Box of Candy in Duluth.

203 and 205 EAST SUPERIOR ST., TEMPLE OPERA.

J. WILKEY.

In Anticipation

Of a large business this SPRING, I ordered last November an immense stock of Woollens to arrive June 1. They will soon be here, and to make room for them I will cut prices in a way that will surprise all who contemplate having a Suit or pair of Pants made to order. Goods are all marked in plain figures, so you can see for yourself the amount you will save by leaving your order with

A. MUELLER,

A Mercantile Festival

FOR THE BENEFIT OF OUR PATRONS.

This Sale will last for a whole week. Every department will represent itself by offering something cheap,

ALL FOR YOUR BENEFIT**BARGAINS**

For Thursday, Friday and Saturday.

Patrons, Please Take Notice!

This is the first Clearance Sale we have had in our new quarters. We say it will be a world-beater with prices suitable for the times. For six years we have given our customers a Grand Benefit Sale for one week during the month of May, and during the sale week it was always nearly impossible for our patrons to get into our store.

THIS YEAR we have the room, and our facilities for handling a large crowd of people are unsurpassed by any other house in America.**WE GIVE NOTHING AWAY FREE THIS YEAR,**

But will give Thousands of dollars worth of goods away cheap.

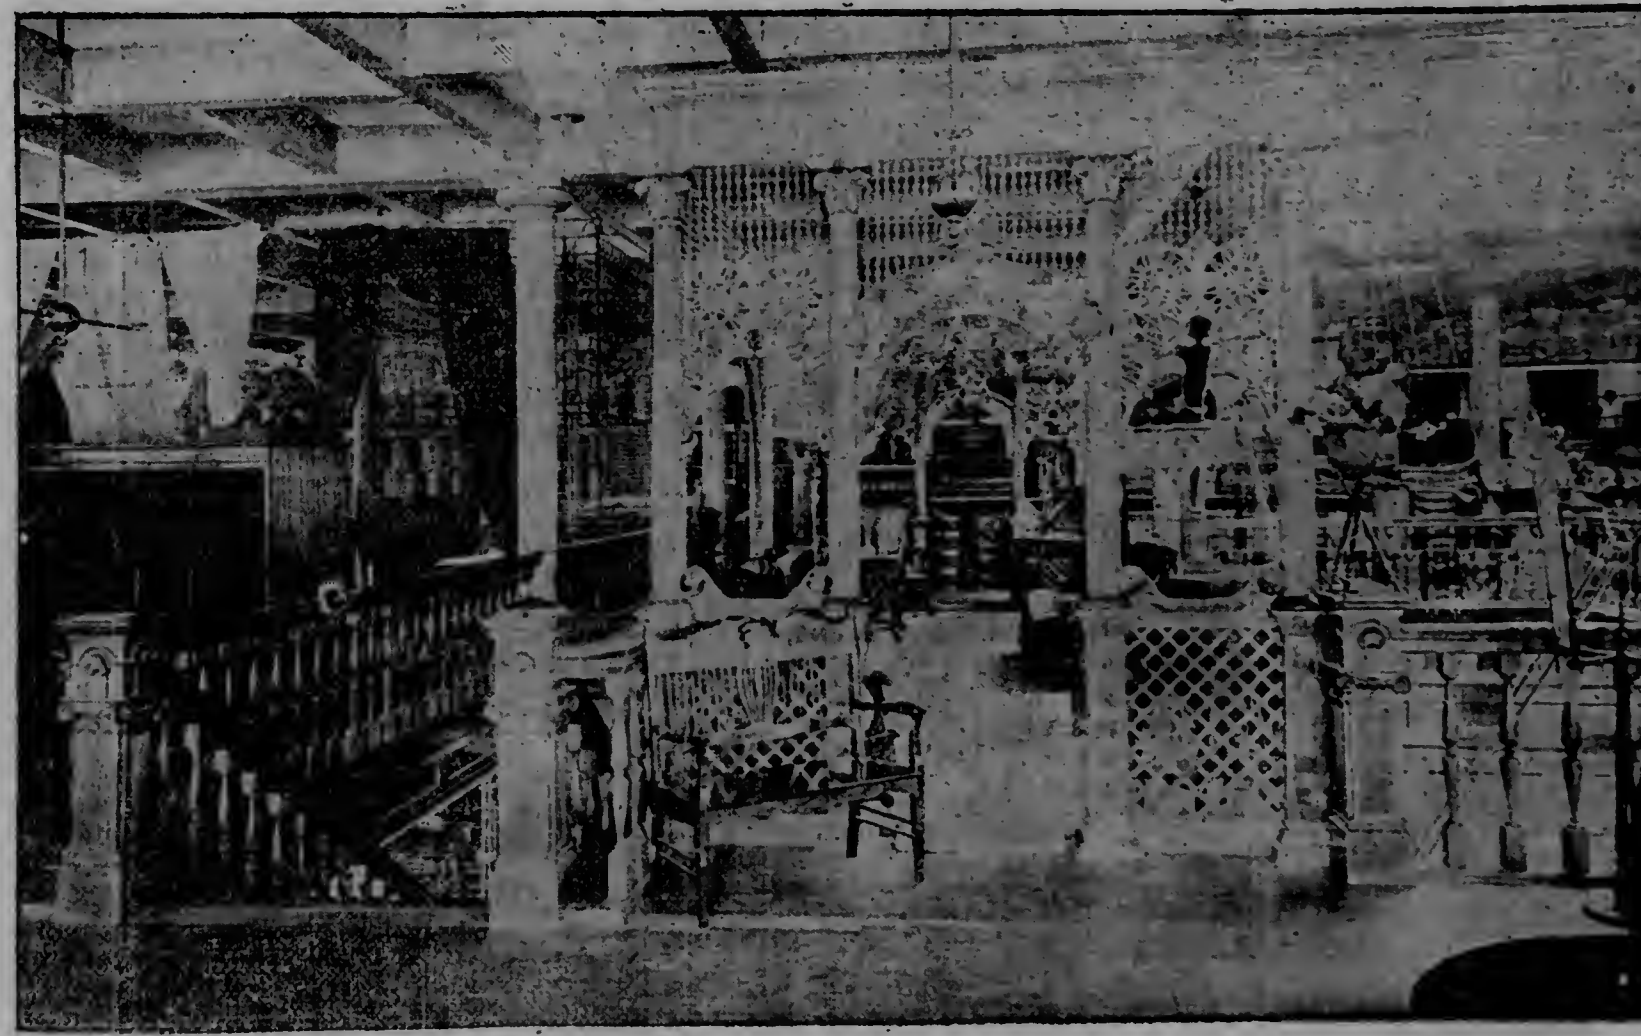

This sale will prove a great blessing to many a poor father and mother who counts their pennies with as much care as the millionaire would count his millions.

It Will be a Sale Suitable for All Classes!**We Predict That 8000 People Will Visit Our Store Daily for One Week!****The Bargains Will Attract Their Attention All Over This Country!****PLEASE NOTICE!**

We have divided the week into two parts, and will GIVE TWO SETS OF BARGAINS. One set for MONDAY, TUESDAY and WEDNESDAY. The other for THURSDAY, FRIDAY and SATURDAY.

THOUSANDS OF OTHER BARGAINS JUST AS BIG AS THESE WILL BE GIVEN AWAY DURING THE WEEK.

THE GLASS BLOCK As it Stands Today.

PANTON & WATSON.

BARGAINS FOR MONDAY, TUESDAY AND WEDNESDAY!

MAY 22nd, 23rd and 24th.

It is Like Finding the Goods When You Can Get Them at These Prices.

Silk Dep't.

We have just bought the entire stock of remnants and short ends of Silks and Crepe De Chins of one the largest silk houses in New York city. The entire stock will be placed on sale for the first three days as follows.

Lot 1.—25c per yard.

1714 yards of genuine Habutais; also some China silks. This is not the linen finished stuff that is being offered by small buyers at 50c; this is the quality they have the nerve to ask 75c per yard for. No limit, first come first served. All go at 25c per yard.

Lot 2.—50c per yard.

745 yards All Pure Silk Crepe De Chien, never sold for less than \$1.25 per yard. You may be obliged to take two lengths to make your dress as they run in lengths of 8 to 20 yards in a piece, but at 50c they are cheaper than you will have to pay for the half cotton goods sold elsewhere at 50c and 65c.

Lot 3.—AT COST.

Priestley's Silk Warp Henriettas.

Ranging in price from \$1 to \$3 per yard. We name the price at ACTUAL COST for three days.

When We Say COST We Mean COST.

Lot 4.—59c.

About 9 pieces of those changeable storm serges. We have sold a case of them at \$1.50. Sale price of what is left at 59c.

Lot 5.—10c per yard.

Who ever heard of a 36-inch half wool suiting. Nobody ever did. We will let out about 20 pieces at 10c for three days.

Wash Goods.

Lot 1--10c per yard.

Our Sateens and Pongees formerly sold for 18c. Sale price 10c.

Lot 2--15c.

The balance of our Japonettes, worth 25c. For 3 days 15c per yard.

Lot 3--19c per yard.

40 pieces Brocaded Sateens, formerly sold for 40c. Three days 19c per yard.

Lot 4--15c per yard.

45 pieces half wool Challies 25c goods, only 15c.

Carpet Dep't.

YOU'RE CLEANING HOUSE

And we want to replenish it for you and if we don't discount any price in the city we will give you your carpets and draperies FOR NOTHING.

BODY BRUSSELS CARPETS.

50 pieces Body Brussels, worth \$1.25 and \$1.35. We will make them, lay them, line them free and charge you

97c

Per yard for the goods

Chenille Portieres.

Did you EVER SEE ANY AT \$2.69 per pair? 200 pairs Chenille Portieres, worth \$4.00 per pair. They will go during this sale at

\$2.69

And we will give you a pair of Chenille Loops to match

For Nothing.

Cloak Dep't.

150 dozen Ladies' Shirt Waists, light or dark Percales and Calicos, pleated fronts. We have sold 50 dozen of them at 75c. For three days just half price,

37½c Each.

Traveling Cloaks

AND Newmarkets

Our entire stock divided into two lots as follows:

Lot 1--

\$5.75 Each.

There are just thirteen Garments in this lot and they are worth from \$8.75 to \$12.50, all go at \$5.75.

Lot 2--

\$10.50

There are nineteen garments in this lot and were formerly sold by us at \$21.50, \$19.50, \$17.50, \$16.50 and \$15.00, pick for \$10.50.

Linen Department!

TABLE DAMASKS!

Here is a Bargain! When We Say a Bargain, it is One

25 pieces fine double Satin Damasks, choice new patterns. The price we name for this sale is 89c per yard. For quality we have not seen its equal for less than \$1.25. These goods were never made for this price, and no doubt will go fast

At 89c Per Yard.

CREAM DAMASKS!

15 pieces Cream Damask, neat patterns, good quality, all pure linen. Goods in this lot were made to retail from 50 to 65c per yard. You can have plain or colored borders for the same price. At this sale 35c per yard. Don't miss the chance getting these Damasks at such low prices.

✻ PANTON & WATSON. ✻

THE BARGAINS ON THIS PAGE

ARE

POSITIVELY FOR THURSDAY, FRIDAY AND SATURDAY ONLY!

Read Them Carefully. Every Item a Bargain.

Silks Again.

During the first three days of this sale you have had a sample of our bargains in Silks, therefore it is unnecessary for us to explain any further regarding our remarkable slashing of prices.

SILKS.

Lot 1--
89c Per Yard.

This lot consists of nothing but fancy Plaids, sold by us for \$1.25, and by the high-priced houses for \$1.50. These goods will be obliged to limit, as we have but 462 yards, and we wish to give as many of our customers a bargain as possible. One Waist pattern to a customer at 89c per yard.

SATINS.

Lot 2--
39c Per Yard.

Everybody knows that knows anything in regard to style, that plain Satins are the correct thing for Trimmings. Amongst our great purchase of Silk Remnants, we find about 1000 yards of Satins, not two shades alike, every yard of them worth 75c. Remnant price and sale 39c per yard. Lengths 4 to 10 yards in a piece.

DRESS GOODS.

Lot 3--
89c Per Yard.

For three days we will sell our best quality of Arnold's 46-inch Henriettes, silk finish, never sold for less than \$1. Don't confound this with the goods shown by high-priced houses at 90c. Bring a sample and compare quality. The best goods only 89c.

CHALLIES.

Lot 4--
48c Per Yard.

35 pieces Wool Challies, comprising all our 65c goods, and a great many new styles just in. Jobbers ask 52½c and 55c for them at wholesale. We give bargains and name the price, 48c.

Flannel De'pt.

29 pieces White Shaker Flannel, sold all over at 10c. Our price during this sale

4½c Per Yard.

Limit 12 yards to a Customer.

BLANKETS.

125 pairs White Blankets, full size, sold everywhere at \$1.00. Sale price.

75c a Pair.

Wash Goods.

SATEENS.

Lot 1--
8c Per Yard.
500 yards Black Sateens, full 31 inches wide; sold everywhere for 12½c.
Sale Price 8c.

Ginghams.

Lot 2--
6c Per Yard.
1000 yards Dark Ginghams, 12½c goods. We make the price just half.
6 Per Yard.
20 yards to a customer.

Ginghams.

Lot 3--
4c Per Yard.
2450 yards Apron Check Ginghams. Thursday, Friday and Saturday's sale.
4c Per Yard

Cretonnes.

Lot 4--
10c Per Yard.
25 pieces 36-inch Cretonnes, worth 15c.
Sale Price 10c.

Bleached Muslin.

2 cases only, full 36-inch fine Bleached Muslin. Manufacturers price at the mill today is 6½c. Our price for this sale as long as it lasts,

Only 5c Per Yard.

Towels.

200 dozen fine All- linen Huck Towels, white or colored borders, size 22x42; regular 25c Towel. Price for this sale

15c Each.

An elegant line of Turkish Towels and Bath Sheets go on sale this week at reduced prices

Remnants.

Table Damask Remnants. All our Remnants of Damasks and White Goods will be closed out during this sale at about

HALF PRICE.

Glove Dep't.

100 dozen Ladies' Black Pure Silk Mitts, worth 25c. Sale price,

15c Per Pair.

Ladies' Cashmere Gloves.

50 dozen Ladies' Cashmere Gloves, we have sold 50 dozen of them this spring at 35c. Sale price,

21c Per Pair.

CARPET DEPT.

Tapestry Brussels, 77c.

38 pieces of the very best quality Tapestry Brussels Carpet, for Thursday, Friday and Saturday, 77c. We make, lay and line them gratis.

LACE CURTAINS.

200 pairs Lace Curtains, regular value \$3.00; for this sale, \$1.23 per pair. Elegant Curtain loops with each pair.

CLOAK DEPT.

Wrappers, 89c Each; Think of It!

250 Ladies' Calico Wrappers, worth \$1.25 and \$1.50 each; all go at 89c each.

Gents' Furnishings.

69c Each.

15 dozen Gents' Black Sateen Shirts, warranted fast black; regular \$1.00 goods, go at 69c.

Men's Hose, 5c Per Pair.

100 dozen Men's Seamless Half Hose; 10c goods, go at half price, five pairs for 25c.

Cheviot Shirts, 35c Each.

10 dozen Gents' Cheviot Shirts at 35c each, worth double.

WRITING PAPER.

400 pounds Writing Paper Commercial Note White Wove, ruled; cheap at 10c a quire. Price for this sale 3c a quire. 24 sheets of fine writing paper for only 3c.

LEAD PENCILS.

Fifty gross Pencils with Rubber Tops, worth 15c a dozen. Take them while they last at five cents per dozen. 12 Pencils with Rubber Tops for five cents.

Millinery De'pt.

100 new, nobby Trimmed Hats in Lace, Braid or Straws, not two alike in shape or style; formerly \$6.25, \$5.95, \$5.75, \$5.25. All go at

\$3.95 Each.

Ladies' Vests.

1 case Ladies' Ribbed Vests, 25c goods for

15c Each.

Muslin Underwear.

We have 25 dozen Ladies' Night Gowns, all assorted kinds, some of them are somewhat soiled. For this sale

99c Each.

THEY WILL GO QUICK.

Shoe Dep't.

Ladies' Bright Dongola Kid Shoes, in opera toes and common sense; they are a \$5.00 Shoe, but we want to reduce our shoe stock. Hence the price,

\$2.75 Per Pair.

Misses' Shoes.

IN KID OR STRAIGHT GOAT. 200 pairs of our \$1.75 Shoes will be let out during this sale for

\$1.19 Per Pair.

Lace Dep't.

Chiffon Ruffings, All Colors, All Kinds. formerly sold for \$1.50, \$1.75, \$1.90 and \$2.25. All go at

99c Per Yard.

Leather Goods Dep't.

50 dozen Ladies' Shopping Bags in seal and embossed leather, in black only; cheap at 50c. During this sale they go at half price,

25c Each.

Hand Bags.

25 dozen Ladies' Hand Bags, made of celluloid, covered with silk moire, bound with silk cord, serge top with strings and leather handles; a bag worth \$1.50. Go on sale at

98c Each.

BELTS.

10 gross Leather Belts in black and tans, with buckles on either side, lace front and back; cheap at 35c. The price is only

19c Each.

Pocket Books.

5 gross Leather Pocket Books, nickel frame with button fastener, five separate compartments; cheap at 35c. Sale price

19c Each.

Toilet Soap.

15 gross pure Mottled Castile Soap, worth 50c per dozen. Price made for this sale,

20c Per Dozen, or 2c Per Cake.

Patent Medicine.

432 bottles Paine's Celery Compound. You all know what it sells for. During this sale it goes here for

69c a Bottle.

10c Each.

The Above Bargains Are Positively For
THURSDAY, FRIDAY and SATURDAY ONLY.
PANTON & WATSON.

RIGHT TO THE FRONT

West End Not at the Rear in the Procession and is Pushing Ahead Rapidly.

The Opening of Navigation Has Caused a Remarkable Increase in the Mercantile Business.

Every Indication Points to a Magnificent Season in Every Way and Everybody is Happy.

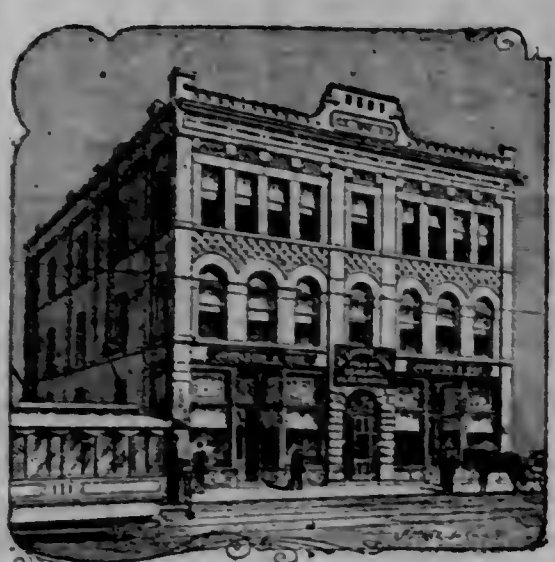

If there is any individual who does not believe that the West End is coming to the front, his foresight must certainly be at fault. No one can look with a calm reasoning eye over that portion of the city now and note its progress and the wonderful development, which is almost beyond parallel and not realize that there is indeed a mighty future before this portion of Duluth. West Enders realize it, too, and know their own worth. Anyone who attempts to buy their property generally finds this out, for there is not a section in the city where prices are held any firmer or stiffer. The depression in the money market has had no effect on West End real estate and has not retarded improvements in the least. Large and handsome store buildings are going up along West Superior street and dwellings are springing up in every direction.

The new school house which is to be built at West Park will prove to be quite an ornament for the West End. Work is to be commenced on it at once and it will be ready for occupancy within a few months. The building of the school will give employment to a large laboring force during the summer. It is to contain twenty rooms. This goes to show that the board of education is composed of far sighted men who fully appreciate the fact that the West End is to have a great growth this year.

The opening of navigation has lived things up wonderfully. Large crowds of men who were hanging around waiting for the docks to open up are now at work. This has naturally caused a great increase in the mercantile trade and has given everybody new enthusiasm and energy.

Work on the Missabe road ore docks and the approach running up over the hill is being vigorously pushed. West Enders anxiously await the day when the first car load of ore will be brought down to this dock, for it means much to them. The opening of these ore docks will give to the West Enders new confidence and hope and unparalleled stride will be taken in the march to commercial supremacy.

ON THE TURKISH BATH

It Combats Many Evils and Deserves to Be Known, Understood and Tested in America.

The Idea of Less Weight and Care and Injury From Clothing Commended to Thinkers.

Some of the Firms Who Have Contributed to the Exhibit By Minnesota's Household Economics.

In my wanderings through the domain where the Turkmen (why not, as well Turkeyman as Jerseymen?) bathes, quotation marks get lost, if I do not. In last week's copy, the paragraph on the "custom of the ignorant" is not Mr. Urquhart's, but mine. I wanted to call the attention of parents of today, not of 1857, to the comparison between their children and Mr. Urquhart's, in point of beauty, health and buoyancy. As Mr. Urquhart puts it, "Men have the most perverted ideas of his own nature and at last feels justified in the shame he has for the noble form in which God created him." Last week's paper was a part battle against too much clothing. The reader of these papers is asked to be the thinker too. After reading and digesting in the thought mill, one becomes ready for judgment; judgment may lead to adoption or rejection of the help offered. Man, of this planet, is both too credulous and too incredulous. We cherish the gaudy weeds and trample the herbs; pass by the refined and the blessing growths, because we refuse to notice or to think. Thinking takes time and trouble, say some. But oh! its delights say others. The thinkers of the world keep it rolling and us from falling off, as sleepy ones would do into what? and smash.

Minnesota's household economics takes a great and worthy pride in having slipped into place—after a long slippiness in its pathway and single-handedness and single-mindedness in evading the overhanging fate of being jostled entirely off such precarious footing—into a place among such dignified thinkers as sanitation, ethnology, characters and reforms, etc. Once introduced to such dignities, it became its aim, to think up to their standard, or at least, to make a skilful semblance of having grasped their foundation, and show a determining to hang on until its thoughts could scramble up to theirs. Put once standing with long, deep breaths of satisfaction at such a worthy place in such a good company, where mind will sharpen mind and eye will kindle eye, no flagging or any power will be allowed, or the newly entered man find itself falling into an estate, of which "the latter end of that man shall be worse than the former." So, "Come, let's reason together,"

as in the venerated Biblical invitation, "and though your (unknowledge) may be as a shadow (deeply dyed) it shall become white (our highest ideal of perfection) as wool."

The Turkish bath would never have been so long discussed by me, had not I found it open up unimagined, until searching acquaintance dragged them to light, heights and depths of thought and benefit. One thought, which I have myself long tested, satisfactorily, was that of too much clothing. Years ago, in complaining to a physician of tenderness of the feet, on the inside of the lower limbs, between the ankle and knee, he gave me a thought which I have often revolved since, and allowed it to direct me. He was a man of high estate, and when his keen Scotch eye looked me through and through—there is always a sort of trembling delight with me in meeting such eyes—delight in the power of knowledge, skill and righteousness, though I may quail at having my shortcomings probed—when I met his searching yet not rude glance, I said to myself, "You are the right man. You will do where others have only shuffled," and he did not mortify my conceit in my judgment, for he did in six weeks what others had been trying to do for many years. His thought that I revolved, was incidentally given. "If you wore no more clothing on your body than you do on your face you would not be so sensitive." I had been quite a prude, for now being antique, many years, even then, stretched behind me. It is a new fashion to be antique, and so one can claim it with pride. I had the same disgust then that I yet have for the partly unclothed form and to have it suggested by the eyes of a man, who is as clean as the pasha. The bath is of as great value to society as to the individual. What a difference it makes in domestic comfort to be certain that every person around you, and everything you touch and eat, are absolutely clean!

It is proper that Minnesota's household economics should present for its exhibit a bathroom on the true Turkish plan, because, as representing mothers and mistresses of homes what more crying need have we than aid in household service, and in the moral strength of our children, aids in the health of our homes. If our kitchen helps were thoroughly clean, would they not be that same ambition and self-respect that came with the Sunday clothes. Clean, ambitious, self-respecting, they would soon become our companions, equals, perhaps superiors. The world shows what regeneration, from hovel to throne follows these attributes, or the loss of which follows from throne back to hovel. The objectionable "menial" service would be dispensed, and to the sheltering homes, these we need would come. No difficulty then, if mistress be clean, self-respecting (which argues respect for self of others) and ambitious—no difficulty to procure the kitchen help our homes need. Housekeepers, let us co-operate on the Turkish bath in every home and have health, purity, happiness, relief from domestic burdens, and "absolutely clean" every person and "thing that you see, touch, eat."

Rather against the judgment of my superior officers, sanitation, I left my diagrams, written instructions and verbal

charges with both my carpenter and my

substitute (a friend of Chicago) some

two weeks ago, and came back to put

the state in trotting harness to gaily

enter the World's fair. It was a matter

of some uncertainty, not gaily, with me,

I had met so many difficulties, and were

more ahead. First, when the chair-

manship devolved on me, even while con-

gratulations on the high standard of the

work were offered, came continually: "It

is the hardest chairmanship of all," and

"You can find nothing to exhibit, you

need not try." But what was the chair-

manship for but to connect Minnesota

with the rest of the world, at the ex-

position by an exhibit? Not being a county

fair, the usual household forms of breads,

pickles, preserves, etc., would not do, for

better nature-endowed states could excel

in those products and their preparation.

The next cry was: "You cannot

get space." Space slowly took form and

substance. Then the fear was: "There

is no money for you." But I had

conceived the idea of lessening

the state's burdens and arousing the

individuals of the state to lend

help and thus exhibit themselves, as they

could not do otherwise. Besides, after

Dr. Brewer had, with incense what would

one of the difficulties of our domestic

servitude. It is not, perhaps, proper to

call it "one of the difficulties," as it really

is the foundation stone of all. You will

understand it in this quotation: "Our

intercourse with the lower orders is

brought off by there being no settled oc-

casions on which we are in contact with

them, and by the want of cleanliness in

their persons. Here (in Turkey), both

classes are constantly brought into the

presence of each other. Contempt and

dislike are removed on one side, de-

gradation and irritation on the other; they

know one another. The bearing of the

peasant is as courtly as that of the pasha,

and is as clean as the pasha. The bath

is of as great value to society as to the

individual. What a difference it makes

in domestic comfort to be certain that

every person around you, and every-

thing you touch and eat, are absolutely

clean!

It is proper that Minnesota's household

economics should present for its exhibit

a bathroom on the true Turkish plan, be-

cause, as representing mothers and mis-

tresses of homes what more crying need

have we than aid in household service,

and in the moral strength of our chil-

dren, aids in the health of our homes. If

our kitchen helps were thoroughly clean,

would they not be that same ambition

and self-respect that came with the Sun-

day clothes. Clean, ambitious, self-re-

specting, they would soon become our

companions, equals, perhaps superiors.

The world shows what regeneration,

from hovel to throne follows these attri-

butes, or the loss of which follows from

throne back to hovel. The objectionable

"menial" service would be dispensed,

and to the sheltering homes, these we

need would come. No difficulty then, if

mistress be clean, self-respecting (which

argues respect for self of others) and am-

bitious—no difficulty to procure the

kitchen help our homes need. House-

keepers, let us co-operate on the Turkish

bath in every home and have health,

purity, happiness, relief from domestic

burdens, and "absolutely clean" every

person and "thing that you see, touch,

eat."

Rather against the judgment of my

superior officers, sanitation, I left my

The jobbers' union, after months of persistent work, has succeeded in securing an additional train to the West over the Northern Pacific road. The union has been advised that this train will be put on on May 28.

TO BUILD A PAVILION.

The Bay View Land Company Considering the Erection of Such an Institution at West Duluth.

At Any Rate, Concerts Will be Given Every Sunday Afternoon, Commencing Next Week.

National Investment Company Organized and Will Build a Hotel—Charles Clement is Recovering.

West Duluth has its incline railway and the prospects now are that the enterprising suburb will also have in the charms of a pavilion. At least the Bay View Land Company is seriously considering the matter of erecting such a building upon its property on the heights. The company feels that it is about time that the young people of the place were induced to have their outing at home instead of making a general stampede to Duluth every Sunday afternoon. Bay View presents a fine scenery and romantic grounds as anyone could wish for and only needs proper development to make it one of the most charming resorts at the head of the lakes.

Whether the proposed pavilion will be built or not the company will at least endeavor to attract visitors to the spot by beautifying the parks and furnishing open air music for the delectation of its guests. A contract has already been entered into with the Marine band of Duluth and the West Duluth band whereby the two organizations will combine to supply a series of concerts commencing next Sunday afternoon at the amusement and convenience of those who desire to accept the company's hospitality.

The attempt will be made to extend the grading of the boulevard this summer which will furnish an excellent drive from Duluth and attract visitors to the heights from the eastern portion of the city.

Oneta Building Notes.

The foundation for Alfred Merritt's fine residence on Collingwood avenue between Grand and Norton avenues has been laid and work on the superstructure will be prosecuted as rapidly as possible. Work has also commenced on the new \$10,000 Methodist church which is being erected on the site of the old building. The Misses have also planned to erect several passenger stations on Oneta and West Duluth for a short time service. One will be built at the head of Central avenue and one at the head of Collingwood avenue.

The Hotel Company.

The National Investment company, organized to build the new hotel on the corner of Fourth street north and First avenue east, held a meeting in the office of Charles F. Lamb this morning and elected the following officers: B. C. Deni, president; L. A. Barnes, secretary; C. W. Hoyt, treasurer; and Charles F. Lamb, attorney. The following are the board of directors: H. P. Smith, B. C. Deni, Chas. Lamb, L. A. Barnes and C. W. Hoyt. Work has already commenced on the building and now that complete organization has been effected the project will be carried forward as rapidly as possible.

How it Happened.

Charles Clement returned from the hospital yesterday greatly improved and was for the first time able to remember how he received his injuries. As already conjectured by his friends he was returning from West Superior and jumped from the rear platform of the South Shore train. That is the last that he remembers. He will return to his old home with his parents and remain there until he regains his strength.

An Immense Pump.

The Prescott Pump company completed and tested on Saturday the pump that has been built for the Chandler Iron company of Ely. The pump is on the duplex compound pattern. The high pressure steam cylinder is 10 inches and the low pressure 30 inches in diameter. The diameter of the water end is 27 inches and the stroke 24. The developed that the pump will raise 1,000,000 gallons per day from a depth of 700 feet, and was very satisfactory as to pressure and speed.

West Duluth Briefs.

The land company is fertilizing and seeding to grass the large tract of land north of Fourth street north. The West Duluth ball team, which was organized a short time ago, has received an offer from the Pickets of the West End to play practice games one evening each week through the summer. The propeller Nevada left the Mitchell & McClellan dock on Saturday evening with 80,000 feet of lumber consigned to parties in Bay City.

R. W. Marx has returned from a business trip on the Mesaba range. Hon. E. E. Farnam, of Waraw, N. Y., for eight years United States minister to Egypt, was in the city yesterday. Build your house to suit yourself. We have a lot on Third avenue in Fifth district for sale cheap on building contract. No further payment on lot for three years. Williamson & McCormick, 323 1/2 Central avenue, West Duluth.

Must be Sold. Cheapest lot in Duluth. Lot 3, block 35. \$1400, \$600 cash.

W. H. BRITTS,

505 Palladio.

Adulterated Wine.

Is injurious, but nothing gives strength like a pure old port wine. "Royal Ruby Port," so called for its royal and ruby color, is particularly adapted for invalids, convalescents and the aged. Sold only in quart bottles for \$1, while cheap wine is sold by the gallon and gives a larger profit to the seller, but less to the user. This wine is absolutely pure and has the age without which no wine is fit to use. Deane & Co., 1000 Broadway, N. Y. Tel. 1000. Sold by S. F. Boyce, druggist.

GROFF'S

Flavoring Extracts

absolutely pure.

WHEAT DULL BUT FIRM.

In the Absence of Foreign Advances, Business Was Slow.

This morning being Whit Monday and a regular holiday in England no cable reports were received today, and in the absence of all foreign advances all the markets of this country were dull, steady and inactive. The Duluth market opened firm at 1/2c above Saturday's closing price. There was a fair demand for shippers. Flour is quoted today at 2 1/2c and the demand is good. The exports today from the four ports were 311,300 bushels, and the total exports for last week were 1,340,000 bushels. The market ruled very dull in the afternoon, but it was firm and the close was unchanged all around from Saturday, except for cash and May wheat, which were 1/2c higher. Following were the closing prices:

No. 1 hard, cash, 70 1/2c; May, 70 1/2c; July, 71c; No. 2 hard, cash, 69 1/2c; May, 69 1/2c; July, 70c; No. 3 hard, cash, 68 1/2c; May, 68 1/2c; July, 69c; No. 4 hard, cash, 67 1/2c; May, 67 1/2c; July, 68c; No. 5 hard, cash, 66 1/2c; May, 66 1/2c; July, 67c; No. 6 hard, cash, 65 1/2c; May, 65 1/2c; July, 66c; No. 7 hard, cash, 64 1/2c; May, 64 1/2c; July, 65c; No. 8 hard, cash, 63 1/2c; May, 63 1/2c; July, 64c; No. 9 hard, cash, 62 1/2c; May, 62 1/2c; July, 63c; No. 10 hard, cash, 61 1/2c; May, 61 1/2c; July, 62c; No. 11 hard, cash, 60 1/2c; May, 60 1/2c; July, 61c; No. 12 hard, cash, 59 1/2c; May, 59 1/2c; July, 60c; No. 13 hard, cash, 58 1/2c; May, 58 1/2c; July, 59c; No. 14 hard, cash, 57 1/2c; May, 57 1/2c; July, 58c; No. 15 hard, cash, 56 1/2c; May, 56 1/2c; July, 57c; No. 16 hard, cash, 55 1/2c; May, 55 1/2c; July, 56c; No. 17 hard, cash, 54 1/2c; May, 54 1/2c; July, 55c; No. 18 hard, cash, 53 1/2c; May, 53 1/2c; July, 54c; No. 19 hard, cash, 52 1/2c; May, 52 1/2c; July, 53c; No. 20 hard, cash, 51 1/2c; May, 51 1/2c; July, 52c; No. 21 hard, cash, 50 1/2c; May, 50 1/2c; July, 51c; No. 22 hard, cash, 49 1/2c; May, 49 1/2c; July, 50c; No. 23 hard, cash, 48 1/2c; May, 48 1/2c; July, 49c; No. 24 hard, cash, 47 1/2c; May, 47 1/2c; July, 48c; No. 25 hard, cash, 46 1/2c; May, 46 1/2c; July, 47c; No. 26 hard, cash, 45 1/2c; May, 45 1/2c; July, 46c; No. 27 hard, cash, 44 1/2c; May, 44 1/2c; July, 45c; No. 28 hard, cash, 43 1/2c; May, 43 1/2c; July, 44c; No. 29 hard, cash, 42 1/2c; May, 42 1/2c; July, 43c; No. 30 hard, cash, 41 1/2c; May, 41 1/2c; July, 42c; No. 31 hard, cash, 40 1/2c; May, 40 1/2c; July, 41c; No. 32 hard, cash, 39 1/2c; May, 39 1/2c; July, 40c; No. 33 hard, cash, 38 1/2c; May, 38 1/2c; July, 39c; No. 34 hard, cash, 37 1/2c; May, 37 1/2c; July, 38c; No. 35 hard, cash, 36 1/2c; May, 36 1/2c; July, 37c; No. 36 hard, cash, 35 1/2c; May, 35 1/2c; LARGEST CIRCULATION IN DULUTH.
Entered at the postoffice at Duluth, Minn., as second-class mail matter.

The Weather.
U. S. WEATHER BUREAU, DULUTH, MINN.
May 22.—A storm of great energy is now over the central and western states with the center of low pressure in the form of a trough from Kansas northwest to Michigan. Rain is falling all over the area embraced by it, and has been heavy during the night, with the great contrast in temperature between the north and south.

At Duluth, the temperature has fallen over the North-west, and has risen slightly over the center of the valley. Frosts are reported from Montana. While the wind is a gentle breeze, high over the sections covered by the storm, they will probably increase somewhat today. The highest velocity reported this morning is 22 miles per hour at Chicago.

An area of medium high barometer covers the Western mountain slope and will follow the storm as it moves westward. The highest temperature here yesterday was 70, the lowest 54. The rain all night up to 7 o'clock, this morning amounted to .46 inch. Cautionary southeast signals are displayed at Lakes Superior and Michigan and on Green bay.

DULUTH, May 22.—Rain, followed by clearing tonight, cooler, northeast to northeast gales. Rain to rain, slowly rising temperature.
B. H. BRONSON,
Local Forecaster Official.

Wednesday, May 23.—Forecast till 8 p. m. tomorrow: Fair, with occasional showers. These during morning, fair in afternoon, calm, light cooling, northwest, cooler, in south Tuesday morning. For Minnesota: Fair Tuesday; slowly rising temperature, north gales.

The Missabe Proposition.
The Vermilion Iron Journal, published at Tower, announces that it is opposed to bonding the county for a \$250,000 bonus to the Duluth, Missabe & Northern road, because "Tower has nothing to win in voting the aid, while Duluth, Merritt, Biwabik, McKinley, Virginia and Mountain Iron have already received such benefits as make it almost imperative for them to acknowledge their gratitude." The Journal adds: "It is stated by supporters of the measure that this \$250,000 bonus is largely to reimburse the railroad company for the tremendous expense of securing terminal facilities in Duluth. As all this is estimable value to Duluth, why don't Duluth, as a city, do the greatest by herself voting the aid? The protest of northern St. Louis county, which receives no benefit from the building of the Missabe & Northern railroad will probably avail little, but the injustice of our bearing the burden is nevertheless apparent. We are simply the tail of the dog, and are being made to wag unmercifully."

The Herald is astonished at the Journal's attitude on this matter. It was not unprepared to hear that some people in Tower and Soudan, where rival railroads and mining interests are chiefly centered would vote against aiding the Missabe road, but it did not expect that the Iron Journal, which in recent years has not worn the collar of the Minnesota Iron company and has usually discussed all county matters in a broad-minded manner, would take such a narrow, illiberal and incorrect view of this important question.

The statement that northern St. Louis county receives no benefit from the building of the Missabe road is manifestly incorrect. There is not any one section of St. Louis county that is not benefited by this railroad. Development in one part of the county must benefit the other parts. If the Journal's position were correct, Duluth might properly protest against the county commissioners using the county funds, largely contributed by this city, to build and repair roads on the Vermilion range or in other sections of the county. The administration of justice in Tower and surrounding territory costs the county large amounts annually, much more than the taxes paid in that section, but the rest of the county does not protest and claim that they receive no benefit and should not bear this burden. Yet such a claim would be as well founded as the Journal's complaint that Tower and Soudan are not benefited by the Missabe road.

For several years the Iron Journal has been pointing out the advantages possessed by the Rainy river country for settlement. It has been claimed that the development of that district would benefit Tower to a large extent, which is true. It cannot be developed, however, without railroad communication being furnished. It is the intention to construct the Missabe road directly into the heart of the Rainy river country, and this must be certainly followed by a large influx of settlers. Thus Tower will be directly benefited by the road, while the indirect benefits it will secure are manifold.

The attitude of the Journal, which claims to express the feeling of Tower, shows the necessity of earnest work by the friends of the Missabe road in other parts of the county. The greatest danger that befalls the proposition at present is apathy. While the feeling in Duluth is practically unanimous in favor of voting the bonds, there is danger that confidence in the proposition being carried by a big majority will cause many to stay away from the polls, and thus the enemies of the road may triumph. The Herald would therefore urge every friend of the road to go to the polls and vote for the proposition. But in order to vote every one

must be registered. Tomorrow is the last day to register. Do not fail to register, and see that all your friends are registered.

The Fakirs' Harvest Time.
Tens of thousands of men and women, we are told by a Chicago dispatch, wandered aimlessly up and down the thoroughfares outside the World's fair grounds yesterday, peering wistfully through the closed gates of the White City and murmuring regrets at their inability to gain admittance. It is said that it was an orderly crowd, and there is no reason to believe that it would not have been equally orderly if admitted to the fair grounds and permitted to wander through the beautiful buildings and gaze upon the exhibits gathered from all parts of the world. Yet by a rule adopted many months ago at the instance of a minority of the people who do not want to attend the fair on Sunday and would therefore debar all others from that privilege, the tens of thousands were shut out.

What was the result? Listen to the remainder of the dispatch: "The fakirs flourished as never before. The crowd had money, and not being able to spend it in the exposition they turned to the cheap amusements in the vicinity. Hundreds of shouters yelled themselves hoarse and rendered the day hideous in their efforts to secure their share of the golden harvest. As night drew near the rush for home began, and for two hours every means of transportation was tested to its fullest capacity."

Yet we are told that the gates must be closed in order that the world may behold the American Sabbath!

With what feelings must the representatives of foreign nations have witnessed yesterday's specimen of the American Sabbath? What must have been their comments thereon? And what rank hypocrites they must think we are!

It was hoped that yesterday the gates would be open, but the spinal column of the local directory was too weak to use their authority. They had not the courage to open the gates and defy the national commission, which really has no authority whatever to say whether the fair shall be opened or closed on Sundays. The vast majority of the people of this country would have applauded such a move. The talk of those who hysterically call on the president to call out the federal troops, if necessary, and close the gates on Sundays, is pure balderdash. This is a free country, and Illinois is a sovereign state possessing rights that cannot be abridged or trampled on. The city of Chicago exercises jurisdiction over Jackson Park, and the federal government has none, so far as the questions involved in Sunday opening are concerned. The federal troops cannot be employed by the president or anyone else to close the gates of Jackson Park. Equally lawless would be the action proposed by a labor speaker in Chicago yesterday, who urged that the workmen march to the grounds and tear down the fence, if the gates be closed on Sunday. One can, however, well understand the indignation of these men who have contributed to the extent of their means to set the fair in running order, and now find themselves barred out on the only day in the week upon which they are at liberty to attend.

Senator Washburn has denied the statement imputed to him that this country would have four years of stagnation because of the return of the Democrats to power. He says he has never given utterance to any such thought and believes it the duty of every citizen to express himself in his public utterance that his language will have a tendency to strengthen public confidence rather than destroy. This is good advice and it might be followed with advantage by others.

The boom for Indian corn goes on with delightful persistence, and the national flower made most popular by Edna Dean Proctor is the subject of a little book with essays and poems all about maize, "Columbia's Emblem." Among them are lines from Sidney Lanier's poem, praising corn:

"Into the vigorous substance thou hast wrought
Whence the head of circumstance hath
brought."

Rev. T. DeVitt Talmage is happy again. He said he would leave the Brooklyn tabernacle unless its floating debt, amounting to \$100,000, was raised before yesterday. When he stepped into the pulpit yesterday he announced that the debt was provided for and Brooklyn will retain her stellar pulpit attraction.

The suit to overthrow the whisky trust appears to have scared some of its members. Several large distilleries have withdrawn, and the trust may soon come to an end without any further proceedings in the courts.

The mere list of the names of American missionaries, of all denominations and both sexes, now resident in China and exposed to retaliation by a half-civilized populace, fills a solid column in small type in the newspaper.

The extortion which prevailed in Jackson Park in the early days of the fair is now a thing of the past.

The Boston Transcript is gratified to note from the advertisements of numer-

ous summer resorts that the supply of fresh air and pure water has not suffered perceptible diminution on account of the McKinley bill.

The trade of this country with China is worth \$25,000,000 annually. The probability is that, by the enforcement of the Geary exclusion law, we will lose this trade.

Mark this prediction: This will be the greatest building year in Duluth's history. The work already begun and projected warrants this prediction.

The Irish home rule meeting Saturday night was a grand success. Duluth contains a multitude of sympathizers with the home rule cause.

It is said that "a hot May makes a fat churchyard." If this be true, the mortality record of Duluth ought to be extremely low this year.

Justice demands that the Missabe proposition shall be carried. Therefore register and vote.

Where is that promised report on the work done by the chamber of commerce last year?

Gentlemen of the council, the citizens want a municipal garbage system.

Register tomorrow. It will be the last chance.

THOMAS F. PENDEL.

Thomas F. Pendel, usher at the White House, has marked the 3d of Nov., 1864, as the red letter day of his life. He was then serving on the Metropolitan police force and was detailed, with three of his comrades, for special duty at the execution of Lincoln. In the evening, President Lincoln came to the vestibule and asked, "Which of you men wants to go with me to the war department?"

"I would like to go, Mr. President," said Thomas Pendel, and he went, and thereafter made many such excursions in the same distinguished company, chatting en route, as with an old friend. He cherishes most tenderly the paper signed by President Lincoln, which regularly appointed him, December 31, 1864, still at the door when they came with Mr. Pendel is nearing seventy years of age. His love for Abraham Lincoln has been the joy of his life and is the comfort of his old age. "My hand it was that held his last when he left the White House on that fatal 14th of April. I went to the carriage with him, and he said to me, 'Good night, Pendel.' I was still at the door when they came with me, and I ran up stairs at once and told Captain Robert, his son."

Then he tells how little "Tad," the president's youngest son, came running to him, and throwing his arms around him, cried, "Tom Pendel, they have killed papa," which was his pet name for father. He took him in his arms, carried him to his room, and undressing him placed him in bed, and remained by his side until he fell asleep from the exhaustion of weeping. Many more sad stories does he tell of those grievous times, and then he shows his souvenirs—a photograph of a bearded youth, which is inscribed "To Thomas F. Pendel, with kind regards of Robert T. Lincoln," a photograph of Abraham Lincoln and "Tad," also one of Mrs. Lincoln, a letter to "His Excellency, Andrew Johnson, president," which says:—"You confer a personal favor upon me by retaining as principal doorkeeper Thomas F. Pendel. He has been a sober, honest, faithful and obliging servant."

A letter of similar import from Robert T. Lincoln is also among his treasures, and a bit of the coat which was worn by the president when he was shot. These relics are as dear to him as a babe to its mother, and the pathos of his story is enhanced by the tenderness with which he handles them.

After a night with the boys

A BAD TORNADO

Louisville Was Visited Early This Morning by a Terrific Storm That Did Considerable Damage.

An Immense Roundhouse of the Louisville & Nashville Road Was Struck and Was Badly Demolished.

The Employees Rushed for Cinder Piles and Crouching in the Excavations, Miraculously Escaped Death.

Roofs and Walls of Various Buildings Blown Down, But No One Was Seriously Injured.

LOUISVILLE, Ky., May 23.—This city was visited by a tornado at 4 o'clock this morning. Many buildings and residences were wrecked, roofs torn off and chimneys demolished. A number of people had narrow escapes from death by falling walls and flying roofs, but outside of a few bruises and broken limbs no one was seriously injured. The tornado came from the west and was evidently of a local character, as no damage has been reported from points outside of the city.

The heaviest sufferer from the storm is the Louisville & Nashville Railroad company. The wind struck their immense round house in the western portion of the city, and in an instant the heavy walls fell and the roof crashed in, burying the men at work on the engines beneath a mass of brick and iron girders. Heavy locomotives were blown from the rails and overturned. When the employees found the walls falling they rushed for the cinder piles and crouching in the excavations miraculously escaped death. Among the buildings damaged are Dr. Sower's two-story brick building at 632 Clay street. The roof was torn off and carried across the street by the wind. It crashed into the brick cottage of William Johnson at 637 Clay street. The front wall of the cottage was knocked out and the cottage wrecked. At No. 639 Clay street the roof and south wall of the residence of John Krizies were blown down. At No. 710 Hancock street a brick cottage was leveled to the ground. It was occupied by several colored families. Many of the occupants were badly bruised. At No. 514 Campbell street the house of W. A. Crosby was badly damaged. At No. 641 East Green street the house of J. Hoffer was almost totally demolished.

At Sixth and Chestnut streets Frick's drug store was badly wrecked. It was lifted off and chimneys blown down. Cudahy's meat market at Sixth and Broadway was also badly damaged. The immense plate glass windows were smashed and the interior of the market wrecked. About thirty buildings throughout the city sustained similar damage.

The path the tornado took was from Hancock and Walnut streets to Marshall street, thence to Clay, through Clay to Jefferson, over Jefferson to Market, up Market to Campbell and then to Green street again. No reports have yet been received from points outside the city. Twenty-five houses in the eastern part of the city were blown down this morning by the storm. No loss of life. Loss between \$25,000 and \$30,000.

CYCLONE AT CLEVELAND.

Several Buildings Wrecked, Three Men Killed and Others Injured.

CLEVELAND, May 23.—A cyclone, accompanied by the biggest rain storm on record, struck Cleveland this morning. Trees, signs and wires were prostrated. The big building at Dean and Superior streets went to wreck, one man being badly hurt. One man was killed and several badly injured by another wreck. Two men were killed and others seriously hurt in the southern part of the city.

VISITED BY A CYCLONE.

Residences and Barns in a Wisconsin Town Demolished.

DONDEVILLE, Wis., May 23.—The township of Moscow, about fifteen miles east of this city, was visited by a cyclone last evening, demolishing a number of residences and barns. One man has been killed, although when the strip traversed by the storm is fully heard from it is thought that other deaths will be reported. The Howe truss bridge of the Illinois Central crossing the Pecatonica river was blown down.

A HOUSE BLOWN DOWN.

All the Members of a Family Were Injured.

DENTER, Minn., May 23.—In a wind storm yesterday the residence of O. A. Hearstead, three miles north of here, was blown down and completely wrecked and all the members of the family injured, Mrs. Hearstead seriously. Mr. Grubbe's barn was struck by lightning and five horses, together with other stock, consumed. The path of the storm is strewn with wrecked barns and but few windmills are left standing.

Damage Done at Detroit.

DETROIT, Mich., May 23.—A heavy gale, amounting almost to a cyclone, struck Detroit at 8 o'clock this morning. No damage was done, however, beyond the destruction of trees. Across the river at Windsor and in that vicinity the damage amounted to \$100,000. No one was injured so far as known. At Holly the storm unroofed George Johnson's block and the Holly company's mill and Opera house.

Maxwell's Work.

WASHINGTON, May 23.—The total number of fourth-class postmasters appointed today was ninety-three, of which sixty-seven were to fill vacancies caused by resignations and death.

NIPPED IN THE BUD.

A Desperate Plan to Break Jail Was Happily Frustrated.

FRANKFORT, Ky., May 23.—A desperate plan of an outbreak at the penitentiary was nipped in the bud yesterday by the vigilance of Warden Norman. For more than a week there has been suspicion of a conspiracy. A negro convict was used by the warden as a detective. It was learned from him that there were about 116 in the gang, all life men. George Meade, W. H. Little, Lou Breckshire, Harrison (colored), K. W. Talent, Will Hollicksmith were all locked up and knives were found in the laps of each of their coats. Each man had a file in his pocket. The plan was to either make the break while the Sunday school teachers were coming from the gate or follow a wagon to the gate where several of them would overpower the guards and so make their escape. Sufficient evidence has not yet been found against the others of the gang to cause their arrest but a close watch is being kept.

DECORATED WITH FLOWERS.

Graves of Union Soldiers in the South to Be Decorated.

MILWAUKEE, May 23.—For the first time since Memorial day was instituted all the graves of Union soldiers in South-east will be decorated with flowers this year. This fund has been expended in the purchase of flags, potted flowers, etc., and not a known grave inside or outside the great national cemeteries in the South will be overlooked on Memorial day this year. The commander-in-chief will leave for the South Wednesday to look after this matter.

ATTACKED BY A BANDIT.

A Brave American Has a Desperate Encounter in Mexico.

PIEDRAS NEGRAS, Mex., May 23.—A telegram received at the general offices of the Mexican International railway here gives an account of a desperate encounter between Boon Baker, the American station agent at Gabriel, and Thomas Maruje, a prominent ranchman and bandit, with his men. Mr. Baker was out on horseback and was fired at seven times by the two bandits and wounded in the arm. Just then a section foreman came along. As the foreman approached, Maruje and his pal made off. The local authorities immediately organized a posse and captured the bandit state prisoner. The bodies of the two injured men were recovered. A. Crosby was badly injured. The head of the brave American who beat him over the head with a saber.

BURIED IN THE RUINS.

A Wall Falls on Five Men, One Being Killed.

CHICAGO, May 23.—While a number of men were tearing down the old Western Union building at the corner of La Salle and Washington streets this morning a section of the brick wall gave way burying five men in the ruins.

One whose body has not been recovered and whose name is not known was killed, and the others, more or less injured. The injured are: Frank McDonald, leg broken; Stephen Madden, head bruised and scalp wounds; Adam Linke, severe bruises; Alex. Talsanski, severe bruises.

A Bad Wreck.

CHICAGO, May 23.—A disastrous wreck occurred this morning on the Milwaukee division of the Northwestern road. A heavy freight train composed of twenty cars, headed by North Evanson, and though the switch signals were properly set struck an open switch and let the rails, the cars piling upon one another and completely blocking all the tracks. The engineer and fireman of the train saved themselves by jumping.

Just as the engines passed the station running at full speed on the main tracks, the tower man is said to have remembered that he should have switched the train to a side track. After the engine had passed he switched the train and after another the cars piled upon one another until eighteen were thrown across the track.

A Graceful Act.

TOPEKA, Kas., May 23.—Yesterday Governor Leavelle and a number of state officers officiated as pall bearers at the funeral of the wife of the janitor of the capitol building. The janitor was poor, unknown and without friends, and when Governor Leavelle heard the circumstances he immediately offered his services as a pall bearer. He was at once joined by a number of the state officials and followed the remains to the cemetery.

A Siamese Legation.

WASHINGTON, May 23.—All the arrangements necessary to the establishment of a legation in Washington representing the government of Siam have been completed. The department of state has been notified that P. H. R. Suriya, who has been attached to the Siamese legation in Paris, has been designated to act as charge d'affaires of the legation in Washington, while a regularly accredited minister arrives. Mr. Suriya is now in Washington and will proceed to take the legation.

A Cashier's Flight.

CRESTON, Ia., May 23.—The Exchange Bank here has suspended and the cashier, Robert Bennett, has left for parts unknown. Deposits were received up to the day of closing. Depositors were badly victimized and if the cashier is caught he will meet with a warm reception as the excitement is intense.

Five Boilers Exploded.

KEENE, N. H., May 23.—A battery of five boilers at Beaver Mills exploded at 12:20 o'clock yesterday, badly wrecking the building, killing a number of persons. Hubbard Houghton was killed and Lewis Starkey is undoubtedly dead, but his body has not been recovered.

SHALL IT OPEN?

That is the Question Regarding the World's Fair Now Being Discussed by the Commissioners.

The Judiciary Committee Presented Two Reports, the Majority Being in Favor of Closing Sundays.

A Large Number of Protests Were Received by the Commission Today Against Sunday Opening.

The Discussion Was Limited to Three Hours and a Half, When the Vote Occurs.

CHICAGO, May 23.—The national commissioners arrived on the fair grounds early. Their session was ordered to begin at 10 o'clock, but it was nearly a half hour past the time before business was taken up. The commission will settle the Sunday opening question and adjourn till July 1, and this, it is thought, will be brought about tomorrow. Some of the members have been here for about six weeks and have been expecting to get away every day for the past four weeks.

The two reports on the Sunday opening question were carefully read from the morning papers by the commissioners, as the minutes of yesterday's session had not been printed, and each man, it is safe to say, had decided which way to cast his vote when he entered the hall this morning. However, this did not deter the commissioners from speech making, and there was a flood of oratory all the morning, led by Messrs. of Delaware, St. Clair, of West Virginia; Burton, of Kansas, and Hundley, of Alabama.

Telegrams continue to pour into the national commission regarding Sunday opening and when the body was called to order about 10:30 this morning a good sized stack of communications adorned the president's desk. They were from all parts of the country and were of the same import: "Keep the gates of the fair closed on Sunday."

After a half hour's discussion it was agreed that the debate on the adoption of one of the reports from the judiciary committee on the Sunday closing question should be confined to the day and one half hours. The commission then settled itself to hear the Sunday closing matter rehearsed and threshed out in all of its branches, Mr. Elcock, of Iowa, beginning the debate by speaking in favor of the adoption of the minority report which favors Sunday opening.

Commissioner Burton, of Kansas, chairman of the judiciary committee, also supported the minority report. He began by stating that the opposition did not deny that the creative act gave to the nation the right to legislate in regard to an absolute right to close or open the gates on Sunday. But that right was taken away from both bodies by the so-called sovereign act. The conditions imposed in that act made it the duty of the commission to keep the gates closed Sunday. The question upon which the minds of the judiciary committee diverged was as to whether the conditions of the souvenir act had been complied with.

The souvenir money, he thought, was intended to be a gift. It was a mighty mean and small gift when the great fair was considered, and the American congress imposed conditions which the exhibition corporation had decided were impossible to comply with. Then the original discretionary power reverted to the directory and the commission in regard to fixing a Sunday opening, rule, and he hoped next Sunday would see the fair opened by an amicable arrangement.

Telegraphers Strike.

CHICAGO, May 23.—The long-anticipated strike of the telegraphers on the Chicago & Northwestern road occurred at 4 o'clock this morning. The strike, it has been learned, was the result of a bogus dispatch sent over the wires of the company at 10 o'clock last night. As soon as Grand Chief Ramsay heard of the walk out this morning he proceeded to repair the damage as sustained by the telegraphers. He left their keys in obedience to the spurious mandate, but all returned to work this morning when the telegraphers' order passed over the lines.

A Sheriff Sent to Jail.

ST. LOUIS, May 23.—In the criminal court yesterday Judge Edmunds issued an order committing Sheriff Patrick Staudt to jail for ten days for failure to pay into court forfeited bonds collected from the prisoners arrested by the police. The execution of the order was stayed in order to give Sheriff Staudt's attorney time to apply for a writ of habeas corpus.

Farnham Post Disbanded.

ALBANY, N. Y., May 23.—Commander Joseph P. Cleary, of the state department of the C. A. R., has issued an order disbanning Noah L. Farnham post of New York City, which has a membership of 252, for passing resolutions criticizing the national pension laws and causing them to be sent to the president.

Counterfeiters in Mexico.

CITY OF MEXICO, May 23.—A notorious gang of counterfeiters who have been carrying on extensive operations in this city for several months have all been captured by the police. The leader of the band is Mendoza, a highly educated man formerly in the employ of the government. They had their bogus coin manufacturing establishment in an old building in the vicinity of Peraltilla. Several thousand dollars worth of spurious coin and the entire outfit was also captured.

BURKE KNOCKED OUT.

Public Examiner Kenyon Lands His Right With Telling Effect.

ST. PAUL, May 23.—There was great commotion on Tenth street last evening over a fracas between State Bank Examiner Kenyon and John H. Burke representing several Eastern financial institutions.

Loud talk was heard and Kenyon was seen to land his right fist upon the nose of Mr. Burke. The latter fell like a log and had to be cared for by his friends. Mr. Kenyon was temporarily placed under arrest, but allowed to go on his own recognizance on account of his high official position.

Mr. Kenyon said Burke had made a vile charge against him to the governor and he had taken the method of the pugilist to get even. Burke, he said, had charged Kenyon with receiving money from Minneapolis banks for making reports showing them to be in good financial standing, when he knew them to be otherwise.

Burke also said that a year ago he had made a report to Governor Merriam that the Guaranty Loan company, of Minneapolis, was rotten to the core and showed that the chief officers merely loaned their names to the concern without taking any money risks. This report, Burke says, was turned over to Bank Examiner Kenyon, who for a consideration or otherwise found the loan company to be in sound financial shape.

POSTAL CLERK INJURED.

Wells Lounsberry, Formerly of Duluth, Injured in a Wreck on the Northern Pacific Today.

MINNEAPOLIS, May 23.—A bad collision is reported on the Northern Pacific near Little Falls, Minn., at about 3:30 this morning, in which a postal clerk, an engineer and a fireman lost their lives. Details are not yet at hand, but the trains on the Northern Pacific due here this morning are reported abandoned.

Later—A special to the Journal from Sauk Rapids confirms the report of the collision on the Northern Pacific but says that no one was killed, although a number of the train men and the passengers were injured. The collision was between train No. 3 from Winnipeg and Fargo and a freight. It occurred at Watat, six miles from Sauk Rapids. The injured postal clerk is Wells Lounsberry, formerly of Duluth, and is a son of Col. C. A. Lounsberry.

ALICE HAYES' SLAYER.

Suspicion Points to a Young Man Who Has Since Disappeared.

ST. CLOUD, May 23.—It now appears that the slayer of poor little Alice Hayes, who was murdered a week ago in the town of Lynden, this county, will not escape the hands of the law. Additional light has been thrown on the mystery surrounding the foul murder, which points to a young man whose name is withheld.

He had been employed by a farmer living in the neighborhood of the tragedy and disappeared the night following the murder without drawing his pay or notifying any one of his intention. Nothing has been heard of him since and suspicion is strong against him. He is about 23 years old.

LIKE A KEG OF POWDER.

The Situation in the Tennessee Mining Regions Is Serious.

CHATTANOOGA, Tenn., May 23.—Quartermaster Wenning, on duty with the army in the Tennessee coal regions, was interviewed yesterday. He said the situation in the mining regions is very serious. Hundreds of uneasy men in Kentucky are only an hour and a half distant by rail. The situation is like a keg of powder—only a spark is necessary to produce an explosion.

Lieut. Wenning says it is only a question of time as to the spark, but is certain that the soldiers will not strike. The force at Fort Anderson consists of 115 men and at Fort Lewis forty-three men. The artillery at Fort Anderson consists of a 3-inch rifle, a 12-inch mountain howitzer and a galling gun placed in Lunettes.

LEAPED OVER SNOW.

The Forest Fires of Michigan Finally Spend Their Energy.

ISHPEMING, May 23.—The forest fires fanned by fierce winds of Saturday have subsided. Two feet of snow is still on the ground in many places, but the flames burned over banks of snow. The principal damage was in Houghton county near Dollar Bay where a Bohemian camp was destroyed. Houses, barns and live stock were destroyed and people saved themselves with difficulty. Fires are reported also in towns in Keweenaw and Ontonagon counties.

SHOT IN HIS DOORWAY.

A Mississippi River Settler Brutally Murdered—Motive Unknown.

CHAMBERLAIN, S. D., May 23.—Saturday evening a settler named Mattson living thirty miles south on the west side of the Missouri river was called to the door and shot and instantly killed. Officers arrived here Sunday night with a German suspected of the crime. No motive is yet known. A preliminary examination will be held on the arrival of the coroner.

Prof. Guenther Dead.

ST. LOUIS, May 23.—Martin Guenther, professor of theology of the Concordia college, died last night of paralysis of the heart. He was an editor of the Lutheran. He came to this country from Saxony, Germany, in 1845. He was successively a pastor of churches at Franklin, Mich., and at Chicago. He has been connected with Concordia college since 1872.

A Destructive Fire.

ASPEN, Col., May 23.—A large portion of the town of Carbondale was destroyed by fire early this morning. Twenty buildings were burned. Loss, \$30,000.

PANTON

AND

WATSON

Glass Block Store.

To-NIGHT a concert and lecture to urge the release by the British Government of all political prisoners and to press the cause of Home Rule for the Emerald Isle, will be given in Cooper Union, New York City.

Similar meetings for a like object are also to be held in other cities and money will be raised to promote the cause had in view.

The rain yesterday, our store was crowded.

Today

We have been very busy.

Don't Fail

To Attend our

LARGEST CIRCULATION IN DULUTH.

Entered at the postoffice at Duluth, Minn., as second-class mail matter.

The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN.
May 23.—The storm that was central over the northwest yesterday has moved slightly northward and is now central over the lower lakes and Indiana. It has been accompanied by severe local storms and rain, which still continue in the Ohio valley and along the lower lakes.

Another storm is coming over Montana and Wyoming, and will probably move east today, but may be checked out by an area of high pressure which is moving down from the country north of Minnesota.

The heaviest rainfall yesterday was over Upper Michigan and Wisconsin, where it was over an inch. In other sections it was an average heavy rain.

The temperature is unusually low everywhere west of the Ohio and lower Mississippi rivers, and abnormally high over the lower lakes. Prevailing winds from Central Minnesota and South Dakota.

The rainfall here yesterday amounted to .117 inches, the most in the city since the winter of 1912-13, when the total was .12, which is less than the normal, the lowest last night was .08.

DULUTH, May 23.—Generally fair, slight changes in temperature except slightly warmer today, northerly to northwesterly winds.

Local Forecast Official.

WASHINGTON, May 23.—Forecast till 8 p. m. tomorrow: For Wisconsin: Fair, with slowly rising temperature; variable winds. For Minnesota: Fair, followed by showers; slightly warmer; variable winds.

The Garbage Ordinance.

Another important step forward in the movement begun by The Herald for the establishment of a municipal garbage system was made at the council meeting last night. An ordinance was introduced by Alderman Hugo dealing with this question, and while it is better than nothing it does not provide a system such as The Herald desires to see established. It is not the system that alone has proven successful in other cities and which Duluth must adopt some time and should adopt at once.

Alderman Hugo's ordinance is a straddle on the question, and in his efforts to strike a middle course between the two extremes on this subject, it is to be feared that he has devised a system that will not prove satisfactory.

The only correct way of handling the garbage question is to have all the work done by contract and paid for by the city. Experience of other cities has demonstrated the futility of any system that throws the responsibility upon each individual of having his garbage removed. It means the non-enforcement of the law in many cases. It means increased expense in running the health department, because this system cannot be carried on without a constant system of inspection and prosecution. Of course inspectors would be needed under the other system to watch the contractors, but it would not be necessary to hunt up property owners and lessees nor to follow them into the courts, and consequently a less number of inspectors would be sufficient.

The Herald will not cease to agitate this question until a proper system has been established. The only proper system is the collection and disposal of the garbage by contractors paid by the city and performing the work under the supervision of the health department.

State Ownership of Railways.

In the last number of the Engineering News, of New York, there is an interesting article on the results attending state ownership of railways in Europe. The system has been on trial there for about fifty years. In 1849 the Prussian government began the building of a line from Berlin to its eastern boundary, and in 1879 a bill was passed providing for the purchase by the state of all railways in private hands. From that time forward these roads were gradually acquired, until the government now owns 15,500 miles out of the total 16,775 miles of railways in Prussia. In this state the general management of these roads has been at least financially successful, and according to recent information the revenue derived from them not only pays the interest on the railway debt, but also on the entire state debt, and for the fiscal year ending March 31, 1899, there was a surplus of over \$38,000,000 derived from this source. This was the maximum surplus, it is true, but for the year 1891-92 it was still about \$25,500,000. In addition to this successful operation nearly \$160,000,000 of the original railway debt has been extinguished.

But while Prussia makes this favorable showing, other states in Europe have not been so fortunate. In 1842, France proposed to establish a vast network of lines the state and communes providing the railbed, structures and land for the right of way. The rails, ballast and material required to operate the roads were to be provided by the companies to whom the operation of the lines was to be leased. While this law has been modified by others passed since 1845, and private companies can now build and operate railways under restrictions imposed by the state, the French government may still be said to control the railways in that country by a system of subsidies, and in the period 1881-90 it paid out about \$74,000,000 for the privilege. At the end of 1883 the claims of the state against the railway companies amounted to \$131,000,000. In other words, state ownership has been far from profitable under

the system of subsidizing corporations practiced in France.

Austrian state railways pay at the most 2 1/2 per cent, and Hungarian roads pay about 3 per cent. Italian state railways are in a still worse plight, for they paid only 1.65 per cent in 1892 on an investment of about \$90,000,000, and the tendency is towards still lower dividends under state management. Thus it appears that only in Prussia are the state-owned railways profitable. There the primary object of location, equipment and control is to meet the emergencies of war rather than to serve the conveniences of the people in time of peace, and that the system does pay such handsome returns as are credited to it can only be explained by the needs of a dense population, accustomed to military rules and regulations, and more prone to travel from place to place than are the people of France or Italy.

A Great Advance.

A Washington dispatch to The Herald last Saturday contained a fact that is worthy of some comment. It stated that the report of the national geological survey, which has just been published, shows that Minnesota has passed both New York and Pennsylvania in iron ore production and now stands third among the states of the Union in annual yield of the most useful and necessary metal.

Michigan and Alabama are the only states which last year produced a greater number of tons of iron ore; while in value of product only Michigan was ahead of Minnesota. The entire ore product credited to Minnesota last year was from the Vermilion range, none of the great properties in the Mesaba range having been sufficiently developed.

Referring to this report, the Minneapolis Tribune points out that the mineral product called for by contract leases on the Mesaba range this year exceeds the total mined in Minnesota last year. It is safe to say, therefore, that this season's product for the state will fully double that of last year. The national geological report gives credence to the estimate of mining authorities that there are from ten to twenty mines on the new range, each of which has upwards of 1,000,000 tons of ore in sight. It is on this fact that the report gives expression to the prophecy that by another year Minnesota not unlikely may be the first iron ore producing state in the Union.

In addition to leading in the production of iron ore, Minnesota, which means St. Louis county so far as this industry is concerned, should also lead in the manufacture of iron and steel. With such fine deposits of ore at hand and with cheap lake transportation for fuel, there is no reason why this city should not be the center of a great iron and steel manufacturing district.

Max Muller is 70 years of age now, but there is no sign of age in his latest lectures before the University of Glasgow on psychological religion. The book containing the lectures has the word "Theosophy" for its first title, preceding "Psychological Religion," because it seemed to him that this venerable word, theosophy, so well known among early Christian thinkers, as expressing the highest knowledge within reach of the human mind, has of late been so greatly misappropriated that it is high time to restore it to its proper function." Mr. Muller's effort is commendable but he will find it a hard task to divert the word of its present evil associations.

Woodland Shoppers.

Can get a dainty lunch at Haynie's. Hunt's ice cream and candy.

The promptness and certainty of its cures have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping coughs, and is the most effectual remedy known for these diseases. Mr. C. B. Main, of Union City, Pa., says: "I have a great sale on Chamberlain's Cough Remedy. I want to say every bottle and have never heard of one failing to give entire satisfaction." 50 cent bottles for sale by all druggists.

"Mighty Interesting"

To almost everybody the question of transportation to the World's Columbian exposition.

The Wisconsin Central line offers the public through Pullman palace sleeping cars, the finest dining car service in the West (that's honest), and commencing April 25, round trip rate of \$21.70, one way rate each direction, \$12.

For tickets, sleeping car reservations and further information call on or address:

F. A. GREENE, City Ticket Agent,
416 West Superior street,
Duluth, Minn.

Search has been made for the body, but at this writing no trace of it had been discovered. The unfortunate young man was a French Canadian, about 24 years of age, and had come to Cloquet last fall.

A Beautiful House and Lot Given Away

Free without any consideration. Deposit a card in the glass box for every purchase you make. It costs nothing and does no harm to try. Somebody's bound to get it.

Don't Forget

To Guess on the weight of Little Prince, the Shetland pony, cart and harness with every purchase in our Children's department, to be given away and weighed July 17.

CLOTHIERS AND OUTFITTERS.

THE COURT FILINGS.

Board of Education Wants to Secure Some West Duluth Property.

In the office of the clerk of the district court there were filed today:

A petition of the board of education for the appointment of appraisers to value lots 5 to 16 in block 24, and lots 8 to 16 in block 25, in West Duluth, first division. The petition recites that the property is desired as a site for the erection of a school building, and that all of the property designated, with the exception of lots 11, 13 and 14 in block 25, has been acquired by agreement.

Complaints in cases of A. L. Stoddard vs. Walter S. Horr, and Jas. L. Dow vs. same, being suits to recover the sums of \$1,326.64 and \$933.50 respectively. In the first named case, an attachment is asked against the property of the defendant on the ground that the latter is about to dispose of his property to hinder and defraud his creditors.

Release by Ideal Bakery company of claims against Simon Clark & Co., except such as secured by statute; and by the same company of claim against William and Martha Gardner, insolvents, with same exception.

John Bergstrom took out first papers and Charles Palmer and Julia A. Worthy were licensed to wed.

Will Preach Here.

Rev. R. W. Ryan, of Warren, Pa., who has been extended a call by the vestry of St. Paul's Episcopal church, will be in Duluth on Sunday, June 11. Whether he will accept is not known but his coming here is regarded as a favorable indication. He is highly recommended and the congregation are anxious to secure him.

IS NOT SATISFACTORY

The Chamber of Commerce Adopted a Resolution Today Against the Canal Company Proposition.

The Committee Found, Upon Investigation, That It Was Indefinite and Had Serious Faults.

Company Requested to Withdraw It Until It Can be Submitted in Proper Shape.

The chamber of commerce sat upon the Minnesota Canal company's scheme somewhat this morning. The committee of thirteen which was appointed a few days ago selected several sub-committees to investigate various features of the scheme. Upon one of these consisting of Messrs. Mendenhall, Simonds and Church devolved a large portion of the work. They investigated the financial backing and the composition of the company. When the main committee reported to the chamber this morning, Veriah Maguire, chairman, announced that Mr. Mendenhall, of the sub-committee, would report what it had learned, and that this would be the report of the entire committee.

Mr. Mendenhall reported that they had met and conferred with 'ex-Congressman' Mason, S. M. Meek, and Milton Weston, of Chicago; F. E. Davis, of Minneapolis, and Henry C. Spaulding, all of the Minnesota Canal company. The men interested, Mr. Mendenhall said, were all right financially, according to Bradstreet and Dun. The scheme seemed to be brought forward in an underground way. The promoters had gone to work quietly and had sprung it on the people without warning. As brought forward the scheme is in crude shape and is so admitted to be by the people interested, he said. They had expressed a willingness to meet the desires of the people but stated that if withdrawn now the proposition could not be submitted until after the next legislative session, owing to some conflict in laws which must be remedied.

The proposition, Mr. Mendenhall continued, is one which no business man would consider in his own affairs for an instant. A committee with Walter Ayers at its head had, he said, investigated the legal phases and had reported many serious flaws. In the first place promises to modify the provisions made or any outside agreements counted for nothing. The proposition as presented by the company and the acceptance of it by the voters constitutes the contract and nothing else. It is indefinite in that it does not fix any time within which it shall do what it says it proposes to do. There is an agreement to furnish power at \$10 per horse, provided the county waives the issuance of stock, but there is no provision as to what shall be charged if the issuance of stock is not waived. Furthermore, there is no agreement that power will not be furnished cheaper at Superior than here. These, said Mr. Mendenhall, form the main objections and the committee, he said, would recommend that the Minnesota Canal company be requested to withdraw its proposition until such time as it can be put in proper shape.

E. C. Gridley asked if the attorneys could not suggest some way in which an agreement could be made between the company and a committee of representative citizens which should stand between the company and cover the objectionable points.

Walter Ayers replied that there was no such thing possible. The county authorities, he said, possess no powers except such as are expressly delegated to them by the legislature. No outside contract would be worth the paper it was written on. That fact is one that attorneys never waste time in discussing, he said, because it is elementary and axiomatic, and he declared it was impossible that the legal advisers of the company should not have known this when the agreement was offered to be entered into.

The report was accepted and a resolution passed to the effect that it is not favorable to vote for the proposition because it is too indefinite and the company is recommended to withdraw it until such time as a proposition satisfactory to the company and the citizens can be made.

E. C. Gridley, A. Hirsch and E. R. Brace were appointed to confer with the St. Louis River Water Power company and see whether some scheme cannot be devised which shall procure the development of the St. Louis river water power.

Gets His Money Back.

The findings in the case of Arthur L. Parsons vs. J. McKinley, were filed today. The court finds as matters of fact that notes aggregating \$2200 were delivered by the plaintiff to the defendant for 200 shares of the Charleston Iron company; that James McKinley, brother of the defendant, made untrue representations concerning the condition of the property, whereby plaintiff was defrauded. As conclusion of law, the court finds that plaintiff is entitled to judgment for surrender and cancellation of the notes and judgment for \$129.32, cash paid as part of the consideration. A stay of twenty days was ordered.

FORECAST FOR Tuesday, May 23: Generally fair, slight change in temperature, somewhat warmer today; northeast to northwest winds.

Pioneer Fuel Co.'s COAL!

It's Carefully Selected! Seldom Equalled! Never Exceeded!

BROKE THE RECORD.

The Straightback Selwyn Eddy Takes Out a Big Wheat Cargo.

The big steel steamer Selwyn Eddy has broken the wheat cargo record of Lake Superior by going out of here on a mean draught today noon of 14 feet 4 inches, with 115,000 bushels of wheat on board. The vessel was loaded at elevator E, through vessel agents Rose & Lavier with cargo consigned to shippers' orders at Buffalo by A. D. Thomson & Co. G. K. Nesbitt did the weighing and she took 82,500 bushels in her lower hold without employing trimmers.

The Selwyn Eddy is commanded by Capt. Harry Zealand and is a steel steamer of the straightback type of this year's launching. She is 353 feet over all, 125 beam, and 25 feet molded depth. Her gross tonnage is 2816.14 and her net figure is 2164.11. She was built at Wyandotte, Mich., and is owned by Eddy Brothers. She has triple expansion condensing engines, 23-35-56 inches cylinder diameters, with 42-inch stroke. She carries two boilers, each 11½ feet long and 170 inches diameter, with 160 pounds steam pressure of 160 pounds. Her equipment and fit out is very fine and the boat is said to be the "driest" on the lakes.

Capt. Zealand will fly a broom at his spar head on his next trip here and may very probably move his family here this year, as he has some quite heavy real estate holdings in this vicinity.

The Steam Ore Trimmer.

The new ore trimmer which has been placed in the steamer Alex. Nimrick received its first practical test at Ashland the other day and worked well. The trimmer is operated with power from an engine located at the forward part of the lower deck. Beneath the deck tracks are laid along which the trimmer, which is very similar to a steam chandler, runs. The track runs the entire length of the vessel, one on each side. The ore is run into the vessel and as each hatchway is filled the machine is put in operation and the ore leveled to its proper place. One good feature of the machine is that as soon as a vessel has received her cargo she can leave the ore dock and the work of trimming be done while enroute. It is also claimed for the trimmer that it does away with the use of men at unloading points as hitherto has been the case. A very speedy manner with the machine.

New Government Survey.

Two surveying parties are now out at work on the survey of St. Mary's river, which is under the immediate charge of Lieut. Rice, of the government corps of engineers. The work is well under way, one of the parties being stationed near Point Iroquois and the other down the river. The survey is from Point Mam-

MADE AN ASSIGNMENT.

Phoenix Electric Company Assigned Today to W. H. Squier.

The Phoenix Electric company made a voluntary assignment this morning to W. H. Squier, for the benefit of its creditors. The immediate cause was the bringing by the W. S. Edwards Manufacturing company, of Chicago, a suit for \$463.17 in the municipal court. Realizing the inability to meet the judgment which would be taken in this suit, it was considered advisable to assign. Messrs. Burgess and Willis bought an interest in the concern the first of the year, paying \$2000 each, and \$3000 being invested by some gentleman in the southern part of the state. It is estimated that the stock will inventory at a low figure. Mr. Fish is said to have left on a collecting tour in Dakota some three weeks ago and is yet absent.

Minor Mishaps.

Superintendent Killman, of the Lehigh Valley and Northern lines, says that while it cannot be said yet what the extent of the Seneca's damage is, he believes \$8000 to be nearer the mark than \$15,000 the amount first estimated.

The schooner Norfolk was released from Stag Island, St. Clair river, after lightening 208 tons of her cargo. This consisted of copper valued at \$750,000.

It seems that not alone the steamer Nipigon, but her consorts Delaware and Melbourne also, were ashore on Keweenaw Point, Lake Superior. They were released by the tug Oval, Acitator, E. M. B. A. and Peter Coates, after jettisoning 150,000 feet of lumber.

The first service rendered by the wrecking tug Monarch this spring was to release the large schooner Cobb, which had run aground in Little Bay de Noquette while endeavoring to reach Gladstone. It was necessary to lighter 150 tons of the Cobb's coal cargo.

IN THE ORIENT

The Complaints About Foreign Sealers in Japanese Waters Are Shown to Have Been Exaggerated.

Japanese Men of High Position Said to Be in League With the Foreign Poachers.

Recent Severe Frosts Playing Havoc With the Crops and the Tea Plants Heavily Damaged.

Over Two Hundred Dwellings, Thirty Shops, Three Temples and One School Destroyed by Fire.

VANCOUVER, B. C., May 24.—The steamship Empress of India arrived here last night from the Orient. She brings 170000 and 28 intermediate passengers and 448 Chinese and 127 Japanese. The Earl of Jersey, governor of New South Wales, is among the passengers. He is on his way to England and will visit the World's fair en route. The Empress of India brings Japanese advice to May 11. The visits of foreign sealing schooners to Japanese waters has of late attracted attention in Japan and a general belief prevails that they are crooks. The Japanese government has dispatched to investigate the movements of these sealers recently and reports that the stories about the depredations of the foreigners are exaggerated. The sealers are reported to be in the middle of March in a locality 150 or 200 miles from Kinkasan. In May they begin to move northward, following the seals as they return to cooler waters. This movement takes the vessels as far north as Chishima, whence they turn off to Bering sea, not coming as a rule within the territorial waters of Japan and the United States. The captain of the man-of-war reports, however, that a rough and unscrupulous set of men formed the crews of these vessels and that there is danger of their causing much annoyance to inhabitants on the coast as they frequently enter obscure harbors for fresh water and other supplies.

The vernacular press declares that some Japanese men of high social position are secretly in league with the foreign poachers and have established companies both in Yokohama and Tokio. The authorities are urged to investigate this matter. The press also urges the Japanese nation to compete with foreigners on the high seas.

The recent severe frosts are playing havoc with crops generally. A violent snow storm was experienced in Ugo province May 1. In some places the ground was covered to a depth of two feet. Owing to the severity of the weather, the silk culture will sustain a loss of 200000 yen through injury to the cocoons.

The losses in the silk district of Joshi province are estimated at over 3000000 yen. Much damage was done to tea plants in the three Tama districts of Tokio and the loss in the neighborhood of Sayama is estimated at 250000 yen.

A destructive fire broke out at 10 p. m. in the town of Echizen. On the night of the 8th inst., 230 dwellings, thirty shops, three temples and one school building were destroyed and one person burned to death.

The question of Portuguese consular jurisdiction in Japan is being liberally discussed. Some papers have gone so far as to intimate that there is danger of open rupture between Japan and Portugal. The war department has been conducting an experimental mobilization of the army, and this fact has given plausibility to the warlike rumors.

THE FRENCH INCENSED.
Complain That French Interests in Siam Are Mismanaged.
PARIS, May 24.—The French public are chagrined and incensed by the meagerness of the official news regarding the trouble between the French and Siam in the Mekong valley. The details of the attack upon the French garrison at Kong are still wanting and the affair, notwithstanding its evident importance and the serious loss suffered by the French, is barely mentioned in the official dispatches.

The papers give voice to complaints of bad management on the part of the French authorities entrusted with the defense of French interests on the Siamese frontier mingled with invectives against Great Britain, which power is accused of backing the Siamese in their hostile attitude toward the French.

The French government appears to be influenced by the outcry, and it is reported that M. Verneville, the French resident superior in Cambodia, has been recalled.

The Raging Mississippi.
HELENA, Ark., May 24.—The Mississippi river this morning is within four inches of the highest mark registered at this point. Engineer Purvis, of the Cotton Belt levee, last night reported that the water was coming through the levee, and it is feared the embankment cannot much longer withstand the strain. Thousands of sacks of dirt are being unloaded at various points to be used in case a break occurs.

Want an Eight-Hour Day.
BRISSET, N. Y., May 24.—The miners' international conference at its session today adopted a resolution in favor of an eight-hour working day in the mines. The supporters of the resolution represented 924,000 miners and the opponents represented 100,000 miners. The conference then proceeded to discuss the question of a universal strike to enforce the eight-hour system.

THE NAPHTHA IGNITED.

Serious and Fatal Fire Following a Railroad Wreck.

WAUKESHA, Wis., May 24.—Freight train No. 23 on the Wisconsin Central line was wrecked about 7:30 o'clock last evening at near Gray's lake. The train parted at that place, and the head section having stopped at the foot of an incline the second section crashed into it. Five cars were thrown from the track and badly smashed.

Two of the cars contained naphtha and the fluid let loose spread out over the marsh extending along the road. A boy living near by carrying an open lantern ignited the naphtha which soon spread over a considerable area. A section man whose name cannot be learned, was burned to death, and W. H. Strachen, train dispatcher, was badly injured. Others were burned, but not seriously.

Strangely, the boy who caused the fire escaped injury. The flames spread rapidly and some of the train men escaped by jumping into the lake. The wrecked cars were entirely consumed, and the collision no one was seriously injured. Two tramps who were stealing a ride were slightly injured.

HILLMAN HAS BEEN LOCATED.
An Offer to Produce Him Whenever the Reward Is Ready.

TOPEKA, Kas., May 24.—C. M. Foulks, general claim agent of the Atchison, Topeka & Santa Fe road, is in receipt of a letter from a Colorado sheriff whose name he declines to divulge, stating that he had located John W. Hillman, and that he is prepared to produce him and completely establish his identity. Hillman is a man who is much wanted by a number of insurance companies in which he had policies on his life aggregating \$40,000. He disappeared fourteen years ago and his wife claimed that he had been killed. The insurance companies have since been resisting payment of the policies in the courts. The case has already been tried three times and will be heard again at the October term of the United States circuit court in this city.

The Colorado officer has submitted a proposition to Mr. Foulks, who is interested in the case, to produce Hillman whenever he is wanted on condition that the reward offered for him amounting to \$1000 be deposited in a bank at Trinidad, Colo., to be paid him when the man's identity is thoroughly established. Hillman is supposed to be located in Sonora, Mex.

KILLED BY MORPHINE.
Death of a Well Known Pennsylvania Oil Operator.

NEW YORK, May 24.—The World's Pittsburgh special says: Samuel M. McBride, one of the best known men in the Pennsylvania oil fields, died Monday evening. It is thought he was poisoned. Mr. McBride was a sufferer of a nervous disease, the result of morphine habit, and had accompanied his physician, Dr. Rae, to Kane, Pa., a mountain resort, to take treatment.

Dr. McBride was feeling well all day up to about 8:15, at which time he took a powder mailed to him in an anonymous letter from Bradford. A few minutes after taking the powder, which he supposed was morphine, he suffered violent cramps. He died in about twenty minutes. McBride was proprietor of the Option house at Bradford.

THE REPORT IS DENIED.
The Union of the Parallels and McCarthyites Not Effected.

NEW YORK, May 24.—The officers of the Irish Independent Parliamentary party assert that the rival home rule organization, the National Federation of America, has misrepresented the political situation by announcing a union of the Parrell and McCarthy factions. The president of the Independents cabled as follows:

"To John Redmond, Timothy Harrington and Dr. Kenney, who are respectively president, secretary and treasurer of the Irish National league: Federation officials claim to have letters, proving that the Independents have united with the McCarthyites. Is this true?"

This reply was received yesterday: "Federation report deliberate lie. Publish denial."

OUTRAGE IN TENNESSEE.
The American Flag Hauled Down From a University Tower.

NEW YORK, May 24.—The World's special from Chattanooga says: In Athens, a little town forty miles from Chattanooga, is the U. S. Grant university, a child of the Northern Methodist church. Saturday night some one gained access to the tower of the main building and hauled down the United States flag and substituted a canvass bearing the stars and bars of the Southern confederacy.

The flag was found floating on Sunday morning, and it was some time before it could be removed, as the hatchway had been securely fastened. As Northern money maintains the big institution, the indignation of the faculty can be imagined. They are making every endeavor to locate the offender against the peace and dignity of the school.

TO CLOSE UP THE BUSINESS.
Stockholders and Depositors of a New York Bank to Confer.

NEW YORK, May 24.—Bank Examiner William Kimball, who took charge of the National Bank of Deposits, said this morning that there was a fair chance of the appointment of a receiver being avoided. The depositors, stockholders and directors will meet this afternoon and adopt a plan for the winding up of the affairs of the bank. If they can agree and fix upon a committee to take charge of affairs a receivership can be avoided. Otherwise some one will have to be appointed to close up the business of the bank. President Ransom is hopeful of obtaining a good showing for the stockholders.

ON MISSIONARY WORK

The Presbyterian General Assembly Listened Today to the Report of Committees on Foreign Missions.

Dr. Herrick Johnson Says Not Prayer but Men Will Get the Bible Into China.

The Case of Dr. Briggs Is to Be Heard on Appeal and the Preliminaries Occurring.

WASHINGTON, May 24.—The words of the seventy-second Psalm, prophetic of the spread of the kingdom of Christ over the earth, was the topic of the half-hour's devotional exercises which preceded this morning's session of the general assembly, conducted by Rev. H. T. McClelland, D.D., president of the board of missions for freedmen. The special order for the session was the report of the committee on foreign missions. The assembly was called to order at 9:30 by Moderator Craig and opened with prayer by Professor Roy of Chicago.

A resolution of thanks to Senator and Mrs. Brice for the generous hospitality extended to the commissioners yesterday afternoon was presented by Stated Clerk Roberts and adopted by a rising vote. Dr. Young's report from the committee on bills and overtures as to the distribution of overtures among the several committees went through without objection. Sixty overtures relating to new creeds and twenty proposing changes in the present confession of faith were to the committee on bills and overtures for answer.

Through the courtesy of the committee on foreign missions, the committee on aid to colleges was given the time till 10:30 o'clock and its report was read by Rev. Charles A. Dickey, of Philadelphia, chairman. The committee recommended that the assembly be raised this year for this purpose and that the proposition of Mr. Brown to donate 100 acres in Salt Lake City as a site for the erection of the Westerner college of Utah be respectfully declined. The recommendations of the report were adopted.

Dr. Herrick Johnson, of Chicago, then presented the report of the committee on foreign missions. Dr. Johnson said: "We can no more pray the bible into China than we can pray a harvest out of a year will not be ordered out of the country. Don't be anxious. Go on with your canneries work and we will prove by you that if you are sent away it will kill the business of thousands of white men. Do not register. You will be asked to do so. The law will be changed. The Six Companies."

LASHED WITH LATHS.
A Novel Method of Punishing Violations of Labor Rules.

NEW YORK, May 24.—The Times special from Savannah, Ga., says: Several days ago the Lathers union, a colored labor organization, notified the public that their wages would be \$1.50 per day in the future. They also adopted a rule whereby any man working for less than \$1.50 should receive 150 lashes.

Monday the union learned that two of their members were working for \$1.25 per day. They took J. Robinson out on the commons Monday night and nailing two laths together applied 150 lashes to him. He begged to be let off, promising not to break the rules again, but to no effect.

Charley Conley, the other man, hearing of Robinson's plight, induced two men with shotguns to accompany him home. Warrants have been obtained against the men of the union to prevent further lashings.

TWO MEN WERE KILLED.
A Steel Cupola at the Cleveland Rolling Mills Blown Down.

CLEVELAND, May 24.—Two men were killed at the Cleveland Rolling mills in Newburg during the cyclone yesterday. The new steel cupola was blown down and four men fell eighty feet. Jack Bavish was killed instantly. An Italian was caught by a steel beam and crushed to death. Tommy McGuire had both legs and back broken and will die. Another unknown man was severely injured but will recover. The steel cupola is a total wreck.

A scaffolding at the new Brady building, corner of Erie and Superior streets, was blown down and four men were injured. William O'Neil, N. Johnson, M. Murphy and Michael Hughes. The injured were taken to Lakeside hospital. Telephone, telegraphic, electric light and street railway wires were terribly mixed up.

QUARTER OF A MILLION LOST.
Tannery Property Covering Ten Acres Destroyed by Fire.

SALEM, Mass., May 24.—The Atlantic tannery property of South Salem, operated by Poor Bros, the most complete tannery property in Salem vicinity, occupying over ten acres covered with magnificent buildings, was totally destroyed by fire last night.

The premises were partly occupied by Poor Bros, tanners, the other occupants being Reed & Vaughn, manufacturers of leather measuring machines; the Lynn Glue company and the Salem Brass foundry. The total loss will reach fully \$250,000, partially covered by insurance.

No Fighting Goes.
DUBUQUE, Ia., May 24.—Mayor Daugherty refused today to grant a license for the ten-round contest between Billy Hinds, of Providence, and Lick Jarding, of this city. The fight was to have come off May 29. The fight will take place outside of the city.

Drowned at Minnetonka.
ST. PAUL, May 24.—William Scanlan, who came West a few weeks ago from New York city, and Frederick Jacobson, who has lived at Lake Minnetonka for three years, were drowned during Monday night in Lake Minnetonka.

THE MOB WAS FIENDISH.

A Michigan Murderer Taken From Jail and Hanged.

CORUNNA, Mich., May 24.—William Sullivan, the murderer of Farmer Leach and wife near Durand, last January, was arrested in Detroit Sunday and was landed in jail here early yesterday morning after an exciting time. Crowds gathered at every station and many threats of lynching were made.

A mob of 500 awaited the train here with everything ready to lynch Sullivan as soon as he arrived. Officers left the train half a mile out and beat the mob to the jail by one minute. Sullivan was arraigned yesterday afternoon. He pleaded guilty and was sentenced and taken to Jackson at once.

Last night a mob proceeded to the jail, broke in the doors and took Sullivan from the cell. A rope was placed around his neck and he was drawn up to the door. Then the body was pulled to the ground, where the maddened crowd trampled on the remains and mutilated them in a terrible manner. Then the clothes were torn from the corpse and the rope was swung over the limb of a tree, the crowd jerking it up and down.

A TORNADO IN CANADA.
Churches Wrecked, Buildings Unroofed and People Injured.

TORONTO, May 24.—A tornado, which has caused the loss of hundreds of thousands of dollars, occurred in Central and Eastern Ontario and Quebec yesterday. Churches were partially wrecked, buildings unroofed or destroyed and many people were badly injured.

At Perth, a circus tent was blown down, and in the struggle to escape a large number of people were badly injured. Near Napanee, Frank Brooks was killed by lightning. At Ottawa, the cupola of St. John Baptist school house blew down and killed a girl named Jane Polin. A teacher received injuries which will prove fatal.

At Montreal the storm lasted twenty minutes and did great damage to buildings in course of erection and injured many persons severely. The shipping in the harbor also suffered greatly.

A COMMISSION COMING.
The Chinese Government Sending a Commission to See the President.

NEW YORK, May 24.—The Chinamen working in the Columbia river canneries have received the following message: "You need not be anxious any longer. A cablegram was received here yesterday from Prince Li Hung Chang, stating that the imperial government will send a commission on the next steamer from China who will go at once to Washington to talk with the American president. After that interview you will find that what field in Dakota. We must send a man to carry it."

The judiciary committee presented two reports on the Briggs case yesterday afternoon. The majority report was adopted. It recited the case of the church against Dr. Briggs as being in the nature of an appeal. The committee had examined the papers and found the appeal in order and recommended that it be entertained and issued and that the case proceed to trial. The resolutions submitted states that the appeal is in order, and that the specifications of errors alleged having been read and the parties having been heard, three hours being allotted to each hearing, the assembly shall then vote upon the following resolution:

Resolved, that the appeal from the decision and final judgment of the presbytery of New York rendered January 9, 1893, be entertained by the general assembly, and it is ordered that the case proceed to trial, according to the provisions of the book of discipline.

AT THE WORLD'S FAIR.
The Britishers Are Celebrating Queen Victoria's Birthday.

WORLD'S FAIR GROUND, CHICAGO, May 24.—This is the anniversary of Queen Victoria's birthday and the occasion will be elaborately celebrated today and tonight by her majesty's representatives at the exposition from the British Isles and the colonies of Canada, Australia, British Guiana, Jamaica, Ceylon, the Cape and India.

For the first time in Chicago the royal standard of England was unfurled officially today. Victoria house, which represents a cost of \$100,000, is a typical British home in the style of a half timbered manor house of the Tudor period, two stories and a basement in height. The main floor, which is the only part of public interest, was opened to receive visitors today. The Canadian subjects of the queen celebrated the day by holding a reception this afternoon in the Dominion pavilion across the driveway from Victoria house.

Executive Commissioner Lark, Senator Perley, commissioner for the Northwest territories, and W. Norton, superintendent of the liberal arts' section, were the hosts. The invited guests, many of whom spoke, included all the British and colonial commissioners to the fair. In the evening an official dinner on an elaborate scale will be tendered by the British commissioners to prominent subjects, World's fair officials and foreign commissioners at the Virginia hotel.

The exhibit of the municipal government of Paris in the French pavilion was opened today. The exhibit is an extensive one and was an instructive object lesson to the municipal officials of Chicago. Yesterday's paid admissions of nearly 33,000 will probably be exceeded today as the weather is favorable and the attendance this morning was large.

A Jewelry Assignment.
ST. LOUIS, Mo., May 24.—The Providence jewelry company, of 100 North Broadway, yesterday made a general assignment to Francis J. McMaster for the benefit of creditors. The assets are estimated at \$75,000. The liabilities are not stated.

Drowned at Minnetonka.
ST. PAUL, May 24.—William Scanlan, who came West a few weeks ago from New York city, and Frederick Jacobson, who has lived at Lake Minnetonka for three years, were drowned during Monday night in Lake Minnetonka.

A CHURCH SENSATION

Startling Charges Made Against Dr. Potter, Pastor of the Tabernacle Baptist Church, New York.

It is Alleged He is Untruthful, Intemperate, Dishonest and Frequent Questionable Places of Amusement.

Accused of Being Guilty of Flagrant Immorality That Renders Him Unfit For the Ministry.

NEW YORK, May 24.—The Times says: Some sensational charges were made last night at a meeting of the officers and members of the Tabernacle Baptist church against the pastor, Rev. Dr. C. C. Potter. They were presented by Assistant Pastor Putnam, who before offering them tendered his resignation.

The reverend gentleman is charged with abusing the truth and misrepresenting and falsifying facts for his own behalf. They allege that he is intemperate and "had often been seen in private and in public in a state of intoxication." Further, he is accused of being deliberately dishonest incurring debts with intent to defraud and it is charged that he leads a luxurious life. It is charged that he has "misused the confidence reposed in him by virtue of his position and calling to gain possession of means and money regarded as sacred by every Christian man."

The charges further alleged that Dr. Potter has not "shrunk from embezzling money to his own use which were invested into his hands for the purpose of relieving the burdens of the poor and cheering the homes of widows and orphans." It is declared that his conduct has scandalized the church and his sacred calling.

Dr. Potter is further accused of frequenting questionable places of amusement and of being guilty of "flagrant immorality which renders him unfit for the Christian ministry or a member of a Christian or even decent society." A prominent member of the congregation is quoted as saying: "I know the contents of the charges against Dr. Potter and believe there is some truth in them. It is alleged that he applied the Denike fund of \$2000 to his own use. He says that he has given the trustees of the church a mortgage on his country property to secure the re-payment of this amount. It has been learned, however, that this mortgage is only a second charge and that the first mortgage is recorded for more than the value of the property. It is well known that Dr. Potter collected \$48 from the King's Daughters for the burial of a poor woman but that the undertaker has not yet been paid. Various other allegations are made against the doctor under this head."

Dr. Potter is the owner of an expensive yacht valued at \$7000. There are numerous stories about Dr. Potter's various escapades. His wife does not live with him. Another allegation against him is that for some time past he has collected considerable sums of money towards a children's fresh air fund, but although some children have been sent to the country he still owes all the bills for their expenses.

Two Negroes Lynched.
ATLANTA, Ga., May 24.—Ephraim Mulcher, who brutally murdered J. J. Brown, a prominent business man of Nichols, Georgia, and another negro who was quarreling with Brown when he was killed, were captured, and as they were taking them to Douglas they were overpowered by a mob and the prisoners were lynched. Mulcher and the other negro were hanged to the same tree. Their bodies were riddled with bullets.

Insurance Laws in Kansas.
NEW YORK, May 24.—The Times special from Topeka, Kas., says: Superintendent of Insurance Snyder has made an official ruling in relation to the non-resident agency law. He declares he will adhere closely to this ruling, which will have the effect of forcing every foreign insurance company doing business in the state to establish a state agency.

COL. C. W. DEAN.

SUNSTROKE IN BATTLE!

DR. MILES MEDICAL CO., ELIZABETH, N.J.—I must say the Restorative Nerve and Nerve and Liver Pills have done me great good.

FOR YEARS I HAVE NOT FELT AS WELL AS NOW.
The starting point of my disease was a sunstroke received in battle before Fort Hudson, Louisiana, June 18th, 1862, to the time of beginning to take Dr. Miles' Restorative I had had a constant dull aching pain in my head; also, weak spells, and the past four years I have had to give up everything of an active character, and stay in the house for a \$1000 cure could not walk across the street. I KNOW YOUR REMEDIES HAVE CURED ME and that the cure will be permanent. Several of my friends are using your medicine and speak well of them. Yours truly,

COL. C. W. DEAN.

AMERICAN RAILWAY UNION.

Mass Meeting of Railway Employees at Chicago June 20.

CHICAGO, May 24.—The American Railway union is holding the first session of a meeting of its officers and directors which will extend over ten days and will be engaged in the work of framing the constitution and by-laws of the organization.

The union has announced a mass meeting to be held in this city June 20, to which all railway employees of the American continent are invited. After that meeting the books of the union will be ready for the enrollment of members. The union has now positive assurance from all the lodges of the Brotherhood of Railway Carriers of enrollment in a body, and promises to the same effect from other lodges belonging to all classes of railway employees.

The union will be conducted on educational lines according to the statement of its vice president, George W. Howard, ex-grand chief conductor of the Brotherhood of Railway Conductors, and it will be the aim to secure justice to every person and class of men engaged in railroad work.

AGAINST THE ARMY BILL.

An Address Issued by the Center Party in Germany.

BERLIN, May 24.—The party of the Center, concerning whose opposition so much doubt has been felt, has issued an address. In it the Centerists take a decided stand against the army bill. They say that the question at issue is not the securing of the existence of the fatherland, but whether a military state shall be established and Germany transformed into an army camp in time of peace, thereby stripping the country of those who ought to maintain its industries.

The address goes on to state that the Center party will oppose the army bill and the amendment supported by Freier von Heiningen Huene, but will vote in favor of everything necessary to maintain a strong army and an efficient navy, at the same time taking into due consideration the question of the people's capacity to stand additional financial burdens.

The address also states that the Center party is engaged in an earnest struggle against the false and unchristian doctrines of the Socialists and their so-called liberal legislation. The Center also demands reform in the financial administration of the empire.

THE ACT OF A FIEND.

Burned Down a Church and Violated a Cemetery.

ST. CLOUD, Minn., May 24.—The Catholic chapel on Mount Calvary, about a mile west of the city, was set on fire yesterday morning and burned to the ground. Some time ago it was broken open and the mass book stolen. It is supposed to be the work of some one who had a grudge against the church. Loss, \$2200; insurance \$1300.

Investigation conclusively showed that the chapel was fired by an enemy of the church. In the building was a statue of the blessed virgin Mary and one of the Lord. These the culprit took from the building about two weeks, then stripped part of the fence surrounding the cemetery of its pickets and setting them afire threw the statues into it and burned them.

After completing this fiendish act, he proceeded to the North Star cemetery and knocked down and smashed about fourteen tombstones from the graves of little children. If caught, the culprit will be given a warm reception.

IMPORTANT LAND DECISION.

How Patent Must Issue on Death of a Homesteader.

WASHINGTON, May 24.—The attention of Secretary Hoke Smith has been called by the commissioner of the general land office to the recent decision in the United States supreme court in the Bear case, in which it was held that on the death of a homesteader entryman leaving no widow, but both adult and minor heirs, patent when issued should issue to all the heirs equally, and not to the minor heirs to the exclusion of the adults.

This is contrary to the uniform ruling of the general land office, and the commissioner asks whether the practice shall be changed to conform to the supreme court decision. The secretary answers in the affirmative and holds that all cases in conflict with the decision referred to must be considered as overruled. Hereafter all patents issued must conform to this decision.

THERE MUST BE A NEW JURY.

A Jury Disagreeing on an Insanity Plea Cannot Try a Case at Law.

MADISON, Wis., May 24.—The court holds in the French case that where the jury fails to agree on the question of the sanity of a prisoner the same jury cannot try the main issue, but must be considered to have disagreed and a new trial must be had.

The opinion by Justice Orton further states that if the law provided for trial of the prisoner by the same jury which disagreed on the special plea of insanity, the constitutionality of such law could probably be successfully questioned.

SUING THE BONDSMEN.

Edward Fennelly's Shortage at Ashland Must Be Made Good.

ASHLAND, Wis., May 24.—District Attorney Sleight has begun a suit against the bondsmen of Edward Fennelly, the defaulting county treasurer. They are ex-Sheriff John Hynes, John Dowd and C. W. Hopkins. The bonds were \$10,000, which amount is denied for the county. Fennelly's shortage is about \$16,500, but District Attorney Sleight sees no way in which the bondsmen can be held for any greater amount than they subscribed.

ANOTHER LANDSLIDE.

Fifty Farms Destroyed and Over 100 Persons Missing in Norway.

CHRISTIANIA, May 24.—Another landslide has occurred at Vaerdalen, Norway. Fifty farms were destroyed and over 100 persons are missing.

That cure of Geo. W. Turner, of Galway, N. Y., of scrofula, by Hood's Sarsaparilla, was one of the most remarkable on record.

THE MAINE BUILDING

The Pine Tree State's Handsome Little Building at the World's Fair Dedicated This Morning.

An Eloquent Address Was Delivered by Governor Cleaves, Which Was Received With Great Applause.

Response Made by John N. Hewitt in Behalf of the Sons and Daughters of Maine.

WORLD'S FAIR GROUNDS, CHICAGO, May 24.—Maine's charming little state building in the northeast corner of the fair grounds was formally dedicated today shortly before 1 o'clock. The structure is a typical one embodying the materials found in different parts of the pine tree state. The building, aside from the value of the material used in its construction, cost something over \$30,000. It is handsome, commodious and every way adapted to the purpose to which it is to be devoted.

Without the appearance is that of a rustic substantially, while within the house is one of the coziest places to be found in Jackson Park. It contains many historic relics and curiosities. It has a splendid location facing Lake Michigan and promises to be a favorite resort not only of the residents of Maine, but persons from other states looking for a pleasant retreat.

HENRY BRADSTREET CLEAVES.

The delightfully cool weather of the morning after yesterday's cold wave and a few days of afternoon sunshine, was a relief and brought out a large crowd long before 11 o'clock. At 11:30 the Iowa state band which has been giving concerts daily in the Iowa building came over and rendered a short program of popular airs. At about a quarter of 12 a big exposition orchestra, under the direction of Mr. Thomas, put in an appearance and furnished music until the exercises were well under way, when they departed for festival hall to take up their daily rehearsals being held there in preparation for the afternoon concert.

Governor Cleaves and staff arrived on time, and after a number of introductions by those in charge of the affair the services were begun with prayer by Dr. Noble of Chicago. H. C. Burleigh, president of the state board of World's fair managers, then reviewed the history of the World's fair movement in Maine and briefly described the building and what it is intended to typify.

The principal address was made by Governor Cleaves. He praised in eloquent terms the work of the Maine members of the World's fair managers, and eulogized the sons of Maine now resident in Chicago and thanked them for much aid and timely suggestions given during the preparatory work of this great enterprise. The address was received with great applause, and after a harp solo by Miss Harriet Shaw a response was made by John N. Hewitt in behalf of the sons and daughters of Maine.

Miss Cayvan, of Frohman's company, then gave a reading which was followed by a musical performance by the Bar Harbor Opera company, of Bar Harbor, closed the exercises by rendering several selections from Dr. O. P. Sweet's opera "Bar Harbor," which aroused much enthusiasm.

The Iowa band then entertained the crowds by another short program during the reception following the exercises, which were thoroughly enjoyable throughout.

A RECEIVER APPOINTED.

A Large Electric Manufacturing Concern in Trouble.

EAU CLAIRE, May 24.—Ralph E. Rust was yesterday appointed receiver of all the property of the National Electric Manufacturing company. The assets of the company appear to be about \$500,000 and the indebtedness about \$400,000. The appointment was made by Judge Ritley.

The company is one of the largest electrical manufacturing concerns in the United States. The cause for the appointment is owing to the prevailing suits arising out of the stringency of the money market.

TELLS A DIFFERENT STORY.

The Son of Murderer Neise Repudiates His Former Statements.

OTTUMWA, Ia., May 24.—Harry Neise, the 9-year-old son of the accused murderer, was on the stand yesterday. He repudiated all his testimony before the jury and the grand jury, and told a different story.

He has been living for the past month with Hattie Foltz, the supposed paramour of Neise, and the state proposes to show that he was coaxed to give the testimony he did yesterday.

Adulterated Wine
Is injurious, but nothing gives strength like a pure old port wine. "Royal Ruby Port," so called for its royal taste and rich color, is particularly adapted for invalids, convalescents and the aged. Sold only in quart bottles for \$1, while cheap wine is sold by the gallon and gives a larger profit to the seller, but less to the user. This wine is absolutely pure and has the age without which no wine is fit to use. Be sure you get Royal Ruby Port, in quart bottles only. Sold by S. F. Boyce, druggist.

Sick Headache

21 Years of Suffering Ended by One Bottle of HOOD'S.

Mrs. Ed. Swan, Duluth, Minn.

"Few people have suffered as much as I have with sick headache. I have had it by spells for 21 years, sometimes as often as

Three Times a Week.
I would get up with it, suffer all day, go to bed with it and have it all night. I tried everything that was recommended, but never was cured until about a year ago, when

My Mother-in-Law
persuaded me to try one bottle of Hood's Sarsaparilla. I am glad to say that it cured me, and I have not had sick headache since I took the first bottle of Hood's Sarsaparilla. It has

done me a great deal of good in other ways, and has increased my weight from 125 to 147 pounds. I cannot praise Hood's Sarsaparilla enough." Mrs. Ed. Swan, Duluth, Minn.

HOOD'S PILLS are hand made, and perfect in proportion and appearance. 25c. per box.

GOSSIP FROM THE CAPITAL.

A Formidable Candidate—Don Dickinson Pursued by Office-Seekers.

WASHINGTON, May 24.—The Post says: A formidable candidate for the position of first assistant secretary of agriculture has appeared in the person of W. I. Buchanan, of Iowa. The farmers and farmers' organizations of the West are doing all they can for him and are exerting a very heavy pressure upon the president. Mr. Buchanan is a warm personal friend of Governor Boies and is earnestly backed by him in every way.

Ex-Secretary Don M. Dickinson left for New York last night, in which city he will join his wife. Together they will spend the summer at some one of the resorts upon the Long Island coast.

He will give his address to no man outside of the circle of his intimate friends. He has not yet fully recovered from his recent illness, but is rapidly improving. When he reached Washington on his last visit he closed waiting him at the Arlington hotel a pile of 2000 letters. They were from men who wanted office or some other favor from the administration. Mr. Dickinson spent a large part of Monday closeted with the president, and yesterday held a lengthy peace talk with Assistant Secretary of State Quincy. His work is done and a number of North-west appointments are expected to follow.

ABSORBED BY THE STANDARD.
The Greatest Rival of the Oil Combine Removed.

SAVANNAH, May 24.—The Standard Oil company has without a doubt absorbed the Tidewater Oil company. It has been rumored for some time that changes were being made, and the rumor was confirmed by a statement from one of the officials who said the absorption of the Tidewater Oil company of New York, constitutes a \$7,000,000 coup, and will give the largest competitor the Standard Oil company has had.

There is no doubt that the deal has been made. The employees of the Tidewater company here are expecting to be removed by June 15, when the deal goes into effect. It is understood, however, that the company will continue to be run as the Tidewater Oil company.

CHLOROFORMED AND ROBBED.
A Potato Dealer Held Up by Two Highway-men.

WAUPACA, Wis., May 24.—N. A. Nettleson, a potato dealer of Scandinavia, while on his way home last evening, was set upon by two men who jumped upon his backboard from behind, chloroformed him and tied his hands and feet with stout cords, robbing him of \$700 in bills and left him beside the road.

When Nettleson came to, he managed to get to a farm house near by where they cut the cords and brought him to town. Sheriff Williams and his deputies are scouring the country.

Well it is Just Such a Repast.
"A perfect lunch, perfectly served," that we enjoyed the other day in the cozy lunch room of Havnie & Co. We had just gone by a statement of shopping in that busy place and were glad to leave it and settle comfortably in the cool, quiet rooms above; rest, enjoy all that was put directly before us, and long after decidedly happier, and comfortable too, in the knowledge that there was still something left in our purses to make us want to come again. A SHOPPER.

Special Sale of Lots On Duluth Heights!

★
Prices
Will
Be Advanced
On
June 1st.
★

Highland Improvement Company,

Room 1, Lyceum Building.

ON TUESDAY, MAY 30th, lots will be sold on Duluth Heights at the present low prices, on following terms: 10 per cent of price on day of sale and balance in one, two and three years; or, if preferred, on monthly payments of 5 per cent a month. On every ten lots sold an extra lot number will be placed in a box and a drawing made, and the person drawing the number will receive a warranty deed for the extra lot, FREE without any consideration. Selection can be made at our office NOW and lot reserved for day of sale. This is a great opportunity to secure a home site on an electric street railway and in a fast growing location.

WEST DULUTH ITEMS

The Swedish Baptists of West Duluth Have Just Completed a New Church Building.

It Will Be Dedicated With Appropriate Ceremonies and Exercises Next Sunday Morning and Evening.

Some Improvements at the Village Fire Hall—Other Matters of Interest to West Duluthians.

The Swedish Baptist church people have just completed a very neat and commodious church on the corner of Fifth avenue west and Third street north. This society was organized last September by eighteen members and now numbers sixty-nine with a prosperous Sunday school and large congregation. Next Sunday the church will be dedicated with morning and evening services. In the afternoon at 2:30 p. m. there will be delivered a sermon in English.

West Duluth Briefs.

The boys of the fire department are painting and beautifying the apparatus and giving the inside of the fire hall a coat of paint. Chief Ryan has contrived a simple invention which guards against the dropping of the harness before the horses are directly under them as has sometimes happened, occasioning a loss of time.

Ed Humble has returned from Chicago where he was called to attend the funeral of his brother Fred, which took place Friday.

Merrill & Ring will dispose of the remnants of their lumber by kiln drying and shipping to Marcin, Wis., and to St. Paul to be used in tub bottoms. The smaller pieces they make into barbed wire reels for a firm in Joliet.

Ed Dornedy, from Ashland, who lately purchased an interest in the saloon business of J. J. Mack, has bought Mrs. Ryan's residence on First avenue west and will move his family here to live.

N. C. Hendricks has introduced the cash carrier system in his dry goods store which gives it quite a metropolitan appearance.

Mary A., the 5-year-old daughter of Mr. and Mrs. George Bothwell, died yesterday of scarlet fever.

Dr. Forin has resigned his position as health inspector and Dr. Keyes has been appointed to fill the vacancy.

Charles Clement left yesterday with his mother for their home near St. Cloud where he will remain until he fully recovers.

Special services will be held in the Presbyterian church this evening and Thursday and Friday evenings.

Dr. Burnside and family left this afternoon for Chicago to visit the World's fair.

J. M. Martin went to St. Paul today on a business trip.

Build your house to suit yourself. We have a lot on Third avenue in Fifth division for sale cheap on building contract. No further payment on lot for three years. Williamson & McCormick, 322½ Central avenue, West Duluth.

THE BERING SEA TRIBUNAL.

Sir Charles Russell and Mr. Carter Have a Warm Dispute.

PARIS, May 24.—Sir Charles Russell continued his argument in behalf of the British case today before the Bering sea tribunal of arbitration. Sir Charles said that before the islands were discovered pelagic sealing had been exercised, and the discovery and ownership of the Pribiloff islands could not destroy the previous right of mankind.

Sir Charles reproached Mr. Carter, one of the American counsel, with having argued on metaphysics and ethics instead of law, and he refuted the contention that killing female seals was wrong. Law supported such a contention.

Mr. Carter objected to the version of his arguments used by Sir Charles Russell for the purpose of quotation. A warm passage of words ensued between Mr. Carter and Sir Charles. The latter then proceeded to argue that Mr. Carter's contention that it was the duty of the United States to preserve the seals for mankind and to appropriate the usufruct was only of academic interest. Sir Charles quoted cases mentioned in the American argument to prove that there could be no right of property in the seals.

Special World's Fair Rates.

On account of the World's Columbian exposition the St. Paul & Duluth railroad will sell one way and round trip tickets to Chicago at greatly reduced rates. Tickets on sale April 25 to Oct. 31, inclusive, and good for return passage up to Nov. 15. For further information apply to F. B. Ross, Northern passenger agent, 428 West Superior street (Spalding hotel).

WHEAT WEAK AND LOWER.
Good Sales of July at the Best Figures of the Day.

The wheat market here today was weak in the early hours and ruled lower all day. The opening was below last night's close and there was a further decline of 1/4c to 3/4c on the early trading. Subsequently prices rallied and the market ruled firm. There were good sales of July in the afternoon at 1/2c above the opening figures but this advance was afterwards lost. The mills were in the market and bought liberally of track wheat and to arrive at 1/4c below yesterday's figures. There was very little demand by shippers. The close was 1/4c lower than yesterday for cash and May, 1/2c to 3/4c lower for July and September and 1/2c lower for track wheats. Following were the closing prices:

No. 1 hard, cash, 69 1/2c; May, 69 1/2c; July, 72 1/2c; September, 75c; No. 1 northern, cash, 69 1/2c; May, 69 1/2c; July, 72 1/2c; September, 75c; No. 2 northern, cash, 68 1/2c; May, 68 1/2c; July, 71 1/2c; September, 74c; No. 3, 67 1/2c; May, 67 1/2c; July, 70 1/2c; September, 73c; No. 4, 66 1/2c; May, 66 1/2c; July, 69 1/2c; September, 72c; No. 5, 65 1/2c; May, 65 1/2c; July, 68 1/2c; September, 71c; No. 6, 64 1/2c; May, 64 1/2c; July, 67 1/2c; September, 70c; No. 7, 63 1/2c; May, 63 1/2c; July, 66 1/2c; September, 69c; No. 8, 62 1/2c; May, 62 1/2c; July, 65 1/2c; September, 68c; No. 9, 61 1/2c; May, 61 1/2c; July, 64 1/2c; September, 67c; No. 10, 60 1/2c; May, 60 1/2c; July, 63 1/2c; September, 66c; No. 11, 59 1/2c; May, 59 1/2c; July, 62 1/2c; September, 65c; No. 12, 58 1/2c; May, 58 1/2c; July, 61 1/2c; September, 64c; No. 13, 57 1/2c; May, 57 1/2c; July, 60 1/2c; September, 63c; No. 14, 56 1/2c; May, 56 1/2c; July, 59 1/2c; September, 62c; No. 15, 55 1/2c; May, 55 1/2c; July, 58 1/2c; September, 61c; No. 16, 54 1/2c; May, 54 1/2c; July, 57 1/2c; September, 60c; No. 17, 53 1/2c; May, 53 1/2c; July, 56 1/2c; September, 59c; No. 18, 52 1/2c; May, 52 1/2c; July, 55 1/2c; September, 58c; No. 19, 51 1/2c; May, 51 1/2c; July, 54 1/2c; September, 57c; No. 20, 50 1/2c; May, 50 1/2c; July, 53 1/2c; September, 56c; No. 21, 49 1/2c; May, 49 1/2c; July, 52 1/2c; September, 55c; No. 22, 48 1/2c; May, 48 1/2c; July, 51 1/2c; September, 54c; No. 23, 47 1/2c; May, 47 1/2c; July, 50 1/2c; September, 53c; No. 24, 46 1/2c; May, 46 1/2c; July, 49 1/2c; September, 52c; No. 25, 45 1/2c; May, 45 1/2c; July, 48 1/2c; September, 51c; LARGEST CIRCULATION IN DULUTH.
Entered at the postoffice at Duluth, Minn., as
second-class mail matter.

The Weather.
U. S. WEATHER BUREAU, DULUTH, MINN.
May 24.—The storm that was noted yesterday
from over Northern Iowa and Southern Minnesota,
which it is central this morning with light
drizzle. Light rains are falling within its limits
but there is no indication of a recent trend
developing into anything more than a light storm,
although the chances are in favor of light rain
today.
The temperature remains low over the North-
west, several stations reporting a reading near
the freezing point. Over the South it has risen
slightly as well as in the southwest.
The winds are generally light in all sections,
and except over the area embraced by the storm
the weather is generally clear.
The highest temperature here yesterday was
54, the lowest last night 38.

DECEMBER, MAY 24.—Fair, probably followed
by rain today, and fair Thursday, slight clearing
in temperature, high northeast and east winds,
shifting to north and northwest.
R. H. BROOKS,
Local Forecast Official.

WASHINGTON, May 24.—Forecast till 5 p. m.
tomorrow: For Wisconsin: Showers followed
by fair; slightly warmer weather Thursday
morning, cooler at night; clearing, but rain
possible. For Minnesota: Fair to-
night and Thursday; slowly rising temperature
except in Southern Minnesota; slightly cooler
Thursday morning with no chance at night
north winds, becoming variable.

The People Triumph.
Sunday opening of the World's fair
now seems to be assured, the national
commissioners having declined to
modify the rule adopted by the local
directors which provides for throwing
open the gates of Jackson Park on Sun-
days. The opponents of Sunday open-
ing say they were outvoted. The senti-
ment of the public favors Sunday open-
ing and it was all powerful. All the talk
now indulged in about irreversibility
by the federal authorities is idle and non-
sensical. The federal government has
no right or power to interfere. Congress
deliberately broke the original contract
with the World's fair management, and
by doing so it lost all right to say
whether the fair shall be opened or
closed on Sundays.

The World's fair management now
stands on tenable ground on the Sun-
day question. The whole fair, including
the buildings and their contents, as well
as the park, will be open to all persons
without distinction on Sunday as on the
other days in the week. To remove all
question as to any breach of faith with
the federal authorities, the directors
"pledges and obligates itself to return to
the government on demand that portion
of the appropriation received by virtue
of the act of Aug. 5, 1892—out of the sum
of \$1,029,120—from and out of the net
receipts of this corporation after the
payment of all just and valid debts and
obligations and before any pay-
ments shall be made to the stock-
holders or the city of Chicago." The re-
turn of this money is made despite the
fact that many people believe the direc-
tory is not legally or morally bound to re-
turn it, and although it will result in a
heavy financial loss to the stockholders
in the exposition and to the taxpayers
of Chicago.

While the management of the ex-
position thus suffers a financial loss, it
has also made a great gain. The only
proper measure of the success of the
fair, it has been well said, is the atten-
dance. The more people that enter the
gates the nearer the fair attains to its
God-given purpose. To this end alone
the directors have spent money like water;
there has never been a question of gain.
To the same end the directors now
braves the protests of those who would
deprive many people of the only oppor-
tunity that they will have to be amused,
instructed and uplifted by this grand ex-
position.

It is a victory for the people as against
the bigoted Sabbatharians, and by the
latter expression reference is not inten-
ded to the thousands of earnest Chris-
tian men and women of the
nation who have no sympathy
with the Wilbur F. Crafts, the
John Willis Baers and the other ex-
tremists who have been lampooning the
directors of the exposition because they
have not subscribed to their narrow-
minded views. It is a notable fact that
within the past week three brave Chi-
cago clergymen—one a Methodist, an-
other a Presbyterian, and the third a
Baptist—have spoken out in favor of an
open fair on Sundays. One of the Chi-
cago preachers who devoted a sermon to
this subject last Sunday was Rev. James
Miller, and he said in part:

"Whether the World's fair shall be
opened or closed on Sunday will be de-
termined, not by the Christian church,
but by public sentiment. Whether vis-
itors to the World's fair shall go away
with the impression that Christianity is
the smallest or the greatest force of the
nineteenth century and of our American
life depends entirely upon the action
and energy of the Christian church. If
we waste our opportunity whining be-
cause we cannot have our own way we
shall make the world feel how small we
are and how insignificant our influence
is. If, on the other hand, the fair is
opened and we throw ourselves into the
whirl of this mighty movement of genius
and industry which make the world feel
what a mighty, unique and irresistible
force Christianity is, then indeed they
will go forth to all lands as from a new

pentecost to tell in their own tongue the
wonderful works of God."
On the same day, Mrs. Elizabeth
Beecher Hooker, a Christian woman, who
comes of a family that has given to
America the most brilliant Christian
preachers of the country, preached in
the same city and said:

"If I were a czar I would open the fair
every Sunday. I would have birds in
the grounds and I would have \$1 coupon
tickets of ten cents each, so that an en-
tire family could enter. In each of those
buildings I would hold religious services,
I would have sung Scotch songs, Irish
songs, and all kinds of songs. In brief I
would have a regular jubilee. But I am
not a czar. This is the first time I ever
had of Christians going to congress for
religion. We could do without that
\$5,000,000. It should be returned to
congress. If the directors of the fair
would pay more attention to the Lord
than they do or have done to congress,
they would open those gates, so that the
poor, worthy people could see the fair
and have a jubilee."

Is there not much of Christ in this little
sermon that can be found in all the
impartate harangues of the Sabbath-
arians since the struggle, now ended in a
triumph, for public sentiment, was begun?

Turn Out and Vote.
Every friend of the Duluth, Missabe &
Northern road, and that should include
every person in Duluth as well as in
all other parts of St. Louis county, should
go to the polls on Friday and vote in
favor of the proposition to bond the
county for \$250,000 to aid this enterprise,
in return for stock in the road to the
same amount.

That there is opposition to this propo-
sition in some sections of the county can-
not be denied. It is right that all the
friends of the road should know it so
that by their votes they may render
the opposition futile. The opposition is
created mainly by a rival road that is
owned largely by outsiders and carries
most of its traffic to a port outside of St.
Louis county, while its immense profits
go to swell the bank accounts of men in
Chicago and other cities. It objects to
the Missabe road building into its terri-
tory and has done and is doing every-
thing in its power to cripple an enter-
prise that means much for Duluth.
While Eastern capital is also interested
to some extent in the Missabe road, the
majority of the stock is owned and con-
trolled by Duluth men. The manage-
ment of the road is vested in Duluth
men, who have proven their loyalty to
Duluth's interests by earnest work and
by sacrifices that but few men would
have made. The road is now condemn-
ing a right-of-way into Duluth, and the
damages which it must pay in cash at an
early date amount to probably \$350,000.

It is a gigantic enterprise that the
Merriitts and their associates have under-
taken. Their plans include not only the
development of the great Mesaba range
with all that it implies, so far as Duluth's
interests are concerned, but they also in-
clude the extension of the Missabe road
to Ely in the heart of the Vermilion
range, thus bringing the rich ore of the
great range to Duluth. That line will be
pushed from Ely to Grand Lake, where the
connection will be made with the Port
Arthur road, giving a direct line from
Port Arthur to Duluth. Nor is this all.
The Missabe road will also penetrate
the great Rainy river country. That
rich district will be thrown open to set-
tlement and Duluth will be the gainers.
Connection will be made with a line from
Winnipeg, and the long desired road be-
tween Duluth and Winnipeg will be a
reality, while it is not improbable that a
branch will be run from this main line
into the lower Red river valley in the
neighborhood of Grand Forks. These facts
are mentioned to give the people a slight
idea at least of the great future of this
enterprise and to show that the aid now
asked is infinitesimally small in com-
parison with the great benefits which
will be derived by Duluth and by all of
St. Louis county.

The opponents of the proposition will
be certain to vote, and it therefore be-
comes every friend of the road to go to
the polls on Friday and record his vote
in favor of it. Neglect or apathy may
result in the proposition's defeat. There-
fore do your duty.

The authorities at Corunna, Mich.,
should make an example of the mob that
lynched Murderer Sullivan at that place
last night. It was a shocking and fen-
dish act, attended by atrocities of the most
savage character. There was not the
slightest excuse for this crime, as Sulli-
van has been tried and sentenced to im-
prisonment for life. It shows however,
that the people believe that death is the
proper punishment for murder.

Here is a specimen of domestic adver-
tising from the columns of the London
Times: "Mrs. George Aston, No. 5 Vic-
toria street, Westminster, takes this op-
portunity of thanking her numerous
friends for their kind letters of sympathy
on the dissolution of her marriage. If
such advertisements were considered
proper in Chicago, the newspapers of
that city would be compelled to increase
their size."

The man who sent a bogus dispatch
which caused a general walkout of the
telegraph operators on the Chicago &
Northwestern road, thus seriously inter-
fering with the traffic of the road, de-
serves severe punishment. That he is
an enemy of the telegraphers' union
admits of no doubt.

Don Dickinson returned to Washing-

ton the other day and found 3000 letters
from office seekers waiting to secure his
influence with the administration. Now
Don proposes to go into hiding until
most of the appointments are made.

The Old Colony railroad in Massachu-
setts has established a new rule forbid-
ding intoxicated persons from boarding
its trains. It is a good rule, and should
be adopted by all railroads. It would
prevent many fatalities.

The St. Paul News opines that if he be
true that people pasture their cows in
the streets of West Superior, why then
West Superior is more of a stock coun-
try than a mineral region.

The Standard Oil company has ab-
sorbed its greatest competitor, and if
there is anything now in the oil business
that it does not control it must have es-
caped its attention.

It begins to look as if the revolution in
Nicaragua would be a small affair com-
pared with the Briggs conflict in the
Presbyterian church.

This is the sort of weather that makes
a man doubtful whether he should buy a
linen duster or an overcoat.

AN INFANTE OF SPAIN.
Prince Antonio of Bourbon-Orleans, Husband
of the Infanta Eulalie.

Antonio Luis Filipo Maria, prince of
Bourbon-Orleans, and son of the late
duke de Montpensier, is cousin to his
wife, the infanta. They were married in
Madrid on March 6, 1886, and that city
has since been their home. They have
two sons, Alfonso, 7 years old and Luis
Fernando, 5 years old.

The prince, who is an infante of Spain,
is lieutenant colonel of the Princess re-
giment of hussars and a chevalier of the
Order of the Golden Fleece.

AMUSEMENTS.
Comedian Pete Baker.
Pete Baker, the German dialect com-
edian, appears at the Temple Thursday
and Friday evenings in "Chris and Lena."
The Pittsburgh Commercial Gazette
says:

"Pete Baker proved himself last night
once more to be a favorite with Pitts-
burgh audiences. His original success,
'Chris and Lena,' reconstructed and re-
written, is an interesting as well as tuneful
production, and as presented at the
Bijou last evening pleased a large audi-
ence as much as it ever did in years gone
by. Miss Martha George, as Lena, re-
vived the old glories of the play, the
part was brought off by T. J. Farron, and
it is safe to say she sings the part as it
was never sung in the old days. Billy
Kennedy, as Tim Flaherty, is very fun-
ny, and being blessed with a good voice,
he and the company throughout is good,
and the whole performance remarkably
strong."

The Bohemian Club.
Decoration day will be celebrated by
the Bohemian club as the date for its
initial performance at the Lyceum the-
atre. The "King of the Carnival"
Island, a one act opera which has
achieved much success in England, will
be the principal part of the program.
Elaborate scenery, weird costumes, ac-
tions, ballets and "Hokey-Pokey
Winkly Wum, how will you have your
prisoners done; baked or boiled or stewed
in rum, says the King of the Carnival
Island." will follow. Much new
music has been introduced by Prof. Cus-
tance.

"Dr." Slade.
Superior Call: "Dr." Chas. Slade, who
suddenly left Duluth a year ago at the
solicitation of the authorities, now giv-
ing services at Eau Claire. Whatever
may be his short comings, one cannot
help admiring the "doctor's" tenacity of
purpose. What wonders he might ac-
complish if he only applied it in the
right direction!

"Mighty Interest"
To almost everybody is the question of
transportation to the World's Columbian
exposition.

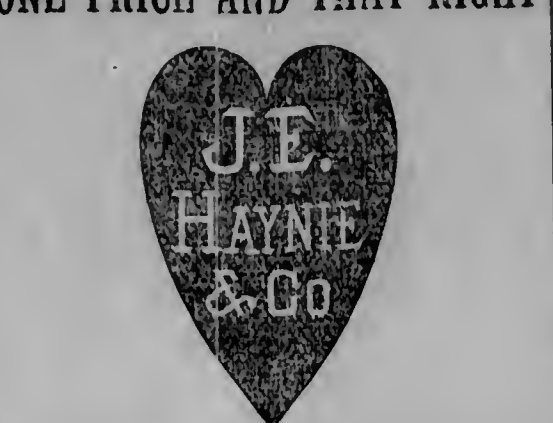

The Wisconsin Central line offers the
public through Pullman palace sleeping
cars, the finest dining car service in the
West (that's honest), and commencing
April 25, round trip rate of \$21.70, one
way rate each direction, \$12.
For tickets, sleeping car reservations
and further information call on or ad-
dress

F. A. GREENE, City Tkt. Agent,
416 West Superior street,
Duluth, Minn.

CATARH IN CHILDREN
For over two years my little girl's life
was made miserable by a case of Catarrh.
The discharge from the nose was large,
constant and very offensive. Her eyes
became inflamed, the lids swollen and
very painful. After trying various reme-
dies, I gave her Catarrh. The first bot-
tle seemed to soothe and aggravate the
disease, but the symptoms soon abated,
and in a short time she was cured.

possessing just a tinge of
sensing romance, caused by
the bringing together of ultra
colorings; moderate prices.

"Negligee Gowns"

In Lawn, Gingham, Sateen
and Percale, especially for
morning wear, \$3 to \$8.50.
They are of the kind that
are scarce.

**Now the Linen
Department**

Is getting busy, all kinds of
stamping done on short no-
tice.

**A Word
About Hosiery.**

We sell the best kind of
kinds made, which assures
you of pure dyes, fine yarns
and graceful shapes; moder-
ate prices.

**Lamp Shade
Craze,**

Crepe Paper Lamp Shades,
the acme of perfection from
an artistic as well as eco-
nomical standpoint. See
them.

**Morning
Shopping**

Is growing apace in the store.
Each morning the store be-
comes sprinkled with multi-
tudes of ladies dressed in
cheerful morning costumes,
with fresh early morn com-
plexions—all of which fairly
electrifies the place. The
morning is the preferable
shopping time and we sup-
pose this is being recognized
more and more by the ladies.

The Cloak Department

Is intensely busy, as usual.
A lot of new things came
again this morning.

The Annual Meeting.

THE SCHEDULE FILED

Assignee Paine Makes His Statement of the Assets and Liabilities of Gill & Wright.

Assets Reach \$112,200.98 With a Mortgage of \$53,000—The Total Liabilities Aggregate \$62,506.60.

Case to Determine Whether Emil Schmidt's Publication is a Legal Newspaper Heard and Submitted.

In the office of the clerk of the district court, there was filed at a late hour yesterday afternoon the schedule of assets and of liabilities of the firm of Gill & Wright, which assigned to F. W. Paine. It appears from the schedule that the liabilities reach the sum of \$62,506.60, consisting of sums owed to the Duluth Imperial flour, Milwaukee and Chicago papers.

Among the heaviest creditors are A. D. Thomson & Co., \$12,383.75; A. J. Sawyer & Co., \$20,341; Van Dusen-Harrington Co., \$12,380.66; Ames-Brooks Co., \$16,161.50; Pioneer Fuel Co., \$728.51; and Duluth Imperial Mill company, \$205.74, all of Duluth; Hardwood Manufacturing company, of Minneapolis, \$235.27; Benis Bros. Bag company, of Minneapolis, \$20,341; St. Paul & Western Coal company, of St. Paul, \$48,771; Milwaukee Bag company, of Milwaukee, \$7,583.83; and M. J. Neaght & Co., of Chicago, \$1,771.16.

The assets are scheduled at \$112,200.98, of which is real property, lots 1, 3 and 5, block 6, Day Front division of Duluth, valued at \$60,000, on which there is a mortgage for \$53,000; at equity, valued at \$700 in the Superior roller mill on Connor's point, and the remainder consisting of stock, fixtures, etc.

THE NEWSPAPER CASE.

Judges Ensign and Lewis Will Consider Whether Schmidt's Publication is Legal.

Arguments in the case wherein it is endeavored to be shown that Emil Schmidt's publication is a newspaper were heard today before Judges Ensign and Lewis. It was considered by the judges to be a problem that required some time for reflection and decision was therefore reserved. The probability is that Mr. Schmidt's uncertainty will be set at rest by Saturday. Each party was given one day in which to file briefs.

AT THE BAT AGAIN.

Frank Wright Turned up in Court Again This Morning.

Frank Wright was in the municipal court again this morning when time was called and Frank was looking as tough as ever. Drunkenness was the charge and he was sent up for ten days and must work on the streets during that time. The same fate fell to John Kelly, John Noole, Ole Olson and Colvin McDonald went up for the same length of time.

John L. Sullivan turned up in court again this morning charged with the usual offense, gratification of his appetite for whiskey. He denied his guilt and his trial was set for this afternoon. Sentence was suspended in the case of Robert Sheehan. Frank Galloway, Nels Nelson, John Hill and E. J. Williams were each put up \$12 each. S. W. Woodbury alleged to have been drunk and disorderly maintained his innocence and his hearing was set for this afternoon.

William Sampson paid \$5 for the privilege of using abusive language to a police officer. Paul Tvedt was charged by William H. Brown with kicking Ralph Brown, but the case was dismissed on motion of the city attorney.

June Weather.

The data of the weather office for the month of June shows the mean temperature of the month for the past 22 years to have been 58 degrees. The warmest June was in 1872 with an average of 61 degrees and the coldest in 1888, when the average was 54 degrees. The highest temperature was on June 28, 1883, when it was 92 degrees and the lowest 33 degrees on June 8, 1885. The average precipitation has been 1.83 inches; average number of cloudless days, 8; partly cloudy, 13; and cloudy, 9. Prevailing winds have been from the northeast and the highest velocity attained was 48 miles on June 24, 1880.

A Mistake Corrected.

It was reported in yesterday's Herald that Alderman Wilson opposed the appropriation of \$250 per month for the band. This was incorrect. Alderman Wilson supported it and voted for it.

Fell Between the Cars.

Conductor Geo. Woolen, of the Duluth & Iron Range railroad, was seriously injured when Endion station yesterday by falling between passing cars. He is reported as resting easily at St. Luke's hospital, where he was taken immediately after the accident.

The board of managers of the Young Women's Christian association meets tomorrow morning at 10 o'clock at the residence of Mrs. C. F. Howe.

The Marine band will accompany the Ossifrage excursion to Ashland leaving Duluth Saturday evening at 11 o'clock. Round trip \$3.50 including berth. Spend Sunday among the beautiful Apostles' Isles, returning to this city Sunday night.

Tonight the city club concert, arranged by E. C. Jones and Edward Feller, will be given at the Unitarian church. A fine program of music has been arranged.

Company A will give a ball at the Pavilion tomorrow evening. Hoare's orchestra will furnish the music and arrangements are being made which insure a great success.

You can carry your row boat to Flag river Friday on the Ossifrage free of expense on the fishing excursion. Round trip 50 cents.

The board of health has sent out about 125 notices to property owners directing them to connect their premises with the sewers, since April 1. There has been a general disposition to do as required and no trouble is reported.

Go to Flag river on the Ossifrage and fish on Friday.

The adjourned annual meeting of the stockholders of the Pennsylvania Iron and Steel company was held at the offices of the company in the Lyceum building on Monday last. The following directors were elected for the ensuing year: Wm. C. Bond, president; Henry Truesen, vice-president; Walter N. Ingalls, treasurer; Frank M. Zeller, secretary; Nels Hall, S. W. Clark and P. O. Holland.

The flag river excursion on the Ossifrage to have taken place yesterday was postponed on account of the weather until Friday, leaving Fifth avenue west at 1:30 sharp. Round trip 50 cents.

Thorwald C. C. Larson, Walter N. Ingalls, citizen of the United States this morning, receiving his second papers.

Edwin Archambault took out first citizenship papers in the district court.

A hall will be given at Turner hall tonight by the Duluth Marine band. There will be good music and a general good time.

Next Sunday will be first communion Sunday at the pro-cathedral. The mass will be at 10:30 a. m. as usual and the choir will give a fine program of music assisted by Hoare's orchestra.

Births as follows were reported at the health office this morning: Walter M. and Marilla C. Crandall, 1822 West Second street, a son; John and Mary Wilson, 111 First avenue west, a daughter; J. B. and Barbara B. Stewart, 1432 South street, a daughter; William and Maggie O'Grady, 2608 Huron street, a daughter; John and Isabel Martin, 25 Fifth avenue west, a son; John and Annie Nelson, 323 Grand street, a son.

Take in that 50 cent fishing excursion to Flag river Friday. Boats carried free. Leave at 1:30 sharp, returning by moonlight. Supper served on boat.

The death of All Regine Signar, aged 9 months, at 312 St. Croix avenue yesterday, was reported to the board of health this morning, the cause broncho pneumonia.

The Minnesota Canal company has commenced condemnation proceedings to acquire the land which it needs in the construction of its canal. The papers were filed with the clerk of court today.

Bids for the construction of the foundation for the new building to be erected on the Fergusson block site will be opened tomorrow.

The ice in the Whitefish river has just gone out, thus opening the last driving stream in Minnesota. The Two Harbors people now have a corner on skating facilities.

Patrick Burke, a drunk and disorderly character from Biwabik, and Herman Johnson, sent up from Merritt for larceny, have taken apartments at the jail for twenty and sixty days respectively.

Attorneys for the creditors of Alford & Jones met Assignee Merritt this morning to consider the items of his account. Nothing definite was arrived at. The matter will be again taken up in special term Saturday.

Miss Julia Hubbard, who was called home on account of the illness of her mother about two months ago, will return shortly to resume charge of the industrial department of the Bethel.

Deputy Sheriff Bates took Mary Jane Gualmet and Annie Hober to the insane asylum at St. Peter today.

A Mistake Corrected.

CATE & CLARKE

333 WEST SUPERIOR STREET.

DR. BRIGGS' CASE

The Famous Trial of the Theological Pro-
fessor for Heresy Begun by the
Presbyterian Assembly.

All Overtures from the Presbyteries, Relat-
ing to the Assembly's Action in
the Case, Tabled.

Dr. Briggs Resumed His Speech Defending
the New York Presbyterian's Action
in His Case.

He Had Not Concluded His Argument When
the Assembly Took a Recess
at Noon.

WASHINGTON, May 25.—At 9:30 the
moderator opened the assembly with
prayer and, after the disposition of some
routine business, Dr. Baker, chairman,
presented a report from the judicial com-
mittee recommending that the six com-
plaints of J. J. McCook and others
against the New York synod, growing
out of the trial of Professor Briggs, be
referred to a judicial commission for
trial. It gave rise to an informal discus-
sion, in the course of which the question
was asked whether or not the synod of
New York had met since the charges
were filed.

Moderator Craig.—"We have a certifi-
cate from the stated clerk that the
charges are in order and we cannot go
behind the returns." (Laughter.)
The recommendation of the committee
was adopted. Dr. Baker then reported
the action of the committee upon the
overtures relating to appeals direct from
the synod to the general assembly.

Overtures from twenty-nine assemblies
asked specific action upon the case now
pending; those from 145 others asked a
change in the book of discipline to pre-
vent any future appeal being taken di-
rect from the presbytery to the general
assembly.

The following resolution was offered:
Resolved, That a presbytery has the
undoubted right of petition to the gen-
eral assembly as to all matters relating
to the polity of the church, but an over-
ture from a presbytery advising the as-
sembly what action should be taken by
said assembly in a pending judicial case
is an irregular and unprecedented eccle-
siastical procedure. Every presbytery
has the right and the opportunity to
have its opinion expressed through its
commissioners on the floor of the assem-
bly; but it has no right to petition to
influence the decision of the assembly
on any pending judicial case. We there-
fore recommend that all such overtures,
in so far as they relate to the action of
the assembly in any case pending before
it, be laid upon the table.

We further recommend that that part
of the overtures relating to the action of
the book of discipline so as to provide
that no cases may in the future be taken
by appeal directly from the presbytery
to the general assembly be referred to
the committee on church polity.

The assembly apparently was ready to
act upon the report, for a motion to ac-
cept it and adopt the recommendations
was promptly made and adopted with no
dissent.

At this point Moderator Craig pre-
sented to the assembly Bishop John F.
McLure, of the Methodist church, who had
a seat on the platform.
Dr. Roberts, after speaking of the
resolution said that the World's fair
ground was a bonded warehouse and
that it was entirely competent for Sec-
retary Carlisle to close the gates and turn
the key on Saturday night.

Moderator Craig then resolved the as-
sembly into a judicial court, and Dr.
Briggs resumed his speech in defense of
the action of the New York presbytery
in the case of the World's fair ground.
He yielded for a motion to adjourn,
him and in opposition to the retaining of
the appeal from the judgment of the
presbytery thereon.

In the morning Dr. Briggs rested once or twice for five min-
utes, during which the audience was
given an opportunity to refresh them-
selves by rising to their feet. At twelve
time the pages began to distribute copies
of a pamphlet written by Stated Clerk
Roberts upon the legal standing of the
prosecuting committee. At 1:25 Dr.
Briggs yielded for a motion to adjourn,
having then occupied a total of three
hours and fifty-two minutes, preceding
which a number of announcements were
made.

The moderator stated that the com-
mittee upon closing the World's fair on
Sunday would visit Attorney General
Olney. The assembly then took a rec-
ess.

NO TRACE OF THE ROBBERS.
The Express Company Will Offer no Reward
For Their Capture.

St. Louis, May 25.—Up to 1 o'clock
this afternoon no traces of the train rob-
bers had been found. In addition to the
detective force of this city several small
posses from towns in the vicinity of
Pacific have been organized and are
scouring the country for traces of the
desperados.

The telegraph operator at Kiwood,
twenty miles east of where the train was
held up, states that shortly after mid-
night a band of horsemen passed his of-
fice and from their argument over the
road he believes they were on their way
to St. Louis. This strengthens the op-
inion that the robbery was the work of
St. Louis crooks who went on horseback
early in the evening, returning sometime
during the morning hours.

The exact amount secured from the
express car was \$1200.50. Of this \$1000
was in silver. Over \$200 in pay checks
of the Missouri Pacific railway were
stolen but payment on them has been
stopped and they are worthless. The
express company has decided to offer no
reward for the capture of the robbers.

THE NEW YORK VETERANS.

Believe the Better Elements of the G. A. R. is
With Them.

NEW YORK, May 25.—In spite of the
action that has been taken against them
by Commander-in-Chief Weissert and
Department Commander Jos. E. Cleary,
of this state, the members of Farnham
Post, or the Ninth Farnham Independent
Veterans as they must be called, believe
that the better element of the Grand
Army sympathize with them.

The meeting last night at which the
new organization was perfected was at-
tended by a larger number of members
than has attended any previous meeting
of the organization for many years.
There were 120 members there out of a
total membership of 251.

The commander delivered the report
of the committee which went to Albany
and appeared before the council of ad-
ministration to purge Farnham post of
contempt. He said they offered an
apology, but refused to rescind the res-
olutions. The report was adopted after
which the motion to form the new or-
ganization was carried.

The prevailing sentiment seems to be
largely in favor of carrying the matter
to the next national encampment, but it
was finally referred to a committee. Two
old Grand Army men applied for ad-
mission to the new organization and were
elected.

THE IDENTITY OF A HORSE.

A Mysterious Animal That Made a Coup at St.
Louis.

St. Louis, May 25.—The mystery sur-
rounding the identity of the horse which
run under the name of "Twilight" and
made a coup at the opening of the St.
Louis Jockey club is being slowly
cleared up.

It is now known that the horse "Twig-
light" is at the stable of its owner, J. S.
Donohue, at Sarnia, Ont. The horse
was so badly injured in a jump race last
autumn that he has been lame ever
since and will probably never again face
the starter.

The recommendation of the horse
which made the "killing" under the name
of Twilight is Doctor David, a Canadian
racer. The matter is still under investi-
gation.

AGAIN THE GEARY LAW.

A New Point Raised That Makes It In-
effective.

WASHINGTON, May 25.—Attorney
General Olney has received a telegram
from New York stating that Judge La-
comb had decided that section 6, of the
Geary law, though decided to be constitu-
tional, was still ineffectual, because no
decision had been made as to how or by whom
the order of deportation of Chinese is to
be executed. This is said to be a new
question which was not raised or in any
way involved in previous appeals.

The Baptist Convention.

DENVER, May 25.—The second day's
session of the Baptist society of the
Baptist church was called to order this
morning by Vice President Goodman, of
Illinois. After singing and prayer
a discourse was read and a resolution
was adopted to enlarge the publication
list. Some interesting statistics were
furnished concerning the growth of the
church schools in connection with the
general assembly. The first proximo
yesterday will be one of the most busi-
ness-like of the conference.

Silver Coinage Suspended.

WASHINGTON, May 25.—Owing to the
small amount of gold bullion deposited,
about \$100,000 per month, and the heavy
expense of the United States mint at
Carson City, Nev., Secretary
Carlisle has directed the suspen-
sion of coinage operations at that
mint and after the first proximo.
With the suspension the coinage of sil-
ver dollars will be discontinued for the
present as there is no demand for this
class of money.

Has Revived Trade.

LONDON, May 25.—The betrothal of
the duke of York and the Princess Vic-
toria May of Teck has given a much
needed impetus to trade at West End.
The revival of trade has spread from the
clothing and through the jewelry and
country goods and indirectly stimulating
benefiting employment in every branch
of industry affected by the social festi-
vities that will attend the marriage of the
royal couple.

Opposed to Tammany.

NEW YORK, May 25.—Assemblyman
Otto Kemper, launched his New York
Citizen's Democracy at Beethoven hall
last night. John Fennell, the law partner
of State Senator Koesch, presided at the
meeting, at which the local politicians
who are opposed to Tammany were
present. A number of speeches were
made and a set of resolutions was adopted
denouncing Tammany methods and ap-
pointing a committee to perfect the or-
ganization of the new party.

A Judge Resigns.

INDIANAPOLIS, May 25.—Judge Wal-
ter Olds, of the supreme bench, will re-
sign to enter a law partnership with
Charles F. Griffin of Chicago. The re-
signation is of unusual interest as the
court has two Republican members and
three Democrats and the resignation will
give Governor Matthews an opportunity
to appoint another Democrat.

Prof. Moses Farmer Dead.

CHICAGO, May 25.—Professor Moses
G. Farmer, of Boston, one of the pioneers
in modern application of electricity to
industrial uses, died this morning of
pneumonia. Miss Farmer will take the
remains this evening to Eliot, Me., where
the funeral will take place.

Bad Freight Wreck.

CLEVELAND, May 25.—A freight train
westward near Dunkirk, O., on the
Fort Wayne road early this morning.
Seventeen cars were piled in, every
direction and traffic is blocked. It is re-
ported that several trainmen were killed.

New Patent Examiner.

WASHINGTON, May 25.—The follow-
ing appointment has been made in the
interior department: Webster S. Ruck-
man, of Pennsylvania, fourth assistant
examiner in the patent office.

FAIR WILL OPEN

Preparations are Being Made to Open the
Gates of the World's Fair Next
Sunday.

The Local Directory Confident that in Taking
This Action it Will be Acting
Legally.

District Attorney Milchrist Was Instructed
by Attorney General Olney to Apply
for an Injunction.

It is Not Believed There is Now Time for a
Temporary Injunction to be
Obtained.

WORLD'S FAIR GROUNDS, CHICAGO,
May 25.—The German section in agri-
cultural building was thrown open this
morning for the first time. The feature
of the exhibit is a pavilion built of solid
chocolate from the firm of Stollwerk
Bros., of Cologne, and deserves special
mention in consequence of its peculi-
arity. The temple is built in the renaiss-
ance style and covers a space of ten
square feet and a height of thirty-eight
feet up to the crown. The entire quan-
tity of chocolate used in the construction
of the pavilion amounts to about 30,000
pounds, the imitation of brown granite
being so striking that a person un-
acquainted with the facts would have
a presentiment as to its genuineness.

The statue of Germania, 11 feet high,
a reproduction of the "Niederwald"
monument, is another work of sculpture
for which chocolate serves instead of
marble. This monument was chiseled
from chocolate, the sculptor being Bruno
Schmitz. The figure has a weight of
2900 pounds. The pedestal of the statue
is ornamented with relief portraits of
Emperors Wilhelm I, Emperor Friedrich
and Bismarck and Moltke. Commis-
sioner Wernuth unveiled the statue a
few minutes after 11 o'clock while the
band from the German village furnished
the music.

Next Monday the wheels in the Ger-
man section of machinery hall will be set
in motion for the first time.

March weather put a damper on the
exposition today but the crowds poured
through the gates just the same. The
strangers are in the city and as they have
come to see the fair they are not likely
to be kept away by any freaks of the
weather. As the White City will be
opened and illuminated tonight, the at-
tendances will no doubt satisfy the gov-
erning powers.

Arrangements are being made to open
the gates next Sunday and only the in-
tervention of the courts in the form of a
temporary restraining order can prevent
the decision of the directory from being
put into effect. The directors do not be-
lieve that there is time now to obtain
even a temporary injunction and they
will go ahead with their plans for opening
on the assumption that the government
has no standing in court after the na-
tional commission has failed to change
the Sunday opening rule submitted to it.

Commissioners who have made a study
of the law governing the exposition
share in the opinion of the directory that
no legal process can be successfully and
permanently invoked now to prevent the
people from viewing the fair on Sunday.
Col. Rice, commander of the Colum-
bian Guards, and Superintendent Tucker,
of the department of admissions, have
been informally instructed to prepare
the business next Sunday and the coun-
cil of administration will today issue a
formal order to that effect. The threat-
ened outbreak of measles among the
guards is being held in check by quaran-
tine regulations and the two sufferers
are on the road to recovery in the county
hospital.

It was 2:30 this afternoon before the
national commission was called to order,
forty-seven members—eight short of a
quorum—being present. A communica-
tion was received from Director General
Davis enclosing a letter signed by the
commissioners of seventeen of the for-
eign countries withdrawing their exhib-
its from any competition in awards. The
letters were then read to the commis-
sion.

The foreign countries say that as the
answer to their communication referring
to a jury of awards has not been satisfac-
tory, and in spite of reiterated demands
made by several of the commissioners
more than a year ago, they are yet in
possession of no information about the
final organization of a jury of awards,
they now consider it too late for an inter-
national jury to be constituted and there-
fore withdraw their exhibits from com-
petition for awards. The letter is signed
by the commissioners from Austria, Bel-
gium, Brazil, British Guiana, Denmark,
France, Germany, Great Britain, Italy,
Japan, Norway, Portugal, Russia, Siam,
Spain, Sweden and Switzerland.

The reception of the communications
caused a prolonged discussion in regard
to their proper disposal. Mr. St. Clair,
of West Virginia, said the matter was a
serious one and the exposition was
threatened by it. If the matter were not
settled quickly it would result, he thought,
in a lasting impairment of the fair and
bring disgrace upon the country. He
wanted it referred to the executive com-
mittee.

TO ASK FOR AN INJUNCTION.

Olney Instructs Milchrist to Prevent Sunday
Opening.

WASHINGTON, May 25.—As the result
of District Attorney Milchrist's consulta-
tion with Attorney General Olney, he
took away with him last night implicit
instructions, if he finds on his arrival in
Chicago that the commission still ad-
hered to its decision to open the World's
fair next Sunday, "to present the matter
to the federal court and ask for an in-
junction or any other legal process which
the facts would warrant and which would

prevent a violation of the laws of the
United States."

GOES NOW TO JAVA.

A Consul Who Has Had an Unfortunate Experi-
ence.

WASHINGTON, May 25.—Andrew St.
John, who was yesterday appointed con-
sul at Batavia, Java, held a similar office
during the last Cleveland administra-
tion and has had an unfortunate experi-
ence in consular experience.
It took him a long time to reach his
post, which was Levuka on the Fiji
islands, and the salary of the place was
but \$1000 per annum. Then congress cut
off the salary of the place
leaving the consul to exist
upon the fees of his office. He stood
this one year, during which his fees
amounted to \$7, and then he applied for
a transfer. Accordingly he has been
sent to Batavia, where he will again re-
ceive an annual salary of \$1000.

EXCITED DENVER PEOPLE.

The Run on the People's Savings Bank Con-
tinues.

DENVER, Col., May 25.—Despite the
rule on the thirty day limit and the re-
striction that only \$25 will be given any
depositor, the run on the People's Sav-
ings bank continues today. There are
people, however, on the curb stones who
will buy the books of depositors at a
very close discount.
There are five lines of people moving
toward as many paying desks in the Peo-
ple's bank at this hour, 11 a.m. The
best endeavors of the morning papers
and assurances of men well known in
the financial world of Denver seems to
have little influence in saving the tide
of uneasiness and timidity that prevails.
Every call of depositors, however,
being promptly met. The Denver Sav-
ings bank, on which a small run was
made yesterday, shows a quietude today,
there being no clamorous depositors
around that institution.

EMPLOYEES TO BE TAKEN IN.

New York Herald to Pass into the Hands of a
Co-operative Society.

NEW YORK, May 25.—The Herald pub-
lishes an editorial under the heading of
"The Proprietor of the Herald," in which
is denied the recent report that James
Gordon Bennett contemplates turning
the Herald into a stock company. The
editorial then states that a co-operative
society, formed of employees of the paper,
may soon be formed. Mr. Bennett be-
lieves that in perpetuating the property
in this way he can best build a lasting
and living monument to its founder.
James Gordon Bennett the elder.

CROPS RUINED BY DROUGHT.

Immense Damage to Growing Produce in
France and Germany.

PARIS, May 25.—The two months'
drought in France is estimated to have
destroyed 32,000,000 francs' worth of
crops. The greatest damage was done
to the green crop. A dispatch from Rome
says that rain in northern Italy has saved
the people from much of the enormous
loss threatened by the drought. The
crops on the Roman Campagna, however,
have been ruined.

BERLIN, May 25.—The drought re-
mains unbroken. Official statistics con-
cerning Prussian crops show that the
kingdom has suffered heavy losses. The
hay crop is a complete failure.

SUICIDE IN GEORGIA'S CAPITAL.

A Love-sick Boy Puts a Bullet Through His
Head.

ATLANTA, Ga., May 25.—The body of
Lewis Abbott, aged 17, whose parents
belong to the best families in the city,
was found in the grand hall of the state
capitol, near the Ben Hill monument.
He had shot himself.

The young man was desperately in
love with the 15-year old daughter of the
Rev. Tullius C. Tupper, rector of St.
Phillip's Protestant Episcopal church.
It is thought some reprimand in regard
to his neglect of studies for the company
of girls, was the cause of the deed.

To Raise Vessels.

NEW YORK, May 25.—Articles of in-
corporation of the Cavanagh Wrecking
company have been filed in the office of
the secretary of state at Trenton, N. J.
The capital stock of the company is \$25-
000,000. The incorporators are John
James and Joseph Grant, of Tacoma,
Wash., and J. Herbert Potts, of New
Jersey. The company will engage in the
business of raising sunken vessels by an
improved method.

Destroyed by Fire.

CHICAGO, May 25.—Five hundred feet
of stable sheds in Garfield park, together
with three canals and seven blooded
Arabian horses, were destroyed by fire
at 2 o'clock this morning. The park is
being used by a band of Arabs in giving
performances similar to those of the
Wild West show. The loss is \$15,000.

Disbarred From Practice.

NASHVILLE, Tenn., May 25.—The
supreme court today affirmed the de-
cision of Justice Estes of the lower court,
disbarring from legal practice for un-
professional conduct ex-Speaker Ralph
Davis. It is believed Mr. Davis will
remove from Tennessee and will settle
in Chicago where he will engage in law
practice.

Twenty-five removed.

WASHINGTON, May 25.—The total
number of fourth-class postmasters ap-
pointed today was ninety-five, of which
seventy were to fill vacancies caused by
resignations and deaths.

The Whisky Trust.

PEORIA, Ill., May 25.—The distillers
are in continuous session at their head-
quarters. In a short interview with
President Greenbut that gentleman said
that there was nothing of any conse-
quence to give out, but that the company
would stand by its organization.

Minister to the Netherlands.

WASHINGTON, May 25.—The presi-
dent today appointed Wm. D. Quimby,
of Michigan, to be envoy extraordinary
and minister plenipotentiary of the
United States to the Netherlands.

Panton & Watson

Duluth, Minn.

TO-DAY a new Steamship
Company will be established at
the Port of New York.

Donald, Currie & Co. the
South American ship owners
will send the steamship Wor-
cester on her first trip between
New York, South and East
Africa, and the Mauritius. The
new line will be known as the
American and African Steam-
ship Company and will make a
substantial addition to our mer-
chant marine.

WEST DULUTH ITEMS.

The Minnesota Blast Furnace Company Made an Assignment Yesterday Afternoon to W. H. H. Stowell.

This is Brought About Through the Failure of the West Superior Iron and Steel Company.

Furnace Has Been Making Money, but Has About \$50,000 Coming from the Superior Plant.

The Minnesota Blast Furnace company which operates the furnace at West Duluth, yesterday made an assignment to W. H. H. Stowell. This assignment is caused by the tying up of the West Superior Iron & Steel company which is indebted to the blast furnace company in the sum of \$60,000. All of the creditors of the latter company understood the situation and none but the Standard Ore company were disposed to push matters. This company attached a lot of pig iron for a claim of about \$24,000. The matter was allowed to run on in the hope that the Superior institution would resume. As it did not an assignment was made yesterday in order to come within the ten days limit.

The blast furnace company is the lessee of the West Duluth plant and has been making money ever since it commenced operations. The news which comes from New York regarding the Superior plant is cheering and indicates an early resumption of business. This will immediately relieve the embarrassed company and enable it to at once resume business.

West Duluth Briefs.
The West Duluth Land company's dredge has begun work in the channel leading from the Iron River to the company's dock to the main channel of the bay. The purpose is to widen the channel so as to make the dock accessible to large boats.

E. Peabody, an old resident of this place, mourns the death of his wife, Mrs. Mary Peabody, aged 43 years. The funeral takes place tomorrow afternoon at the residence on Grand avenue, at 2 o'clock.

John Connell is reported very low with quick consumption.

Mrs. A. F. Friend of Seattle, Wash., is visiting her parents, Mr. and Mrs. William Ward, of this city.

J. M. Martin returned last evening from St. Paul.

Mrs. Edward J. Luther leaves tomorrow for Grand Rapids on a visit.

Cards are out announcing the marriage of Miss Lillian Prescott to Mr. Nathan C. Kingsbury, which is to take place in the M. E. church on Tuesday evening, June 6.

Dr. Forin and family left today for their new home in St. Paul, where the doctor will be associated in medical practice with Dr. Stone. Their departure is regretted by a large number of personal friends.

"An Evening in Alaska" with the stereopticon, will be enjoyed at the Baptist church on Friday evening.

The W. C. T. U. held their regular weekly meeting this afternoon at the city hall. Mrs. Dunton led and the topic for discussion was "Sabbath Observance."

The young ladies of the Congregational church will give a violet tea Friday evening at the church.

Graham Bros., physicians, from Detroit, Mich., have located here and will occupy the office vacated by Dr. Forin.

Companies G and H will assemble at armory hall on Tuesday, May 30, at 10 o'clock, in full uniform and leggings to participate in Decoration day services.

Wanted—House girl for family of three. See S. S. Williamson, 323 1/2 Central avenue, West Duluth.

The Adams Express company have established an office at West End for the accommodation of that end of town, also a money order office, F. J. Lynch, agent.

Build your house to suit yourself. We have a lot on Third avenue in Fifth division for sale cheap on building contract. No further payment on lot for three years. Williamson & McCormick, 323 1/2 Central avenue, West Duluth.

LOST HIS WAD.
Charles Johnson Relieved of Six Hundred Dollars on the Train.

Charles Johnson, of Virginia, on his arrival here last night, reported that he had been robbed of \$600 in money yesterday on a Duluth & Winnipeg train, coming to this city, by one Gust. Anderson. Johnson and Anderson were traveling together. After despoiling Johnson, Anderson jumped from the train about twelve miles north of Cloquet and took to the swamps.

On arriving at Cloquet, Johnson informed the officers of his loss and Sheriff McKinnon and his deputy at once took the trail, they being now assisted in the pursuit by some of Sheriff Sharvey's deputies. Anderson is described as being smooth faced, with black hair, about 5 feet six inches in height, weighing about 165 pounds, about 25 years old, with a very prominent turned up nose and wearing, at the time of the theft, a dark suit and light or grey hat. Anderson was last seen in Cloquet.

WHEAT MADE AN ADVANCE.

Today's Market Was Slow But Firm and Higher.

The market here today was a firm, advancing one, but business was quiet and slow. Most of the trading was in July, and there was a fair demand by the mills for track wheat and to arrive. The market opened at 1 1/2 to 1 3/4 higher than yesterday for cash, while futures were unchanged with buyers. There was an advance during the morning, track wheat gaining 1/4. Later cash held steady at the advance, while futures gained 1/4 to 1 1/2 more. The close was firm at 1 1/2 higher than last night's close for the best grade of cash, 1 1/2 higher for track, 1 1/2 higher for July and 1/4 to 1/2 higher for September. Following were the closing prices:
No. 1 hard, cash, 89 1/2; May, 89 1/2; July, 89 1/2; September, 89 1/2; No. 1 northern, cash, 89 1/2; May, 89 1/2; July, 89 1/2; September, 89 1/2; No. 2 hard, cash, 88 1/2; May, 88 1/2; July, 88 1/2; September, 88 1/2; No. 2 northern, cash, 88 1/2; May, 88 1/2; July, 88 1/2; September, 88 1/2; No. 3 hard, cash, 87 1/2; May, 87 1/2; July, 87 1/2; September, 87 1/2; No. 3 northern, cash, 87 1/2; May, 87 1/2; July, 87 1/2; September, 87 1/2; No. 4 hard, cash, 86 1/2; May, 86 1/2; July, 86 1/2; September, 86 1/2; No. 4 northern, cash, 86 1/2; May, 86 1/2; July, 86 1/2; September, 86 1/2; No. 5 hard, cash, 85 1/2; May, 85 1/2; July, 85 1/2; September, 85 1/2; No. 5 northern, cash, 85 1/2; May, 85 1/2; July, 85 1/2; September, 85 1/2; No. 6 hard, cash, 84 1/2; May, 84 1/2; July, 84 1/2; September, 84 1/2; No. 6 northern, cash, 84 1/2; May, 84 1/2; July, 84 1/2; September, 84 1/2; No. 7 hard, cash, 83 1/2; May, 83 1/2; July, 83 1/2; September, 83 1/2; No. 7 northern, cash, 83 1/2; May, 83 1/2; July, 83 1/2; September, 83 1/2; No. 8 hard, cash, 82 1/2; May, 82 1/2; July, 82 1/2; September, 82 1/2; No. 8 northern, cash, 82 1/2; May, 82 1/2; July, 82 1/2; September, 82 1/2; No. 9 hard, cash, 81 1/2; May, 81 1/2; July, 81 1/2; September, 81 1/2; No. 9 northern, cash, 81 1/2; May, 81 1/2; July, 81 1/2; September, 81 1/2; No. 10 hard, cash, 80 1/2; May, 80 1/2; July, 80 1/2; September, 80 1/2; No. 10 northern, cash, 80 1/2; May, 80 1/2; July, 80 1/2; September, 80 1/2; No. 11 hard, cash, 79 1/2; May, 79 1/2; July, 79 1/2; September, 79 1/2; No. 11 northern, cash, 79 1/2; May, 79 1/2; July, 79 1/2; September, 79 1/2; No. 12 hard, cash, 78 1/2; May, 78 1/2; July, 78 1/2; September, 78 1/2; No. 12 northern, cash, 78 1/2; May, 78 1/2; July, 78 1/2; September, 78 1/2; No. 13 hard, cash, 77 1/2; May, 77 1/2; July, 77 1/2; September, 77 1/2; No. 13 northern, cash, 77 1/2; May, 77 1/2; July, 77 1/2; September, 77 1/2; No. 14 hard, cash, 76 1/2; May, 76 1/2; July, 76 1/2; September, 76 1/2; No. 14 northern, cash, 76 1/2; May, 76 1/2; July, 76 1/2; September, 76 1/2; No. 15 hard, cash, 75 1/2; May, 75 1/2; July, 75 1/2; September, 75 1/2; No. 15 northern, cash, 75 1/2; May, 75 1/2; July, 75 1/2; September, 75 1/2; No. 16 hard, cash, 74 1/2; May, 74 1/2; July, 74 1/2; September, 74 1/2; No. 16 northern, cash, 74 1/2; May, 74 1/2; July, 74 1/2; September, 74 1/2; No. 17 hard, cash, 73 1/2; May, 73 1/2; July, 73 1/2; September, 73 1/2; No. 17 northern, cash, 73 1/2; May, 73 1/2; July, 73 1/2; September, 73 1/2; No. 18 hard, cash, 72 1/2; May, 72 1/2; July, 72 1/2; September, 72 1/2; No. 18 northern, cash, 72 1/2; May, 72 1/2; July, 72 1/2; September, 72 1/2; No. 19 hard, cash, 71 1/2; May, 71 1/2; July, 71 1/2; September, 71 1/2; No. 19 northern, cash, 71 1/2; May, 71 1/2; July, 71 1/2; September, 71 1/2; No. 20 hard, cash, 70 1/2; May, 70 1/2; July, 70 1/2; September, 70 1/2; No. 20 northern, cash, 70 1/2; May, 70 1/2; July, 70 1/2; September, 70 1/2; No. 21 hard, cash, 69 1/2; May, 69 1/2; July, 69 1/2; September, 69 1/2; No. 21 northern, cash, 69 1/2; May, 69 1/2; July, 69 1/2; September, 69 1/2; No. 22 hard, cash, 68 1/2; May, 68 1/2; July, 68 1/2; September, 68 1/2; No. 22 northern, cash, 68 1/2; May, 68 1/2; July, 68 1/2; September, 68 1/2; No. 23 hard, cash, 67 1/2; May, 67 1/2; July, 67 1/2; September, 67 1/2; No. 23 northern, cash, 67 1/2; May, 67 1/2; July, 67 1/2; September, 67 1/2; No. 24 hard, cash, 66 1/2; May, 66 1/2; July, 66 1/2; September, 66 1/2; No. 24 northern, cash, 66 1/2; The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN.
May 25.—The storm that was over Iowa and Minnesota yesterday morning has moved east, and is now central over the lower lakes, not having increased in energy to any great extent, and has been followed by an area of high barometer and clearing weather, which now covers the entire West and Northwest, with its center over the Dakotas.

About an inch and a quarter of rain fell over the upper peninsula of Michigan, in other sections there was less than one inch of rain, which has caused, and generally fair weather now prevails in all parts of the country.

The temperature has fallen over the Northwest, and is now a minimum of 50, killing frosts are reported from central South Dakota and the temperature ranges near the freezing point all north of there.

The mean temperature here yesterday was 50, which is twelve degrees lower than the average, the rain of yesterday measured .10 inch.

DULUTH, May 25.—Fair, slightly warmer, northwest winds shifting to northeast or east.
R. H. KENNEDY.
Local Forecast Official.

WASHINGTON, May 24.—Forecast till 8 p. m. tomorrow: For Wisconsin and Minnesota: Fair; warmer; winds becoming south.

Give Them a Hearing.

The request of the Minnesota Canal company that a meeting be called of all the members of the chamber of commerce to hear a full exposition of its plans appears to The Herald to be very reasonable, in view of the fact that the attendance at the directors meeting which condemned the proposition for county aid was very limited, and the further fact that some members of the chamber not present at the meeting have expressed themselves favorable to the scheme, while others are yet uninformed as to the merits or demerits of the company's proposition.

It is also asserted that the action taken at yesterday's meeting was a breach of faith, in view of promises made by members of the chamber committee to directors of the canal company that no final action would be taken until the latter have been heard again and an endeavor made in joint conference to amend some features of the ordinance to suit the views of both sides. If this be true, good faith was not kept with the directors of the company, and common fairness would demand that they be given a hearing at a full meeting of all the members of the chamber. While The Herald does not now assert that the company's proposition is entitled to the people's support, judgment being reserved until more information can be obtained on the subject, it believes that the company should receive fair play and every opportunity be afforded to present its scheme to the public.

The Herald is not fully informed as to the legal aspects of the question, but there are some objections raised in that respect that are manifestly absurd. For instance the News-Tribune this morning, in discussing the provision that the county commissioners waive the issuance of stock in exchange for the bonds, the company will reduce the cost of power to \$10 a year per horse power, says: "It (the proposition) provides for no method by which the waiving of the receipt of the stock shall be made. That leaves the entire matter in the hands of the commissioners, any three of whom might do as they pleased with the question, without hindrance."

It will be sufficient reply to this objection to point out that the law under which the company seeks aid makes this provision regarding the waiving of the issuance of stock, and any different provision inserted in the company's proposition would be of no effect whatever. This provision also is an exact copy of a clause in the law under which aid is granted by counties to railroads and under which aid will be voted tomorrow to the Duluth, Missabe & Northern. The Herald mentions these facts in justice to the canal company, which declares its intention to proceed with its work, with or without the county's aid, and which has manifested that it means business by starting proceedings to acquire the state land along the St. Louis river front which it needs for canal purposes.

Dual and Triple Votes.

The socialist leaders in Belgium do not like the new suffrage law in that country. They had been agitating for years for universal suffrage, and at last the government yielded, but it has given them more than they asked. Formerly the Belgian franchise was of a most restricted character—the entire electorate being less than 150,000, composed almost exclusively of landowners, wholesale and retail merchants and manufacturers, the masses being entirely without legislative representation, although called upon to contribute toward the support of the government in the shape of taxes.

Under the new law, there is created an electorate of 1,200,000, that being the number of men in the kingdom over the age of 25 years who have not been deprived of their citizenship rights either on account of infraction of the laws or of mental affliction. While the electorate, however, numbers 1,200,000, the votes which they are entitled to cast amount to 1,900,000. This result is arrived at

thus: Six hundred and fifty thousand men each have a single vote, while 350,000 will each possess two and even three votes, the total number of votes belonging to the plural and privileged electors being 1,250,000.

The dual vote is conferred upon every man who is over 35 or who is married. Between the ages of 25 and 35 the married man in Belgium is given twice the electoral power of the bachelor, on the ground that the latter merely represents himself, while the benedict represents his wife and children. It is assumed that after 35 the unmarried man will either be about to enter the state of matrimony or else have acquired such fixed and settled habits as to rank him among the conservative forces of the country. Of the whole electorate 65,000 are entitled to the triple vote by marriage and by property and educational qualifications of a high order.

According to an explanation of this law by the New York Tribune, the object of the Belgian government in thus providing heads of families, men over the age of 35 and people possessed of much property and great intellectual advantages with plural votes is to convert them into a species of conservative element endowed with sufficient power to act as a bulwark and obstruction against the flood of Socialistic and revolutionary legislation which might otherwise have been expected to follow the concession of universal suffrage to a new-fledged electorate devoid of political education, and hence easily led by professional agitators. It is not unlikely that this object will be accomplished.

Rates Should be Lower.

The railway managers, when asked to reduce the rates to Chicago, answer that the World's fair passenger business has not reached the size that they expected and that they are not making as much money as they figured. For this reason, they declare, it would be poor policy to reduce the rates below the figures originally agreed to—two fares for a round trip less 20 per cent.

It is almost incomprehensible that men who are accounted sharp and shrewd should be unable to see anything farther than they do in this matter. The real reason that the passenger traffic to Chicago and the World's fair at the present time is so light is that the railroads have fixed their rates too high. The masses of the people feel unable to pay the railroad fares that are demanded. Twenty per cent off the regular double fare for the round trip from any station point to Chicago is too small a reduction to attract crowds of passengers. If the railroads would give a round trip for one single fare they would find their trains loaded down with passengers, and their receipts and profits correspondingly increased. Their experience would be that of the merchants who believe in "large sales and small profits." While their profit on each individual passenger would be much less than it is now, their aggregate profits on the increased traffic would be much greater.

The high rate policy is now keeping the people away from Chicago. It is injuring the financial prospects of the fair as well as reducing the receipts of the railroads. What the railroads should do is to offer the lowest excursion rates in the history of the country. The people expected this would be done and they do not entertain very kindly feelings towards the railroads because it has not been done. But they still live in hope that the railroads will see the error of their ways and make the desired reform. Give the country low excursion rates, and the rush to Chicago will be phenomenal.

Vote Tomorrow.

Anything that The Herald could say now in support of the Duluth, Missabe & Northern's proposition for county aid, not to be voted on tomorrow, would be of no effect, because every man in the county has undoubtedly decided ere now how he will vote. It is desirable, however, that there should be a full vote, and especially that every friend of the Missabe road shall turn out and vote in favor of the proposition. The Minnesota Iron company and kindred interests are opposing it, and there will no doubt be a large vote cast against it on the Vermilion range. The necessity of a vote in its favor in Duluth is therefore apparent.

A writer in the Contemporary gives an illustration of the religious enthusiasm of the Russians, and their desire to extend the knowledge of truth. The authorities every now and then make an excursion into Siberia and bring back a lot of Buddhists, whom they proceed to baptize in spite of their loudly expressed dissent. After baptizing them they say to them, "Now, you dogs, you are Christians, and you can go and pray to your nasty gods as much as you wish, and thank them that you are Christians." But the Russians in this instance are not much different from the Sabbatarians in this country who would compel others to observe Sunday according to their views.

In view of the sudden manner in which the \$100,000 of floating debt on the Brooklyn tabernacle was raised, Dr. Talmage's assertion that he is not a good money raiser appears to be the excess of modesty. And, by the way, it is the first time that modesty was ever supposed to be numbered among the doctor's virtues.

Mayor Harrison of Chicago has been

in office for several weeks, but there is no word yet of the dire disasters predicted by the "newspaper oligarchy" previous to his election. Indeed, he seems to be giving a first class, progressive administration. Carter undoubtedly wants to make a record.

The suit to recover wages, in the Missouri courts, of an aged negro who claims to have been kept in ignorance of her emancipation for nearly twenty-five years will doubtless be used as a text by campaign speakers to prove not only that the war is not yet over, but that it has not even begun.

It appears that Mr. Ruskin has not been nominated post laureate after all, that the praise or abuse of Mr. Gladstone, according to different views, has been without cause. The latest rumor assigns the honor to Lewis Morris, who is a prolific verse writer.

The Philadelphia Times thinks that in one way the opening of the World's fair gates on Sundays should satisfy the fanatics. It will be a day of rest for the Chicago bartenders.

At the India building at the World's fair they are giving away cups of native tea free to all comers. Look out for a howl from the restaurant concessionaries.

Three sharks have been placed in the fisheries building at Jackson Park. They will serve as a reminder of the concessionaries in the early days of the fair.

China has retaliated already. Just as Mr. Geary's exclusion law went into effect, Mrs. Geary's excellent Chinese cook suddenly left her.

Out in Oregon the worst insult that can be offered to a man is to call him "a bigger ass than old Penneyer."

The money market in the East is much easier, and all the conditions point to a gradual relaxation.

Turn out tomorrow and vote for the Missabe road's proposition.

Do not forget to vote tomorrow.

AMUSEMENTS.

"Chris and Lena."

Tonight Pete Baker, the German dialect comedian, will appear at the Temple in "Chris and Lena." The Pittsburgh Post said of the performance: "An old friend of Pittsburgh theatergoers was seen at the Bijou theater last evening somewhat disgraced by the new dress and new surroundings. Pete Baker's name is inseparably connected with 'Chris and Lena,' and he made no mistake when he decided to revive it this season. There was a good Monday night audience. The story of the play is well known. The great feature is, of course, the singing. Mr. Baker and other members of the company. Mr. Baker's voice does not change very much, although he has been using it on the stage for these many years. He sang last night some of the old favorites, as well as some new songs he will make favorites. He and Billy Kennedy, who does an Irish part to perfection, gave the old military burlesque, 'The Muldoon Guards.' Miss Martha George was Lena, and she gave the part very well. Four-year-old Little Casino, Lucile Shirley sang and danced in a way that brought down the house. She is a little star."

All of those fine oil paintings of the Andrew Jackson stock will be sold tomorrow at the assignee sale, No. 19 West Superior street.

On account of the World's Columbian exposition the St. Paul & Duluth railroad will sell one-way and round-trip tickets to Chicago at greatly reduced rates. Tickets on sale April 25 to Oct. 31, inclusive, and good for return passage up to Nov. 15. For further information apply to Northern passenger agent, 428 West Superior street (Spalding hotel).

"Mighty Interest"

To almost everybody is the question of transportation to the World's Columbian exposition. The Wisconsin Central line offers the public through Pullman place sleeping cars, the finest dining car service in the West (that's honest), and commencing April 25, round trip rate of \$21.70, one way rate each direction, \$12.

For tickets, sleeping car reservations and further information call on or address F. A. GREENE, City Tkt. Agent, 416 West Superior street, Duluth, Minn.

SYPHILIS A Written Guarantee to CURE EVERY CASE OR MONEY REFUNDED.

Our cure is permanent and not a patching up. Cases treated eight years ago have never seen a symptom again. By describing cases fully we can treat you by mail, and we give the same guarantee to cure or refund all money. Those who prefer to come here for treatment can do so and we will pay railroad fare both ways and hotel bills while here if we fail to cure. We guarantee the world for a case that our MAGIC REMEDY will not cure. Write for full particulars and get the evidence.

We guarantee to cure or refund every dollar, and as we have a reputation to protect, also financial backing of \$500,000, it is perfectly safe to all who will try the treatment. Hereafter you have been putting up and paying out your money for different treatments, although you are not yet cured, no one has paid back your money. Do not waste any more money here, try us. Old chronic, deep seated cases cured in 10 to 40 days. Investigate our financial standing, and see our business men. Write us for names and addresses of those who have cured who have given permission to refer to them.

If your symptoms are sore throat, mucous patches in mouth, inflammation in bones and joints, hair falling out, eruptions on any part of the body, loss of energy, depression, going in head or bones, you have no time to waste. Write us now, constantly taking security and profit, should discontinue it.

Don't fail to write. All correspondence sent in plain envelopes. We invite the most rigid investigation and will do all in our power to aid you in it. Address: COOK REMEDY CO., CHICAGO, ILL. Rooms 1325 to 1331 Masonic Temple.

Selection can be made at our office NOW and lot reserved for day of sale. This is a great opportunity to secure a home site on an electric street railway and in a fast growing location.

Highland Improvement Company,

Room 1, Lyceum Building.

SOUGHT FOR REDRESS.

The Moslems in Asiatic Turkey Complained of Being Defrauded by the Collectors of Tithes.

When the Governor Did Not Grant the Redress They Went to the Grand Vizier.

This Angered the Governor, Who Has Arrested and Imprisoned the Leaders in the Movement.

CONSTANTINOPLE, May 25.—The Moslem inhabitants of Trebizond in Asiatic Turkey, believing that they were being defrauded by the collectors of tithes, sought for redress from the governor of the vilayet. The governor did not grant the redress asked for and the Moslems thereupon addressed a petition setting forth the abuse of which they complained to the grand vizier at Constantinople.

The grand vizier sent back the complaint to the governor of the vilayet of Trebizond. The governor was greatly angered by the fact that the petitioners had carried their grievances to higher authority, and he caused the leaders in the movement to be arrested and imprisoned. Those who remained at liberty thereupon appealed to the German embassy in Turkey for aid and intercession, and they also declare that unless their wrongs are redressed they will approach the prime minister of England with their complaints.

Since the appeal to the German embassy, the Turkish authorities at Constantinople have sent to Trebizond an inquiry in regard to the facts.

SOLDIERS MAY VOTE.

Emperor William Decides Not to Summon the Reserves and Landwehr.

BERLIN, May 25.—The Conservative and Liberal dailies comment unfavorably upon that clause of the clerical manifesto which says that the party will keep presenting in the Landtag the school bill withdrawn by the government last spring until it shall be passed.

Red placards have been posted throughout the kingdom to inform the reserves and landwehr that they would not be called under the colors next month. The decision of the emperor against summoning the men from home at election time has been received with high favor everywhere. Even the radical newspapers, although deprived by this course of their latest argument against militarism, commend him for abandoning the old election trick of the government.

The Reichsausschuss says that the report concerning the government's intention to introduce tobacco and spirit monopolies, is pure invention. While,

as matters stand the government has no intention to withdraw its proposals for the increase of the bourse beer and spirits taxes, says the Reichsausschuss, it will not adhere obstinately to this method of increasing its revenues in case of other equally productive sources being found. The Socialists, flushed by the prospects of gains at the polls, have decided to nominate candidates practically for every seat and make the election serve as a monster roll-call of the social democracy throughout the empire. Prominent Socialists will be nominated in several constituencies besides the safe seats.

NEGAUNEE MAN'S FLIGHT.

He Leaves Leadville, Col., After a Serious Entanglement.

LEADVILLE, Col., May 25.—There was a big wedding here ten months ago, the principals being Felix L. Perrow, of Negaunee, Mich., and Miss Katie Cell, of this city.

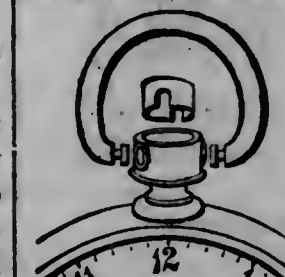

The police received word from Michigan last week that a Mrs. Felix Perrow, of Negaunee, was looking for her husband, who had last been heard of in Leadville. He has left the city and no one now knows his whereabouts.

Support the Army Bill.

BERLIN, May 25.—Freiherr von Schorlemer-Alst, the Centrist leader, who withdrew from the meeting of the Westphalian Centrists of Munster because the majority refused to support a resolution in favor of the army bill, has joined with other landlords hitherto attached to the Center party in publishing a separate address to the electors in which they demand a strong army to defend the fatherland. Schorlemer-Alst and those acting with him will nominate candidates in opposition to the candidates nominated by the Center party.

Here's the Idea

Of the Non-pull-out Bow
The great watch saver. Saves the watch from thieves and falls—cannot be pulled off the case—costs nothing extra.

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

Can only be had with cases stamped with this trade mark.

Jas. Boss Filled Watch Cases are now fitted with this great bow (ring). They look and wear like solid gold cases. Cost only about half as much, and are guaranteed for twenty years. Sold only through watch dealers. Remember the name—

Non-pull-out

Keystone Watch Case Co., PHILADELPHIA.

THE WORLD'S PRESS CONGRESS.

Interesting Program Today By the Women Writers.

CHICAGO, May 25.—The combination of brilliant toilets and bewitching hats and bonnets gave the hall of Columbus at the art palace something of the appearance of a garden of paradise. Mrs. Lou V. Chapin, one of the leaders of the local colony of women writers, was the presiding officer.

The opening paper, submitted by Miss Lillian Whiting, of Massachusetts, dealt with the ethics of journalism, while papers written by Miss Mary P. Nimmo, of Washington, and Belle Grant Armstrong, of Massachusetts, considered the reflex influence of the social column on society. Perhaps the most interesting feature of the morning session was the story of modern progress among Oriental women which was quaintly told by Mme. Hanna Karainy, of Arabia, a little lady handsome of face and demure of manner.

After this Mrs. Ida G. Harper, of Indiana, talked about newspaper women. Miss Hester M. Piele, of New Jersey, gave her ideas of the ideal journalist and the session concluded with a general debate upon journalism in every form, led by Mrs. Elia Poattie.

TONY'S BRUTAL ACT.

Story of Cruelty Told in an Application For Divorce.

NEW YORK, May 25.—The Sun special from Cincinnati says: In her petition for divorce filed yesterday Tony Mullane's wife alleges that the other day she chided him about his bad playing on the professional battle field. He got angry, struck her in the face with a pepper box, chased her to the pantry, cut her with a knife on the hand and head, and struck her on the head with a water picher and threatened to cut her throat with a razor.

While she was waiting for a doctor to dress her wounds, he again assaulted her, kicked her and pulled her hair. He left that night for Chicago, and she was left destitute. When she asked for money he told her to earn it. She says he receives \$350 per month. She wants a divorce and alimony.

IS OPPOSED TO WAR.

Prince Bismarck's Recent Address to High School Pupils.

BERLIN, May 25.—A few days ago the pupils of the High schools at Ploen in Holstein, visited Friedrichshagen for the purpose of paying their respects to Prince Bismarck. The prince received them very graciously. His remarks were listened to with much pleasure. In the course of his informal talk the prince said:

"It is a great blessing that we owe to God that our nation is now more firmly leagued together than for a long time before. We are living in a time

of unrest, but possibly matters will again flow calmly. Anyhow, there is hope, so let us hope that science, commerce and labor will flourish, for the shedding of blood is a thankless business."

A Murderer Escaped.

MARLBORO, Md., May 25.—William Pinkney, sentenced to be hanged June 30 for the murder of Francis M. Bowie, escaped from jail this morning.

Will Resume Payment.

MINNEAPOLIS, May 25.—It is announced that the suspended Citizens bank will resume payment June 1.

Hard to Believe!

But it's a fact that we can take your measure and make you a good business suit to order for only \$16.00 and upwards. Call and inspect our heavy assortment of samples and be convinced. Perfect fit guaranteed or no sale.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

CALIFORNIA FIG SYRUP CO.
LOUISVILLE, KY. FRANCISCO, CALIF. NEW YORK, N.Y.

A Pastel In Prose.

From a future magazine: "It rains without. Rain is raining in the air. You can hear it rain. Also see it. There are clouds in the sky dissolving into shower baths. For it rains without. When it rains, the warmth in my bosom leaves me. So does my umbrella. Both leave me sore. Would that I had something for that tired feeling! That is due to the long, iridescent drizzle of heaven-born rain. For it continues to rain very rainily on the outside."—Chicago Record.

It Occurred to Both.

Father (to son, who has failed in his examination three times)—I made a mistake in sending you to college. I ought to have apprenticed you to a locksmith or some other tradesman.

Son—My dear father, I have often thought the same, especially when I have been out at night and have forgotten my latchkey. —Eligende Blatter.

A Sad Case.

Mr. Amsterdam married the sister of his deceased wife after he had been a widower about a month. A friend who had been absent some time asked him for whom he was wearing a mourning band on his hat.

"For my poor sister-in-law," replied Amsterdam, swallowing a big lump. —Texas Sittings.

Anxious to Know.

Irate Parent (who has been vainly trying to satisfy Johnny's curiosity on every known subject under the sun)—Now, Johnny, if you ask me another question, I'll whip you on the spot.

Johnny (whose undying curiosity overcomes even the dread of punishment)—Wh—wh—what spot, papa?—B. K. & Co.'s Monthly.

Of Course It Does.

He was a countryman, and he walked along a busy thoroughfare and read a sign over the door of a manufacturing establishment, "Cast Iron Sinks." It made him mad. He said that any fool ought to know that.—Exchange.

A Coincidence.

Medical Student—Do you know, Miss Fanny, that the action of the human heart is sufficiently strong to lift every 24 hours 120 pounds?

She (blushing)—Really? Why, that's just my weight.—Tit-Bits.

Good For His Health.

Brown—Is Jones as lazy as ever?

Jameson—No. Since the birth of his child he has been in the habit of rising with the sun.—New York Herald.

Getting Them to Talk.

Hostess—People are very dull tonight. Adolph, I really can't get them to talk.

Host—Play something, dearest.—Judy.

Uniform Pants!

Blue uniform pants in all sizes of the very best quality of blue cloth just received. C. W. ERICSON,
219 West Superior street.

Those Elegant Clocks
Of the Andrew Jackson stock to be sold at the assignee sale. 19 West Superior street.

When Traveling
Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fever, headaches and other forms of sickness. For sale in 50 cents and \$1 bottles by all leading druggists.

TWENTY YEARS THE LEADER!!!

Coughs, Pleurisy, Rheumatism, Sciatica, Lumbago Backache, and all Internal Affections removed quickly by

BENSON'S

which is the only PLEURISY PLASTER that contains powerful and curative modern ingredients YET ABSOLUTELY SAFE and POSITIVE in its action.

Benson's Plaster Prevent Pneumonia. It does not cure chronic ailments in a minute, nor does it create an electric battery or current in the system, nor will it cure by merely rubbing the plaster on the skin. It is made by the Quaker and Humbug. BENSON'S is endorsed by E. O. O. Payson and Druggists.

CAUTION—Do not be deceived by numerous cheap imitations. Benson's Plaster is the only one that is better than BENSON'S. Get the Genuine, always. Beware of cheap imitations. Keep them all under lock and key.

In Paint the best is White Lead is best; properly applied it will not scale, chip, chalk, or rub off; it firmly adheres to the wood and forms a permanent base for repainting. Paints which peel or scale have to be removed by scraping or burning before satisfactory repainting can be done. When buying it is important to obtain

Strictly Pure White Lead

properly made. Time has proven that white lead made by the "Old Dutch" process of slow corrosion possesses qualities that cannot be obtained by any other method of manufacture. This process consumes four to six months time, and produces the brands that have given White Lead its character as the standard paint.

"Southern" "Red Seal" "Collier" "Shipman"

are standard brands of strictly pure Lead made by the "Old Dutch" process. You get the best in buying them. You can produce any desired color by tinting these brands of white lead with National Lead Co.'s Pure White Lead Tinting Colors.

For sale by the most reliable dealers in Paints everywhere. If you are going to paint, it will pay you to time to use for a book containing information that may save you many a dollar; it will only cost you a postal card to do so.

MORTGAGE SALE.

Default having been made in the payment of the sum of two thousand one hundred sixty-eight and 00/100 dollars, which is claimed to be due at the date of this notice upon a certain mortgage duly executed and delivered by Lillian M. Brophy and H. C. Brophy, her husband, to Robert L. Crombie, mortgagee, bearing date the fifth day of December, A. D. 1891, and duly recorded in the office of the register of deeds in and for the county of St. Louis and state of Minnesota, on the 16th day of January, A. D. 1891, at eight o'clock a. m., in book 72 of mortgages, on page 221, which said mortgage and the indebtedness thereby secured was duly sold and transferred by said Robert L. Crombie, mortgagee, to William E. Richardson, by an assignment thereof in writing, dated the eighth day of September, A. D. 1892, and duly recorded in the office of the register of deeds in and for the county of St. Louis and state of Minnesota, on the 24th day of May, A. D. 1893, at 3 o'clock p. m., in book 87 of mortgages, on page 445, and no action or proceeding at law or otherwise having been instituted to recover the debt secured by said mortgage, or any part thereof.

Now, therefore, notice is hereby given, that by virtue of a power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed, and the premises described in and covered by said mortgage, viz:

Lots fourteen (14), fifteen (15), sixteen (16) and seventeen (17), block one hundred fifty-four (154), West Duluth, Fifth Division, according to the plat thereof on file and of record in the office of the register of deeds in and for the county of St. Louis and state of Minnesota, situate in St. Louis county, and state of Minnesota, with the hereditaments and appurtenances, will be sold at public auction, to the highest bidder for cash, to pay said debt and interest, and the taxes, (if any), on said premises, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law, which sale will be made by the sheriff of said St. Louis county, at the front door of the court house, in the city of Duluth, in said county and state, on the seventh day of July, A. D. 1893, at 10 o'clock a. m. of that day, subject to redemption at any time within one year from the day of sale, as provided by law.

Dated May 25th, A. D. 1893.

WILLIAM E. RICHARDSON,
Assignee of Mortgage.

TOWNE & DAVIS,
Attorneys for Assignee.

Contract Work.

Office of the Board of Public Works,
City of Duluth, Minn., May 23, 1893.

Sealed bids will be received by the board of public works in and for the corporation of the city of Duluth, Minnesota, at their office in said city, until 10 a. m., on the 25th day of June, A. D. 1893, for the construction of the alley through block 34, Third Division, and block 100, second division in said city between Tenth Avenue west and Eleventh Avenue west according to plans and specifications on file in the office of said board.

A certified check or a bond with at least two (2) sureties in the sum of seventy-five (\$75.00) dollars must accompany each bid. The said board reserves the right to reject any or all bids.

HENRY TRUESDALE,
Official.
President Board of Public Works.

T. W. ABELL,
Clerk Board of Public Works.

May 23-30t

ANNUAL STOCKHOLDERS' MEETING.

A. Minnesota Iron Company.—The annual meeting of the stockholders of the Minnesota Iron Company for the election of directors and the transaction of any other business may lawfully come before it, will be held in the office of the company, in the city of Duluth, in the state of Minnesota, on Monday, the 12th day of June, 1893, at 11 o'clock a. m.

C. P. COFFIN,
Secretary.

Chicago, May 18th, 1893.
May 20 to June 10.

THE CRACK OF THE BAT

The Hitting is Now Beginning to Show Itself Under the New Pitching Rule.

The Fame of the Star Player is Short Lived and He is Soon Forgotten.

Some Interesting Statistics About the Principal Actor in the Great Baseball Wars of 1890.

IT IS THE rule of the new pitching rule is beginning to assert itself. The crack of the bat, the patter of footsteps around the bases and the hilarious whoop of the "rooters" in the stands grow in volume as the season progresses. These "previous" pitchers who a month ago told their anxious admirers that the five added feet would make "no difference whatever" in their effectiveness are beginning to wish they could recall the prediction.

As the batting becomes more and more furious the interest and public enthusiasm in the game grow day by day. This shaking of the once lordly pitcher has tended to make results of games more uncertain. No spectator now feels that he can leave the field before the last inning with the assurance that his favorite team has the game won, no matter how large may be the lead. During the last week games which in their first half seemed certain victories were turned into bitter defeats by a few lucky rallies at the bat. It is what spectators like, and the knowledge of the fact that under the new rule no game is won till the last man is out makes every player anxious and causes the full exercise of every playing faculty so long as there remains a possible chance on either side.

In spite of unfavorable weather the attendance has been remarkably large, especially in the east. In the first six games at New York 34,000 people were on the ground, an average of nearly 6,000 to a game—that, too, when two of the games were played on days when it was so cold that most of the spectators stood up during the entire two hours.

In Brooklyn there were 31,000 people at the first five games. In Philadelphia an average of 19,000 in the same number of games, while Washington has averaged nearly 3,000 people to a game.

A convincing proof of the great change which has come over the baseball situation in general is furnished by a report from the treasurer of the Yale College Baseball club. Last year the club had a net loss of \$100 on a trip. This year the club cleared \$900 on a similar trip.

The Washington and St. Louis teams continue to play successful ball. Both are surprising their friends as well as the baseball reading public at large. No less is the surprise occasioned by the miserable showing of the Boston, New York and Philadelphia teams. The temporary "slump" is hard to understand, but it can safely say that when they begin to "make their run" they will not be long in putting both the St. Louis and Washington teams.

The team which is fulfilling the public expectation, and not doing more or less, is the Cleveland club. It is very rarely that one can make predictions of a possible or probable pennant winner, yet I would call upon you to pick one out of the 12 I would name the Cleveland team.

The Cincinnati are, as usual, having trouble in their ranks. Tony Mullane was accused of indifference toward the Pittsburghs, and the report went out broadcast through the land that Mullane was to be blacklisted. It will be a very tame and uninteresting baseball season which shall ever pass without a threat being made of suspending, expelling or blacklisting Mullane. Several times these threats have been half executed, but Tony plays on. Nothing has ever been proved against him, and he rides out every storm.

No man playing baseball is more misunderstood than Mullane. I have had him under my hand for several years, and know his peculiarities and have them by the score. I was one of two who went to Toledo and signed him for the Cincinnati in 1884, for which act he was, without justice or reason, suspended for the season of 1885. But he didn't suffer much thereby. I paid him on the night he signed that contract at the Brady House in Toledo—\$10,000 in the morning of the presidential election day—20 new, crisp \$500 bills as an advance on his salary. After he was suspended the Cincinnati club stood by him and paid him \$3,000 more in bimonthly installments. That sum of \$3,000, by the way, was the largest amount of advance money ever paid a baseball player.

Mullane, while a good pitcher and many characteristics, is weak hearted and easily "rattled." He needs a cool head, steady catcher to hold him in check, prevent a panic. Charlie Snyder could do it, but Vaughn cannot.

Such silly threats as those which the Cincinnati club made against Mullane do no harm to the game. Three years ago the Players' league started out to wipe the National league from a state of existence. The former organization entered the season with three-fourths of the stars of the year of 1890 in its teams, while the National league was compelled to fill up depleted teams with young players from semiprofessional clubs.

It is interesting at this time to study the result. I have been looking into the case, and this is what I find: Of the 123 Players' league men who got records that year, 24 are now members of League teams; of the 121 National league men of that year who made records, 32 are still playing in the major league.

The Players' league took nearly all the noted pitchers of 1890 away from the National league. Of these 32 pitchers, only 9 are now employed by the National league—viz, King, Keefe, Werber, Crane, Mair, Staley, Dwyer, Van Halter and Hadlock. Of the National league's 24 pitchers, 16 are still on the National league payroll, and their names are as follows: Baker, Clark, Carson, Caruthers, Durey, Foreman, Glavin, Hiltz, Lovett, Mullane, Nichols, Stearns, Stein, Sharrett, Smith, Terry and Young.

All this goes to show the rapid decline of a baseball player's ability after he reaches a certain point of perfection in his playing. Two-thirds of the stars of 1890 are gone; among the missing, and the baseball public is cherishing new heroes of the diamond whose names three short years ago were unknown outside the small circle of a few friends and local acquaintances.

THE FREIGHT SITUATION.

Little Hope of Wheat Rates Going to Three Cents as Yet.

CLEVELAND, O., May 25.—Advices from Duluth say that McDougall took wheat yesterday at 2½ cents and that he is taking more today at the same figure. So there is little hope of getting the market up to 3 cents for a few days to come. Less than a dozen mines are shipping ore from Ashland, and the outlook in Lake Superior freights is accordingly not strong, but brokers now feel confident of an advance from Escanaba. Shippers who want Escanaba tonnage are quite anxious today as they have not been offered a single boat.

CHICAGO, Ill., May 25.—Grain rates hold at 1½ cents for corn for Buffalo, although vessel agents were asking 1½ cents for small boats. The demand seems ample to maintain the figures. By tomorrow a strong effort will be made to secure 1½ cents on corn.

BUFFALO, N. Y., May 25.—The predicted advance in Lake Michigan coal rates came yesterday and freights are now 60 cents to Chicago and 55 to Milwaukee, with boats rather scarce. Charters: Normal, 100 tons, to Buffalo at 60 cents; Armour to Milwaukee at 55 cents.

Stupidity of Customs Officials. Buffalo custom house officials have attempted to seize the 200 tons of copper lighted off the steamer Norwalk, when ashore on Point Abino on the Canadian side, and to arrest all the people concerned. As the Norwalk was in Canadian waters it was unlawful to transfer her cargo to an American lighter, and a Canadian lighter was obtained from Port Colborne. When the lighter arrived at Buffalo the custom house officials declared that it was a cargo brought from an American port to an American port in a Canadian vessel, and therefore was liable to seizure. Great difficulty has been encountered in straightening the matter out, and a certificate is still needed from the customs office at Port Colborne to satisfy the scrupulous customs officials. The vessel was all the while connected with the vessel are much incensed at the complicated turn the affair has taken.

They Were Dork Jacks. It has been learned that the crew of the ill-fated life boat at Cleveland, which capsized last Wednesday, were not wearing their cork jackets, and consequently lost their lives. Lieut. J. C. Moore, of the life-saving service, investigated the matter, and is of opinion that the charge is without foundation, as the two bodies washed ashore were both in cork jackets, and witnesses who saw the boat start say that the whole crew wore cork. Large ladders were breaking into the mouth of the river, and the boat meeting with the men were all thrown overboard. A strong current was running at the time and the crew were battered to death by logs and pieces of wreckage.

The Mishap Record. The tug Stevens bound to the water's edge at Ludington, Mich., insured for \$200. She was owned by Carter, the lumberman. Tuesday the steamer Tempest and tow schooner in Maumee bay. The barge was floated easily, but the Tempest remained fast until yesterday.

The amount of rye jetisoned from the steamer City of Rome which stranded on North Manitou island was 12,632 bushels. Tugs have been engaged to release the steamer Lansing and Craig from the bar at the mouth of the Kaministiquia river, near Port Arthur.

The tug Wales released the schooner John R. Noyes and America from Stag Island, Ont.

The schooner S. B. Paige, an old Lake Winnebago craft which was sunk in the river at Menominee during the freshet, is totally dismantled. She is a piece of cut stone, which must be removed before she can be raised.

The steamer John Pringle, Jr., which received rough usage on the beach near Ashabula a few weeks ago, is in dry dock at Detroit and will receive a thorough rebuild.

When the steamer Sarah E. Sheldon's damage, sustained near the Sault, will necessitate a new forefoot, thirty feet of garboard strake and considerable new bottom planking for forward.

The schooner Lem Ellsworth has been released from the beach near Port Austin.

The Sault Passages. SAULT STE. MARIE, Mich., May 25.—(Special to The Herald.)—Up: Northern Light, Cadillac, 7:30 p. m.; Inco, 8:30; Castalia, Montana, 7:30; Italia, Roanoke, 9:30; Down: Cherokee, Chippewa, 7 p. m.; Newage, Checatana, 8:30; Eddy, Miles, 10:30; Naples, 11:30; Mariposa, 6 p. m.; J. R. Ketchum; Kershaw, Moonlight, Ironton, 8:30; Tiley, Merritt, Augusta, 10:30.

The steamer Eddy locked down with 115,000 bushels of wheat, the largest cargo of wheat that ever came from Lake Superior.

HICKOK, YALE'S YOUNG GIANT.

The Champion Hammer Thrower Seems a Worthy Successor to Hefflinger.

Yale usually has a young giant who is envied by every athletic student, from the freshest freshman to the most blasé senior on the campus. A year or two ago it was Hefflinger; today it is W. O. Hickok, the young champion hammer thrower, shot putter and right guard on the varsity football eleven. Hickok is only 18 years old, but he weighs 210 pounds, and his flash is so well distributed over his tall frame that he is as shapely and muscular as a professional athlete. He has been practicing two hours on the football field, and then as a sort of playful climax to the afternoon's hard work he threw the hammer 100 feet.

Then it was that Yale men predicted that Hickok would develop into a world beater as a heavy weight thrower. The young giant was not long in proving the prophecy a well founded one. Only a few days ago he astonished the entire athletic world by throwing the hammer 119 feet 9 inches, breaking not only the Yale and American intercollegiate records, but the world's intercollegiate record as well. For years J. S. Mitchell of the New York Athletic club has been indisputable king of hammer throwers. He rarely has an opponent worthy of his best efforts and usually betters his own world's record each time that he swings the big hammer in a contest. Mitchell's best throw is 145 feet ¾ inches. Since his first record breaking feat Hickok has in practice increased his mark to 114 feet 0 inches. If he continues to improve, he may soon prove a worthy foe for Champion Mitchell.

SPORTING NOTES. P. J. Berio will remain an amateur bicyclist despite reports to the contrary.

There are said to be from 500 to 700 wheelmen in Louisiana who will not join the League of American Wheelmen on account of the fact that there are about 25 colored men all told in that body.

Lookout, the winner of the Kentucky Derby of 1893, was never in a particular start and won by four lengths. Troubadour, his sire, won the Suburban of 1886.

George DeLo says that New England will be well represented at the World's fair championship meeting.

Within the vicinity of the grounds of the Chicago World's fair several establishments have been opened for the accommodation of cyclists. One of these in particular has separate stalls for 1,000 machines.

Bicyclist F. J. Osmond says that young Schofield is the best man in England now. Schofield's forte is sprinting, and he is said to be a marvel for a quarter or so.

Bicyclist Callahan of Buffalo. The braiding Lake Erie winds must bear with them the germs of speed, pluck and endurance, for Buffalo has of late been producing a large number of swift wheelmen.

men. The names of Dorrance, Banker, Brinker, Penney and Crooks are well and most favorably known on the racing path, and now Charles H. Callahan, a new Bison City star, is expected to make a twinkle from an attitude well up toward the zenith of the bicycling firmament. Callahan's first victories of note occurred at the Press Cycling Club meet in Buffalo last spring when he won the club championship, the half mile handicap and the 5-mile handicap.

At Hamilton, Ont., Callahan raced against some of the best men in America, defeated Wells and Hyslop, two Canadian fliers, and was a close second to Arthur A. Zimmerman, one of the best of the world. In his short career Callahan has defeated Dorrance, Banker, Brinker, Penney and all the other Buffalo cracks, and it is in good belief that this year he will prove a formidable competitor at almost any great race meet of the season.

Beaumont, the Champion Gordon Setter. Beaumont, the champion Gordon setter, is a noble looking animal and shows his aristocratic breeding in every line. He is the property of James B. Blossom of New York, owner of the Beaumont kennel, but was bred in England. His pedigree is as long as a European monarch's, and through his veins runs some of the best Gordon setter blood in the world. Beaumont opened his bench career by winning the English championship. He was brought to America in 1887 and speedily became champion here, printing first prize at New York, Albany, Troy, New Haven and Philadelphia, and

TO MAKE PEACE

Minister Lewis Baker Endeavors to Secure a Cessation of Hostilities in the Nicaraguan Republic.

A Peace Commission Was Appointed and Has Agreed on a Plan to be Submitted.

President Sacasa is to Resign in Favor of Some one of the Revolutionary Leaders.

Another Battle in Which Government Troops Were Repulsed at the Point of the Bayonet.

NEW YORK, May 26.—The Herald's special from San Juan Del Sur says: After the battle of Masaya, a peace commission was suggested by the American minister, Mr. Baker and the Austrian and American consuls and Banker Meda agreed to serve. They met some of the members of the party and discussed the terms of a peaceful settlement. After consulting nearly all day, the commission returned to Managua and announced that they had agreed on a plan to be submitted. The terms have been kept secret but the most important points have been learned. President Sacasa will resign in favor of some one of the revolutionary leaders connected with the provisional government, to be selected by him, who will immediately assume the office of president of the republic. Notwithstanding the agreement of the peace commission, there has been no truce declared. A cabinet has been formed with the following ministers: War, Frederico Solorzano; finance, Octaviano Caesar; interior, Miguel Osorno; state, Anselmo H. Rivas.

Previous to the organization of the peace commission, United States Minister Baker held a conference with the revolutionary leaders in the hope of arranging a plan to end the war. There was another battle yesterday. The insurgents with 500 well armed men took San Juan Del Norte by assault. The government force's advance line was repulsed at the point of the bayonet, and the victorious revolutionists then rushed into the town. A provisional government has been formed by the revolutionists and they have announced their intention of managing affairs.

SEIZED BY THE REBELS.

The Nicaragua Canal Company's Steamer Used as a Troop Transport.

NEW YORK, May 26.—A Panama special to the Press says: It has been learned that the Nicaragua Canal company's lake steamer Victoria, the whereabouts of which had been shrouded in mystery, is being used as a troop transport by the revolutionists.

As such it was of great service in conveying 500 soldiers to San Carlos which was a shot being fired. Inasmuch as Rama, the most important point on the Mosquito coast, is in the hands of the revolutionary generals, Alexander Chamberlain Alfaro, there is no doubt but that San Juan Del Norte will be quietly surrendered.

The proclamation of Santiago Morales as president is not construed as a permanent appointment but merely a temporary makeshift to give credit to the revolutionary party.

THE WHISKY TRUST CASE.

The Quo Warranto Proceedings Are Adjourned For a Week.

CHICAGO, May 26.—A formidable array of counsel together with a large number of people interested in whisky trust certificates and in the concern generally were in Chancellor Tuley's court this morning, in anticipation of the opening of legal proceedings brought by Attorney General Moloney, in the name of the people of Illinois, to compel the company to show by what warrant it assumes the powers and privileges which it exercises.

The law officers of the commonwealth were on hand and announced that they were ready to proceed, but delay was asked by counsel for the defense, and after a brief argument and filing of papers setting forth the commonwealth's position, an adjournment for one week was granted by the court.

"The manifesto of the directors published today covers all that can be said about the matter," said President Green but later, "There have been no developments since. In reference to the bond issue he said: 'Arrangements for placing the bonds have not yet been made. We expect to have no difficulty in the matter, and they will be issued just as if nothing had occurred in the way of threatened withdrawals and prosecutions.'"

OPEN NEXT SUNDAY.

No Injunction Can Be Secured This Week—This Is Official.

CHICAGO, May 26.—The World's fair will be open next Sunday. At least that is what Commissioner Hundley, of the judiciary committee of the national commission, said today and as he is one of the three members of the committee who violently opposed Sunday opening his admission has double force.

Commissioner Hundley made the statement after conferring with United States Attorney Milchrist concerning the injunction which the government will pray for to restrain the directors from opening the exposition gates on Sunday. "After considering the matter, we have decided that the bill for an injunction cannot be filed in time to close the fair next Sunday," said Mr. Hundley.

THE PRESBYTERIAN ASSEMBLY.

The Form of the Question to be Voted on Again Debated.

WASHINGTON, May 26.—The largest attendance so far in the history of the 10th general assembly of the Presbyterian church in the United States of America was present at the prayer meeting with which today's proceedings were ushered in. Rev. Mr. Allen, of Chattanooga, presided.

Moderator Craig announced that at the request of Rev. S. J. Nicholls, D. D., of St. Louis, and Elder Cyrus L. Pershing, he had replaced them on the judicial committee to try the complaints of J. J. McCook and others against the synod of New York by the appointment of Rev. W. R. Reynolds, of Minnesota, and Elder Law, of California.

Rev. Mr. Hoyt, the moderator further announced, had been added to the committee appointed to visit President Cleveland upon the matter of traffic in fire arms in the Western Pacific.

Upon the formal motion to approve the minutes of yesterday, after the opening of the assembly for business, the flurry of last night over the form of the question to be voted on at the close of the four hours debate was renewed. The moderator at length reviewed the proceedings of last night upon this matter and stated that at the close of the debate he would entertain a motion to amend the form of the question.

This was satisfactory to all persons and the moderator gave the floor to Elder Ketchum of New Jersey. By his permission Prof. Brown, of New York, arose to a question of privilege. Prof. Brown said: "There are one or two commissioners from New York who are not satisfied with the ruling made last night and I wanted to ask if you would listen to a few suggestions, the presentation of which might induce the moderator to modify that ruling." The moderator replied: "Not at all, Prof. Brown. Under the circumstances I cannot listen to you."

Dr. Kneeland R. Ketchum, of New Jersey, was recognized by the moderator on the question: "Shall the appeal be entertained?" He favored sending the case of Prof. Briggs before the synod and said that at the end of the debate he would offer a resolution that effect. Here Dr. Ketchum's time expired.

The moderator announced that he would next recognize Elder Hinkley, of Philadelphia, who had requested to be heard, but Elder McDougall, of Cincinnati, stated that by arrangement with the chairman of the judiciary committee he was charged with the duty of opening in support of the motion to entertain the appeal. This was accepted by the moderator and Mr. McDougall took the platform.

Thereupon a storm of protest arose against this by Dr. Herrick Johnson and Elders Shephard and Griffin. The moderator explained that the rule of dividing the time by pre-arrangement had been followed at Saratoga in the discussion of revisions of the confession.

Elder Shephard called attention to the rules which require the moderator as between the two members claiming the floor, the one farthest from the moderator shall speak first. The moderator: "Under the rule quoted I shall recognize the men in the back seats as fast as they arise."

Elder Hinkley was then given the floor. Elder Hinkley contended that the synod of New York did not try this case on its merits. The question therefore before the assembly was: "Are the theological views as expressed by the appellee in this case sound, or not?" He did not see how the church could gain anything by patting in the dark passages of the church of Rome.

Elder Hinkley here began a discussion of the relative views of distinguished theologians and was called to order by several commissioners.

Continuing, Elder Hinkley protested against sending the matter back to the synod of New York. What guarantee had the assembly that the New York synod would act differently in the matter than it had done? Let the assembly act and settle the question once and for ever and stop the infringement of fingers on the views of the doctrine of the church.

At 12:25, the four hours discussion on the question whether the appeal should be entertained being still in progress, the general assembly took a recess until 2:30 p. m.

A Run Ended.

DENVER, May 26.—The run on the People's saving bank has about ended, every demand being promptly met. Confidence has been restored in financial circles and the excitement has subsided.

THE PRESBYTERIAN ASSEMBLY.

A Run Ended.

DENVER, May 26.—The run on the People's saving bank has about ended, every demand being promptly met. Confidence has been restored in financial circles and the excitement has subsided.

FORCED TO THE WALL

Ex-Secretary Charles Foster, Once Reputed Wealthy, Was Obligated to Make an Assignment This Morning.

He Became Heavily Involved Several Years Ago and an Effort to Recoup Losses Failed.

Numerous Concerns in Fostoria, in Which He Was Interested, Also Compelled to Shut Down.

CINCINNATI, O., May 26.—A special to the Post from Fostoria, O., says: Ex-Secretary of the Treasury Charles Foster has failed and made an assignment. Foster was in business in Fostoria as a dry goods merchant. Soon after the war closed he helped to organize the Fostoria National bank.

By shrewd speculation in real estate he became wealthy, and in 1879 when he was elected governor of Ohio for the first time was reputed to be worth \$1,000,000. During the next four years he lost heavily in Lake Superior copper mines, on natural gas and street railway speculations.

At Findlay during its temporary boom he invested largely. When the bubble burst he with many others was caught for many thousands of dollars. He also lost by endorsing notes for business and political friends. Since then he has attempted to recoup his losses, but only became deeply involved.

The crash was temporarily averted by his appointment as secretary of the treasury. It is thought he will not be able to more than pay his debts.

THE FAILURE A LARGE ONE.

Many Concerns Are Involved By Foster's Assignment.

FOSTORIA, O., May 26.—Ex-Secretary Foster started the business world this morning by making an assignment of his vast business interests for the benefit of his creditors. His assignee is J. B. Gormley, a prominent banker of Bucyrus and a warm friend of Mr. Foster's. The liabilities are given out by Mr. Foster as being \$600,000 and the assets as about the same. He made the assignment during the night and the papers were filed at Findlay by Mr. Scott, his attorney.

At an early hour this morning the bank of Foster & Co. was closed on an attachment for \$3200 in favor of Isaac Harter Milling company, and at the same time the wholesale grocery house of Davis & Foster was closed by an attachment for \$1000 in favor of O. T. Brown. The presence of the sheriff was the first inkling many people had that there was something wrong, and it soon leaked out that an assignment had been made. The news spread rapidly and soon the streets were filled with people eager to learn the particulars.

The assignment of Secretary Foster was the signal for the assignment of a number of concerns in which he was interested. The brass iron works was one of the concerns to assign. Besides Mr. Foster, Mr. Port was one of the owners of the concern. The liabilities and assets of this company are included in the personal statement of the secretary.

The Mambour, Calhoun and Crocker Window Glass companies, three concerns that have been backed by Mr. Foster, will assign today.

The extent of the failure is so great that its significance can scarcely be realized. A half dozen of the prominent industries will go to the wall at once, and hundreds of people be thrown out of employment. The loss to business men who were depositors in Foster & Co.'s bank is one of the deplorable features of the crash, but it is confidently believed that none of them will suffer to an extent that will cause them to assign.

A run was made on the Mechanics Savings bank this morning as soon as the doors were opened, but with \$80,000 in currency piled upon the cashier's desk the demands of all frightened depositors were promptly met and none turned away. The loss to Fostoria is a great one and one that will require considerable time to recover from, but great as it is, the regret on this account in no way lessens the sympathy expressed for the secretary. It is generally conceded that his untimely generosity and phenomenal business spirit have been the indirect causes of his financial downfall, as he was ever ready to lend a helping hand to the poor and worthy.

The assignment of Davis & Foster, the wholesale grocers, will probably be the direct cause of the failure of a number of grocery concerns throughout the country. It is said that the firm has \$125,000 unpaid accounts and notes due it.

The deposits of the bank at the time of its last statement were about \$115,000, but it is impossible to ascertain what they are at the present time, as the cashier of the company, J. E. Wilkison, is reticent and prefers to have the assignee make a public statement. Mr. Wilkison is also treasurer of the Fostoria school district. The board of education had \$15,000 in cash on hand, and as Messrs. Davis and Foster are his bondsmen, it is probable that the loss in this case will be considerable.

A Small Capital.

NEW YORK, May 26.—The Foster Banking company, of Fostoria, O., who assigned this morning, according to the last issue of the Bankers Almanac, has a capital of \$100,000, a surplus of \$2000 and undivided profits of \$5000. The New York correspondent of the Foster Banking company is the National Shoe & Leather bank of No. 271 Broadway.

No Injunction Today.

CHICAGO, May 26.—United States District Attorney Milchrist was at his office early today looking up the law with reference to the application for the World's fair Sunday closing injunction which he expects to file in the United States circuit court. "I cannot tell just when the injunction will be filed," said Mr. Milchrist when asked about the matter. "I hardly think, however, that it will be filed today."

Panton & Watson

Duluth, Minn.

To-NIGHT the famous tragedy of Antigone by Sophocles will be produced in the Opera House at Poughkeepsie, N. Y., by students of Vassar Female College. The play will be performed as near as possible in the manner of Greek tragedy in the time of Sophocles, but Mendelssohn's music of Antigone, which is modern, not Greek, will be employed. This will be sung by the traditional Greek chorus of fifteen.

CYCLONE IN MISSOURI

Modestly Was Struck by a Storm That Levelled Buildings and Uprooted Hundreds of Trees.

Nineteen Loaded Freight Cars Blown off the Wabash Track and Their Contents Scattered Around.

At Farber, One Man Was Killed and Six Injured, and Numerous Buildings Were Destroyed.

MOBERLY, Mo., May 26.—A cyclone struck this city at 1 o'clock yesterday, leveling barns and smaller buildings and uprooting hundreds of trees. There is not a shed in the lumber yards here that was not unroofed. The full extent of the storm's damage is not known. It is feared that lives have been lost. The storm came from the southeast and prostrated all telephone and telegraph wires in the southern part of the city, making communication from the outside almost impossible.

At Brookfield, Mo., the storm struck the round house of the Hannibal & St. Joseph railroad and it was partially demolished. Some of the engines were badly damaged. A number of workmen were in the building at the time, but all escaped unhurt. Mail accompanied the storm at New Cambria, Mo., and did considerable damage to crops. Barns and outbuildings also suffered.

At Martinsburg, Mo., a severe wind storm did much damage. Nineteen loaded freight cars were blown off the Wabash track and their contents scattered about the fields. Garnet, Kas., reports that a cyclone struck there last evening, coming from the southeast. Barns and outbuildings were destroyed and much damage done.

OTHER TOWNS VISITED.

One Man Killed, Six Injured and Houses Destroyed.

VANDALIA, Mo., May 26.—A terrible cyclone struck Laddonia, ten miles west of here, at 6 o'clock last evening killing Jack Willis, of Farber, Mo., and seriously injuring six others. Five large business houses and five dwellings were completely destroyed. Many buildings were badly damaged. The rain poured in torrents all night and no definite news has been received.

The storm also struck the town of Rushhill and did considerable damage to property but no lives were lost.

THE CHINESE MUST GO.

Seattle Laboringmen Hold a Meeting and Resolve.

SEATTLE, Wash., May 26.—Pioneer square was crowded last night with several thousand people in attendance upon the anti-Chinese meeting. The purpose of the meeting was for a public expression of opinion as to the enforcement of the Geary act. The crowd was enthusiastic, but orderly.

President Cleveland was condemned a series of resolutions were adopted with the carrying out of the act. No political significance was given to the meeting, with the exception that a few orators of the Populist party attempted to air their views. The character of the crowd was of the solid laboring classes and all appeared determined in the opinion that the Chinese must be driven out.

One of the resolutions passed was to the effect that Attorney General Olney seize the property of the Six companies and use the proceeds of the sale to deport Chinese.

Was Instantly Killed.

COMMERLAND, Md., May 26.—Wm. S. Bridenthal, a prominent and wealthy young lawyer, was riding a spirited young saddle horse this morning, when the horse shied at an electric car throwing Mr. Bridenthal directly under the wheels of a heavily loaded car, which passed over his abdomen, killing him almost instantly.

SURROUNDED BY MYSTERY!

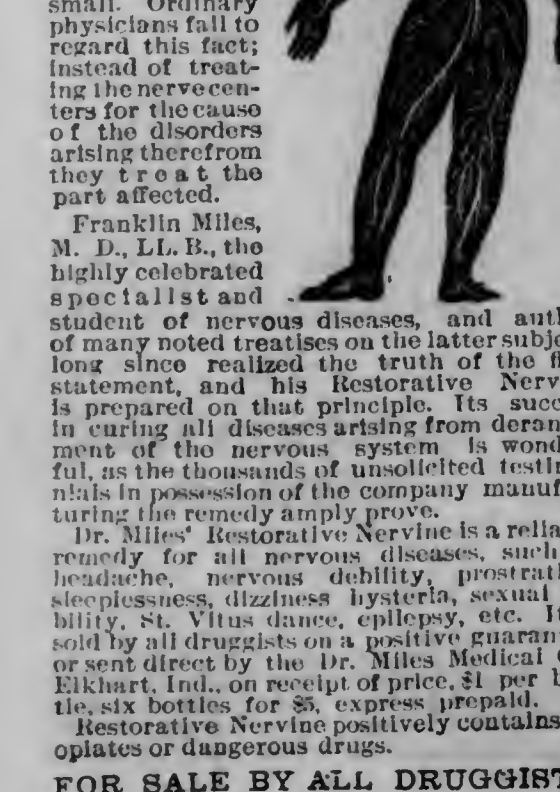

A Great Mistake.

A recent discovery is that headache, dizziness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telephone system, as will be seen by the accompanying cut. The little white lines are the nerves which convey the nerve force from the brain to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact; instead of treating the nerve centers for the cause of the disorders arising therefrom, they treat the parts affected.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises on the latter, has since realized the truth of the first statement, and his Restorative Nervine is prepared on this principle. Its success in curing all diseases arising from derangement of the nerve system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the Restorative Nervine prove.

Dr. Miles' Restorative Nervine is a reliable remedy for all nervous diseases, such as headache, nervous dyspepsia, prostration, sleeplessness, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. Restorative Nervine positively contains no opiates or dangerous drugs.

FOR SALE BY ALL DRUGGISTS.

THE CHINESE QUESTION.

Collectors of Customs Directed to Enforce the Old Laws.

WASHINGTON, May 26.—In order that there may be uniformity of action among collectors of customs and a thorough understanding on their part of the construction of laws on the Chinese question, Secretary Carlisle has written a letter of instructions on the subject. The letter, it is stated, does not relate to the Geary exclusion act, and makes no changes in the orders already issued. It reads as follows:

Sir: By department circular, dated the 4th inst., officers of this department were instructed to refrain from making arrests under the provisions of the act of May 5, 1892, entitled "An act to prohibit the coming of Chinese persons into the United States," until otherwise directed. This order remains in force, so far as it applies to Chinese persons who have failed to obtain certificates of residence under the provisions of the sixth section of the said act, but who otherwise would have a right to remain in the United States.

It is known, however, that great numbers of Chinese laborers have entered the United States in violation of the provisions of the act approved May 5, 1892, as amended by the act approved July 5, 1888, and of the act approved Oct. 3, 1888. Many of these persons have obtained admission upon false representations that they were not laborers, but merchants, and others have entered clandestinely from contiguous foreign countries. Having your attention to the first, second, third, fourth and fifth sections of the act approved May 5, 1892, entitled "An act to prohibit the coming of Chinese persons into the United States," which continue in force the provisions of previous acts prohibiting the coming into this country of Chinese laborers and provide for the trial, imprisonment and deportation of such persons, who under said laws are not found to be lawfully entitled to remain in the United States, you are directed to use all the modes under your control to vigorously enforce such portions of the law and to take such measures as may be necessary for the prosecution of Chinese laborers who are unable to show that they have obtained lawful admission into the United States. Respectfully yours,

J. G. CARLISLE, Secretary.

TRAGEDY IN NEW YORK.

A Faithless Wife and Her Lover Shot By the Husband.

NEW YORK, May 26.—A tragedy was enacted yesterday just off of Cherry street in which figured a wronged husband, an unfaithful wife and her lover, both Italians of the lower grade. The wife is dead, her lover lies in Chamber street hospital with four bullets in him and death not far off, while the husband occupies a cell at police headquarters.

The husband is Antonio Bianchi, 28 years of age, a tailor, and he married his wife several years ago in their native town in Italy. Gabriel Bertolano, who was shot by Bianchi, was a tailor also for the hand of this woman. The latter's parents favored Bianchi and persuaded their daughter to marry him.

The couple soon came to this country and were followed shortly afterwards by Bertolano. He sought out the Bianchi and continued his attentions to his former sweetheart. Four weeks ago, so the story goes, Bertolano induced Mrs. Bianchi to desert her husband and live with him.

The wronged husband went yesterday to the humble apartments of the pair and demanded that his wife give up his boy whom she had taken with her. She refused and the husband attempted to take him by force. Here Bertolano interfered, and the shooting followed. Mrs. Bianchi was shot twice and died instantly. Bertolano was wounded in the back, left arm, and in the abdomen. He cannot recover.

SUBJECT TO CENSORSHIP.

News From Nicaragua Not Always Reliable at Present.

WASHINGTON, May 26.—The Nicaraguan legation, through Minister Cuzman, desires the formal statement to be made that all of telegraphic information from Nicaragua which reaches the United States at present is subject to censorship; the only cable point in the disturbed country is San Juan, which is in the hands of revolutionists; that every cablegram which originates in Nicaragua passes through the revolutionist camp.

Such information as reaches the Nicaraguan legation in Washington is transmitted through the neighboring republic of San Salvador and the Minister says that from the nature of the case all dispatches coming through other channels are apt to be misleading.

The only news the department of state has received through its own officers was contained in a batch of delayed consular reports which have just been received. But as these reports are at least three weeks old, and contain no information of important happenings lately, they are of small interest at this time.

KILLING OF A DESPERADO.

Was Shot by a Deputy Marshal in Indian Territory.

GAINESVILLE, Tex., May 26.—Authentic reports reach here that Bill Luttrell was shot and killed Wednesday by ex-United States Deputy Marshal Hiram Easterwood, at Oakland, I. T., fifty miles north of here.

Luttrell was a brother of Chas. Luttrell, recently hanged at Sherman. The killing grew out of the Harmon murder, for complicity in which Bill was arrested and afterwards acquitted.

Deputy Easterwood said in Dennison yesterday that Luttrell confessed to a friend that he was in the fight against the deputy marshals, that he killed Deputy Kane and he led the gang which robbed the train at Prior Creek.

Is a Newspaper Owner.

WASHINGTON, May 26.—Wm. E. Quinby, of Michigan, who was appointed minister to the Netherlands yesterday, is principal proprietor of the Detroit Free Press. The appointment was made on the recommendation of Don M. Dickinson. Mr. Quinby is married and has a large family.

In Favor of the Republic.

ROME, May 26.—Pope Leo today, in giving an audience to Vicomte Vogue, affirmed in more forcible language than ever his views in favor of the French republic and its democratic institutions.

CAUGHT AN HEIRESS

Leigh French, a Medical Student, of Minneapolis, Captured a Chicago Heiress to Half a Million.

She Was Regarded as the Intended Wife of a British Officer But Loved French.

So She Cabled the Britisher He Need Not Come and Married the Minneapolis Youth.

CHICAGO, May 26.—Miss Blanche W. Culbertson, heiress to \$500,000 and accepted among her friends as the intended wife of a captain in the British army, left her home at 594 Division street Wednesday at midnight in company with another lover, leaving behind her the new almost distracted mother of the British army officer, who had come to this city to be present at the marriage of her son to the American heiress.

Immediately after her flight from her home, Miss Culbertson cabled to England informing her erstwhile intended husband that he need not come as she was about to be married to another man. The mother also, cabled her son and last night packed her luggage and left for the shores of England.

The triumphant lover in the case is Leigh French, son of Dr. George F. French, of Minneapolis, Minn., a senior student in the medical department of the University of Minnesota. The disappointed lover is Captain Donald McKay, of her majesty's troops stationed at Portsmouth, England. Miss Culbertson is the youngest daughter of the late multimillionaire, W. S. Culbertson, of New Albany, Ind. She is a handsome and accomplished young woman.

More than one year ago Miss Culbertson went to Minneapolis to visit a married sister, Mrs. B. Simple. While there she met young French and he began

paying attention to Miss Culbertson and some months later he proposed and was accepted. Millionaire Culbertson, when asked for his consent to the engagement, positively refused and went further by adding a codicil to his will depriving his daughter of \$500,000 if she married Leigh French. One week after adding this codicil to his will Culbertson died.

After her father's death Miss Culbertson went to Europe and traveled with the first of this year. While abroad she met Captain McKay. He became enamored of her and soon proposed a marriage. Miss Culbertson positively refused, claiming that she did not become engaged to him, and that she never even considered him as more than a friend. By the articles of the will, Miss Culbertson was to be given \$500,000 a year for ten years and then \$500,000 was to revert to her in case she did not marry against the consent of the executors of the will.

THE COAL COMBINE.

Change of Venue in the Rhodes Damage Suit Denied.

ST. PAUL, May 26.—Judge Otis yesterday denied a motion for a change of venue to Otter Tail county, made by the defendants, H. B. Bjorge and others, in the damage suit brought by John J. Rhodes, for the seizure of his books, in which were kept the records of the so-called coal combine. The judge also sets the hearing on the plaintiff's motion, to strike out certain parts of the defendants' answers, for Saturday, May 27, at special term. Judge Otis attaches a lengthy memorandum to his order denying a change of venue.

Richard A. Walsh stated a few days since that the coal combine chasm was not given up by any means, and that the matter was likely to be brought before the federal grand jury at the June term of court convening in St. Paul, June 28. He thought it likely that some important action would be taken by the anti-trust convention at Chicago, in relation to the combine.

Hide Dealers Failed.

BOSTON, May 26.—Richardson & Denie, dealers in hides at 267 Congress street, have failed. They were rated at \$200,000.

Life is short and time is fleeting, but Hood's Sarsaparilla will bless humanity as the ages roll on. Try it this season.

C. W. ERICSON, 219 West Superior street.

THE BEST

Is the best blood medicine, because it assists nature to throw off the impurities of the blood, and at the same time tones up the entire organism. This is just contrary to the effect of the various poisons, mercury, arsenic, etc., which build up the impurities in the system, thus producing much sickness and suffering. Therefore, for a

BLOOD MEDICINE

you cannot do better than take S. S. S. "As a physician, I have prescribed and used S. S. S. in my practice as a tonic, and for blood troubles, and have been very successful. I never used a remedy which gave such general satisfaction to myself and patients."

SHOT THROUGH THE HEART.

A Row Between Coachmen Ended in a Murder.

ST. LOUIS, May 26.—Lee Palmer, aged 23 years, was shot through the heart and instantly killed yesterday afternoon by Adair Parker. The murder occurred in an alley in the rear of 3722 Delmar avenue.

Both men were coachmen for families in the neighborhood. Parker had displaced a friend of Palmer in the employ of William Sickles and was assaulted by Palmer. He was arrested and claims he did it in self defense.

DIVORCE COLONY SENSATION.

Edward E. Pollock-Marries Florence Erickson, a Newspaper Woman.

ST. LOUIS, May 26.—One of the most notable of the divorce colony who have secured decrees here within the past two years was Edward E. Pollock, a wealthy young man from New York, who had married his mother's maid under threat of prosecution for seduction, and whose sensational acts through the trial of the suit attracted much attention throughout the country.

A special from Elk Point states that Pollock has just secretly married Florence Erickson, a newspaper woman, who has been reporting the divorce cases for the Eastern papers, and that both have left for the Pacific coast on a bridal tour.

U. S. WEATHER BUREAU, DULUTH, MINN.,
May 26.—A generally unfavorable condition
of the atmosphere is reported this morning.
A storm of slight energy, but accompanied by
heavy precipitation is central over Missouri
moving slowly northeast, and affecting the
country as far north as the boundary line.

Over the greater portion of the country the
temperature stands at about the same, between
40 and 50, but over the south and southeast it
ranges as high as 70.

The heaviest rainfall has been over Missouri
where over two inches has fallen during the past
twenty-four hours, and still continues.

There is a slight possibility of showers here
this afternoon, and still other chances that a
storm will move across to pass near this section
by tonight, but it is more probable that it will
drift slowly towards the lower lakes and pass
out of the country in the direction.

The average temperature here yesterday was
50, which is one degree lower than the normal.
DULUTH, MAY 26.—Generally fair, with a
slight possibility of rain this afternoon or evening;
slight change in temperature, winds shifting
to northeast or east.

R. H. HANSON,
Local Forecast Official.

WASHINGTON, May 26.—Forecast till 8 p. m.,
tomorrow: Fair, with showers; variable winds,
from southwest to east; temperature, 40 to 60.
Showers this afternoon and early Saturday
morning, followed by fair weather and
slightly rising temperature; variable winds.

Upon What Grounds?

A Washington dispatch yesterday says
that Corporation Counsel Olney, who is
also presiding at present over the attorney
general's department, has instructed At-
torney Michrist of Chicago, in case he
finds the World's fair is to be opened on
Sunday, to apply to the federal courts
for an injunction restraining the exposition
management from violation of the
laws of the United States.

Perhaps Mr. Michrist will follow this
advice, and then again he may not. He
may conclude after a survey of the
situation and an examination of the law
bearing upon that subject that he has no
move. Mr. Olney may be a great lawyer,
but he is not a great politician.

He is, however, a great lawyer, and he
has acted in that capacity for many years. He now draws
a big salary from a Boston road, while at
the same time the nation is paying him a
salary to devote his whole time to the
duties of the attorney general's department.

But Mr. Olney should know that courts
do not grant injunctions, even temporary
restraining orders, except it be to prevent
damage. The World's fair management
did not take hasty action on this question,
nor did it declare in favor of
Sunday opening of the fair until satisfied
of its legal right to open the fair on that
day. Commissioner St. Clair satisfied
himself on this point by holding a conference
with a number of attorneys on the
question. Ex-Corporation Counsel
Miller is clear on the subject. Edwin
Walker, of the exposition company, is
unequivocal in his statements on this point.

Corporation Counsel Kraus, ex-
County Attorney Bliss and a number of
other prominent lawyers of Chicago all
express the same opinion. Their individual
opinions are entitled to just as much weight
as are those of Mr. Olney, and collectively
their unanimous opinion on this question
would seem to outweigh the single and
unsupported opinion of the attorney general.

There is probably no sounder lawyer
in Chicago than John S. Miller, and his
experience as a corporation counsel has
been extensive. In an interview with a
representative of the Chicago Times, Mr.
Miller is reported to have said: "I do
not see how the national government
could interfere by injunction. It could
not show that it would be injured in any
way for which it has not an adequate
remedy at law. It could only be damaged
in any event to the extent of the money
advanced the directors, and it has ample
security for that. Courts of equity do not
interfere to grant injunctions merely in a
matter of sentiment. There must, as a rule,
be some property right involved which
would suffer irreparable damage if an
injunction were not granted, and such is not
the case."

In view of this exposition of the law,
which is endorsed by other leading
attorneys, upon what grounds can Mr.
Olney or his representative ask for an
injunction?

A Successful System.

The Kansas City papers report that
the system of garbage collection which
went into operation on May 15 is proving
as efficient as its supporters claimed it
would be. It is making Kansas City a
clean city. Garbage is being systematically
collected and removed by the contractors,
who are paid out of the general fund
of the city. The health department
sees to the proper performance of the
work by the contractors, and there is no
endless delay in finding out who owns
the garbage and who should have it re-
moved. The contractors move the garbage
and the city pays the stated amount
per month, which is not regulated by the
amount of garbage removed.

This is the true plan of removing garbage.
It is the system that should be introduced
in Duluth, and not a system that has
never been introduced elsewhere and
which bears the stamp of failure on its
face. The city scrapes and cleans the
streets and pays for the work,

without assessing the abutting property.
It is equally its duty to pay the whole
cost of removing garbage and other rubbish
that endangers the city's health.

The alderman who introduced the ordinance
now before the council called it a
compromise between two extremes and
admitted it had never been tried anywhere
else. Why should Duluth be inflicted
with an experiment when a system that
has been tried and has operated successfully
can be easily established? Let us have a
little common sense in handling this important
question.

The Canal Company.

The plea made by The Herald last
night for fair play for the Minnesota
Canal company appears to have struck a
popular chord. It is but common justice
that the directors of the company should
be given a full and free opportunity to
present their plans to the public, and the
acting president of the chamber of com-
merce should call a meeting at once of
all the members of that body.

It is not incorrect to say that the canal com-
pany has not been treated by some of the
directors with due courtesy.

The News-Tribune today says it wants
to see this company, or any other which
has any scheme by which the prosperity
and business of this county will be in-
creased, meet with the most cordial
welcome on the part of our citizens,
and yet it opposes granting the county aid
that is asked because of the "indefiniteness"
of the company's plans. "Had it been possible,"
it says, "for the company to go to work
on the construction of the canal, to let
our citizens, and yet it opposes granting
the county aid that is asked because of the
"indefiniteness" of the company's plans.

"Had it been possible," it says, "for the
company to go to work on the construction
of the canal, to let our citizens, and yet it
opposes granting the county aid that is
asked because of the "indefiniteness" of
the company's plans.

"Had it been possible," it says, "for the

GEN. DODDS.

A Sketch of the Hero of the Dahomey Campaign.

Alfred Ancece DODDS was born at St. Louis (Senegal), and is now in his 32nd year. He left the school of St. Cyr in 1864 and chose the marine infantry, which he entered as staff officer of Admiral Dupre, governor of reunion. During the Franco-German war he distinguished himself and won quick promotion.

After his successful campaign in Dahomey he was promoted from colonel to general.

King Behanzin officially submitted to the French in the beginning of this month.

Gen. DODDS has just arrived in France and has been presented by the ministry of marine with a medal which has been specially struck in commemoration of the Dahomey campaign.

ONE PRICE AND THAT RIGHT.

American Store.

TOMORROW, THE BIG DAY. BUT WHY?

Most Every Lady

Has more or less shopping to do on SATURDAY, it is recuperation, or preparation day for the wardrobe, preparatory to Sunday.

To Look Nicely

Is one of the few proclivities anyone may possess, yet in some instances an appalling indifference plainly prevails, but these indifferent things are usually the result of bad shopping.

From direct sources we learn that Chicago, in view of the coming crowds they anticipate, possesses more Passee Merchandise than any city in the world, and they no doubt will easily dispose of it at fancy prices.

It's the Repetition

Of the old mistakes and grievances as follows:

ACT I.

"Advertisers' spasm," great special something.

ACT II.

Great congregation of excited ladies.

ACT III.

The buyer has something she don't want nor need.

Money And Trash Don't Match.

Hence the vast schemes to make people believe they do; many will buy its worth in most every locality, but such conditions have never been known to exist where you're told you will get \$2.00 for \$1.00.

Tomorrow

Will be a great day in the Cloak Department. The Black "Clay Worsteds" Butterfly Caped Jackets at \$10, will be one of the speedy sellers.

Those Capes

With the All Silk Velvet Butterfly, silk lined, at \$8, \$9 and \$10 will all sell tomorrow before noon.

The Millinery Novelties

Will be in the active realm of artistic shopping tomorrow; some 25 new oddities will be the favorites, because they are exquisite productions and very low in price.

Dress Goods And Silks

Are fairly booming. It is by far the greatest Dress Goods season we have ever had.

Those new stylish "HOP SACKINGS," the new "Jap Silks," the Serges, Henriettas, Taffatas, both in blacks and colors, are selling like wheat. Black Taffatine Silks and all the Satin effects are growing more and more in demand.

Gloves

Tomorrow all odd sizes in Gloves sell at 98c. You know what it means here.

Handkerchiefs

At 8c, 10c, 12½c, 15c, 20c and 25c in dainty, quaint designs.

Ladies' And Children's Hosiery and Underwear,

In all kinds, styles, shapes and qualities, that are good at very low prices. See our Fast Black goods. They are superior to all others.

Little Things

Have a great deal to do with everything of importance; a beautiful Dress may be spoiled by the buttons, a Hat with a pin, a Cloak with a seam, etc. We sell only good notions, all at low prices.

Have You Got One?

If not, you are in the minority. They are new, they are handy, they hold such "heaps," they look so refined, they are strictly proper—and we've got them, many of them, hundreds of them, of every new kind: the "Reticule," the "Porte Monnaie," the World's Fair Bags, at 50c, 65c, 75c, 85c, \$1.00 up to \$5.00; see them.

Did You Know We Have

The most beautiful congregation of Ladies' Waists, Night Dresses and Negligee Gowns that are made? And sell them reasonably.

Parasols And Fans

Of the divinely beautiful order here.

The Art Department

Is becoming very popular here.

Laces

In an endless variety of exquisite creations.

J. E. HAYNIE & CO.

WORKING MEN LISTEN

The Minnesota Canal Company People Address a Meeting of the Trades and Labor Assembly.

Henry C. Spaulding Tells How the Consumption of the Plans Interests Laboring Men.

Frank F. Davis Also Enlarges on the Benefits to be Obtained When it Can Furnish Power.

The Trades and Labor assembly was addressed last evening by Henry Curtis Spaulding, president of the Minnesota Canal company, F. F. Davis, of Minneapolis, secretary, and S. M. Meek, of Chicago, a member of the board of directors, the speakers setting forth what the company intended to do, provided the aid it desired from St. Louis county should be assured it, and reviewing the benefits that would accrue to laboring men if the plans were carried out.

Mr. Spaulding said that it was with unusual gratification that he addressed an assembly of working men, and that he was always glad to meet and consult with them. The matter he had to speak of was one that greatly concerned all laboring men. It is, he said, of deep concern to those who earn their bread by daily toil, a question of greatly increasing the facilities for labor. The first requisite for the employment of labor, the speaker said, is that it should be profitably employed. Where the employment of labor is most advantageous, there labor congregates and there the standard of labor is highest. With profitable employment come advantages for education. The speaker proposed to show how these things could be accomplished. Good tools and good accommodations are necessary in every case, but to employ great masses of men required other considerations.

There is found here, he continued, a

concentration of transportation facilities, but that is of no advantage unless the opportunity is had of procuring cheap raw material and cheap supplies. It was of cheap raw materials he wished to speak. There are no paper mills here, although we have an abundance of spruce and poplar, and an abundance of water, the latter being, it might be said, a raw material itself. But without cheap power no paper mill can be operated here. Where paper making flourishes, he said, there employment is found for all sorts of labor in connection with it. Machinery must be constructed for it, as an instance. Mechanics must have houses and all their wants must be given employment to many. The same is true of all great industries. Raw cotton can be laid down here, cheaper, he said, than on the Atlantic seaboard. There should be hundreds of cotton mills here. Iron ore should be worked up here, instead of being sent to Pennsylvania. To work up ore cheap power must be had. Coal is too dear here for use as power. All wire working, with cheap power, would be carried on here.

The object of the speaker, he said, was to prepare the way so that in future the assembly might arrange for the appointment of delegations to see that every body goes to the polls and votes on this proposition. It depends, he said, on the labor vote. As the labor vote went so would go the election. The speaker hoped to meet many more on Saturday night and said that this thing would be thoroughly canvassed and a revolution in the industrial arts brought about.

Mr. Davis, in his address, said he had hoped Mr. Spaulding would go more fully into the plans of the company they represented. The underlying question, he said, is for the benefit of the entire West and Northwest and in the interest of progressive industry. The first step had been taken by the Almighty when He brought into being the bluff, the St. Louis river and the lakes, and the purpose now is to utilize the advantages that nature has provided here. It has been determined that to the north and west of the city is a great water supply that, by a system of dams, might be largely increased. That supply, by reason of the slope, as it is called, could easily be brought to the bluff back of the city and the power distributed to points in the city. The power represented amounts, he said, to 300,000 horse power. To fully appreciate the magnitude of the power that can be brought to bear, it is only to be remarked that all the industrial en-

terprises now here represent only 40,000 horse power.

For this purpose this company had been organized, he said, and now has come to the people of Duluth to ask encouragement. Back of the city lies a water power greater than that of any other city in the United States, which can be brought to the city at a cost of from a quarter to a third of what the power used here is costing today. As a result, large numbers of laboring men would come in, and there would be insured good wages and plenty of work. Those interested, he said, should be pleased to explain details to anyone in doubt that the plan would prove feasible. All the engineering difficulties can be overcome. The company is capitalized, he said, for two million dollars, but before it would be in shape to supply all the industries it is capable of bringing to the city, six million dollars must be expended, of which nine-tenths would go into labor. The first proposition then is that four or five million dollars would be distributed among the laboring men. Success means not only employment in construction, he said, but permanent work in the industries it encourages, and good wages and prosperity will follow. No subscription books have been opened for subscription as a consideration for coming to Duluth. The company has asked no site. It has not come in that way. It has not asked that one dollar be subscribed. It has stated its plan to the people of St. Louis county and stated that if bonds to the amount of \$500,000 are loaned, it will cut the price from \$15 per horse power to \$10. The interest charges on these bonds would amount to \$24,000. The company, on the other hand, would have to pay \$40,000 a year in taxes. Thus it appears that the people of St. Louis county would be \$16,000 ahead every year.

This is but one item, he continued, and the millions of dollars of foreign capital to be brought in should be considered. One hundred thousand dollars in taxes does not begin to represent it; it rises into many hundreds of thousands beyond that figure. The company proposes, said Mr. Davis, to enter into a contract that if the bonds are voted they should be placed in the hands of trustees on the terms that the company cannot take them until it had brought in the water and was ready to furnish power.

Mr. Meek, stated, in conclusion, that the object was to make capital come here, which would ensure steady labor.

The Saturday Club.
Art and travels will be the general theories of discussion at the Saturday club meeting tomorrow. The subject under the head of art will be a general account of the architecture of the nineteenth century. Under travels "Germany's Old Castles and Ruins."

Before breakfast Bromo-Seltzer. Acts as a bracer—trial foot loots. 5

HE MAKES ANSWER.

Frank F. Davis Replies to the Morning Paper's Criticisms.

Frank F. Davis, of the Minnesota Canal company, said to a Herald reporter today:

"I notice in the News-Tribune's editorial this morning on the Minnesota Canal company's proposition that the basis of objection to the extension of county aid lies in these facts: 'Had it been possible for the company to go to work on the construction of the canal, to have developed to the satisfaction of the people their plans then the matter might have been looked at in a different light.' The company has been at work on the construction of the canal for months. Its engineering corps, representing between thirty and forty skilled engineers and their assistants are now at work for weeks upon the ground and of this fact the committee of the chamber of commerce was fully informed. It is true the picks and the shovels have not been put at work but it will be admitted by every man familiar with such enterprises that the bare work of digging dirt is not one half so important an element of construction as the location of routes, the determination of levels and courses, the purchase and condemnation of rights of way, and all these latter steps have been actively going on, and are now going on, as this community is fully aware.

"What plans in the purpose of the canal company has not been developed to the satisfaction of the people of this community? The committee of the chamber of commerce to a man that the plans of the company were perfectly feasible, that they could unquestionably be carried into execution and that the proper financial backing was available.

"When the well defined route of this enterprise had been located and made public, when its feasibility had been demonstrated beyond all dispute, when its financial backing was uncontradicted, when the representatives of the enterprise were upon the ground and ready to do business it would seem pretty clear to the average man that there had been about as much development of the plans of the company as could in justice be required. The canal company stands ready to meet the chamber of commerce and the citizens of St. Louis county in public and in private and to discuss in the spirit of fairness every question, either business or legal, which might be considered.

"If the magnificent enterprise behind which we stand and which we are offering to the people of St. Louis county for their prosperous advantage is turned away we do not desire that the flame shall be laid at our door. We want to make Duluth the great manufacturing center of the West and we still believe that the prevailing sentiment of its citizens is with us in this proposition."

MR. FREEMAN RETIRES.

The Freeman Milling Company Has a New General Manager.

At a meeting of the directors of the Freeman mill, held in West Superior yesterday, one of A. A. Freeman's propositions was accepted and he will retire from the management of the mill. Mr. Freeman will be given charge of the

sales of the mill west of the Alleghenies, and will have headquarters at Chicago. It is understood that his salary will be the same, \$3500 per year. A. Ryter, of Minneapolis, will succeed Mr. Freeman as manager.

The stock of the Freeman mill is largely held by Superior business men in small lots. There has been considerable dissatisfaction for some time with Mr. Freeman's management and the mill has lost money. Friends of Mr. Freeman maintain that it would be impossible for any man to please two dozen little stockholders, none of whom are millers, and that Mr. Freeman has done admirably, considering that he had no elevator or store house and the profits were eaten up by demurrage and switching charges.

MAY HAVE BEEN MIXED.
The Vags in Court This Morning Looked More Like Drunks.

Had one sized up the ten men before Judge Powell this morning and essayed to separate drunks from vags, basing judgment on external appearances and general knowledge of the human system, he would have gone clear wrong. If ever men showed all the signs of a protracted spree and the pressing desire for a "bracer" the four vags did who were captured in one batch sleeping in a lumber car.

Frank Johnson attributed his tremulousness to his first appearance before a bar of justice. He further asserted that he is a painter and decorator by profession, with the accent on decorator and profession, and twiddled his coat to bring a three-links pin in prominent view. He got five days. His three companions were discharged with an injunction to go to work. Five drunks went over the road for ten days each and a sixth requires a hearing before judgment.

Hard to Believe!
But it's a fact that we can take your measure and make you a good business suit to order for only \$16.00 and upwards. Call and inspect our heavy assortment of samples and be convinced. Perfect fit guaranteed or no sale.

C. W. ERIKSON,
219 West Superior street.

World's Fair.

We tender to Duluthians our services in securing desired accommodations when visiting the World's Fair city. Upon arrival in Chicago call at our office and we will assign you just such quarters as you may wish, both as to location and style as well as price, and charge you nothing for the service, our remuneration coming from landlords, not guests.

Should you desire to secure lodgings in advance write us what you want and when you will arrive, and we will at once give you full particulars as to what we can do for you. We try to subserve visitors' interests and guarantee that prices shall be as low as can be obtained, respective to class of entertainment furnished.

By R. C. BROPHY,
Vice President.
Office, Room 57 Lakeside building,
Cor. Clark and Adams streets.

Twelve Hours Less.
On June 1 the Duluth, South Shore & Atlantic will inaugurate fast passenger service between Duluth and Boston, making the distance in forty-eight hours, or twelve hours less than at present. This route will thenceforth be not only the shortest in distance but the shortest in time to the Hub and other New England points, and there is no doubt it will be well patronized. The 400 miles between here and the "So" will be covered in about three hours less time than at present. The exact time for the full distance has not yet been obtained at the office here but the train connecting with the Canadian Pacific road will leave at 4:15 p. m. The morning train will leave at 6 a. m.

The Wrestling Match.
Tonight at the Parlor theater Pete Schumacher, champion of the Pacific coast, and Frank Lewis of Cloquet, will wrestle before two out of three for \$100 a side and the gate receipts. Lewis is considerably the heavier man, but Schumacher makes up in science what he lacks in weight. The first bout will be Greco-Roman, the second catch-as-catch-can, with a toss for the third should a third bout be necessary to decide the contest.

Notice.
We are sorry to say to all our customers that we must sell all our meats for cash only. This law has passed and will begin the first day of June, 1893.

Suffered Nine Years.

Physicians and Specifics Failed.

Kickapoo Indian Sagwa Completely Cured.

HIGHLAND, ILL., June 11.
For over nine years I suffered untold misery from inflammatory rheumatism, from which physicians as well as various specifics afforded no relief. At last I concluded to give Kickapoo Indian Sagwa a trial. With less than three bottles I have been completely cured, and have stayed cured. I keep the Sagwa in the house all the time, and I find it a great help to me at various times when I feel run down, and consider it the best tonic in the world. **Mrs. NATALIE ZIMMERMAN.**

AN EXCITING SCENE

The Colonels in the Kentucky Legislature
Were Treated to a Scene of Much
Excitement.

As a Result of the Trouble, Two Members of
the House May Fight a
Duel.

Mr. Botts Called Mr. Kremer a Corporation
Tool and Then the Lie Was
Passed.

FRANKFORT, Ky., May 26.—There is danger of a meeting between two members of the house of representatives as a result of the most exciting scene in the history of the body. The house had under consideration what is known as the anti-strike law, the object of which is to prevent the unlawful practice of interfering with traffic and transportation. Representative Kremer, of Louisville, favored the measure. Mr. Botts, of Shelby, opposed the bill, and during his remarks referred to Kremer as potter's clay in the hands of the corporations. Kremer sprang to his feet and likened Botts to Judas Iscariot. He paced across the aisle and branded him as a liar, scoundrel and applied other epithets. Mr. Botts made a move towards Kremer, but friends prevented them from clinching. Kremer rushed out of the hall and returned soon with his revolver. Friends, however, overpowered him and kept him in the cloak room until he cooled off.

THE MINNESOTA BUILDING.
Two of the Lady Managers to be Always
Present.

CHICAGO, May 26.—A Western Union telegraph office is soon to be put into the Minnesota building for the accommodation of guests from Minnesota. The male employees have been furnished with a uniform of bottle-green color. The lady managers of the World's fair for the state have arranged a program so that two of the board will be here all the time for the entertainment of visitors. D. A. Montfort, president of the state board, arrived here yesterday. Recent visitors from Duluth include Frank Stevens, Gus Fink, O. G. Brice, A. G. McKinley, T. H. Hawkes, James W. Norton, Mrs. O. P. Stearns, Miss Sue Stearns, John D. Stryer, B. Silberstein and Miss Nettie Silberstein. The executive officers of the different state buildings on the grounds have held a meeting and decided to promulgate a letter asking the railroads to reduce fares to Chicago. Later they will send out a letter setting forth that hotel and restaurant charges are not exorbitant.

Won by Maher.
MINNEAPOLIS, May 26.—One of the

cleverest matches ever seen here was that last night between Billy Maher, the Australian, and Jimmy Griffin of Minneapolis, for a purse of \$1000 and the Northwestern welter-weight championship. Maher won in the eighteenth round. He outgeneraled and outboxed Griffin.

IT CAUSED A PANIC.
Fire in Chicago Caused by Explosion of a
Lamp.

CHICAGO, May 26.—Fire which broke out in the building at 1221 Wabash avenue at 2:10 o'clock this morning caused almost a panic among the occupants of that and the adjoining buildings. The flames originated in a room occupied by Thomas McDonald and George Wilson, where a kerosene lamp exploded. They spread so rapidly that George Jones and C. Brown were unable to escape and were taken from their rooms by the firemen. In the confusion it was supposed that McDonald and Wilson had been suffocated in the burning building, but they escaped by letting themselves out of their window by means of a rope made of knotted sheeting. The fire was quickly extinguished and the loss on buildings and contents is trifling.

BIDS FOR BONDS ASKED.
They Must Be Sold for Not Less Than Par and
Interest.

WASHINGTON, May 26.—Chief Harris has published a notice asking for bids for the sale of \$6,640,000 of the bonds authorized to be issued under act of congress of March 2, 1893, the bonds bearing 4 per cent interest from March 4, 1893, payable annually, the principal payable in four equal annual installments beginning March 4, 1896. These bonds must be sold for not less than par and interest; they are guaranteed, principal and interest, by the United States, and principal and interest are payable at the treasury department. Bids will be opened Wednesday, May 31, 1893, at the treasury department in Washington.

CONGRESS IN AUGUST.
Cleveland Anxious for a Very Early Extra
Session.

WASHINGTON, May 26.—Careful investigation here shows that there is a good deal of truth in the report that President Cleveland contemplates calling congress together by Aug. 1, or even at an earlier date, in order to repeal the Sherman silver purchase act. From men close to the chief executive it is understood that he is worried over the unsatisfactory financial condition of the country.

The Action Stands.
New York, May 26.—Justice Patterson, in the supreme court, special term, yesterday overruled a demurrer of the Howard Watch company to the complaint in the action brought against it and other defendants by the Deuser Manufacturing company, to recover damages for diverting trade from the plaintiff by alleged threats and intimidations. Justice Patterson says that the demurrer admits facts and that the action is maintainable.

Orange Ravings.
BELFAST, May 26.—Orange newspapers report that the police ordered the removal of union jacks from the hotels in Belfast yesterday and they ravingly accuse Chief Secretary Morley and doubtless the police of exercising their powers of removal as the likeliest course to incite riot and thus give the government an opportunity to point out the disorder on the part of the Unionists.

Was Not Forfeited.
CHICAGO, May 26.—The Louisville-Chicago ball game, originally scheduled to be played at Louisville yesterday, was not forfeited as stated in a dispatch from Louisville last night. By a special agreement between the officials of the two clubs the game will be played at Louisville next Sunday.

The Choctaw and Chickasaw Nations Will Now
be Paid.

WASHINGTON, May 26.—President Cleveland has approved the deeds of the Choctaw and Chickasaw nations for their right and title to the leased lands in the Indian Territory formerly occupied by the Cheyennes and Arapahoes, but now constituting a portion of Oklahoma Territory, for which the sum of \$2,091,450 was appropriated by the Indian appropriation act of March 3, 1891.

These nations were required to execute releases and conveyances to extinguish their claim in a manner and form satisfactory to the president. President Harrison declined to approve the deeds submitted for the release of the lands and stated his reasons to congress in a special message at the first session of the Fifty-second congress. Both senate and house nevertheless passed resolutions declaring in effect that no further legislation was required in this matter.

On Jan. 18, 1893, an act was passed directing that of the sum appropriated \$48,800 should be returned from the appropriation to cover an over estimate of the lands ceded. The matter remained without action until on Feb. 21, 1893, Secretary Noble submitted to President Harrison new conveyances modified so as to conform to the act of Jan. 18, 1893, deducting \$48,800, which conveyance he pronounced to be perfect, suggesting that if the president should sign the certificate of approval he would authorize the payment of the money appropriated. The deeds remained in President Harrison's possession until March 3, 1893, when he returned them to Secretary Noble without his signature, explaining in his letter of transmittal that while he had opposed the appropriation the matter had been again affirmatively acted upon by congress; that he was first inclined to return the matter to congress for further consideration, but as the payment was so strongly supported in both houses he did not do so.

President Harrison closed his letter as follows: "The duty devolved upon the president now is a ministerial one, to approve the deeds if found in due form, but as I have not had time to examine the deeds by reason of the pressure upon my time in the last days of my term and of the Fifty-second congress, I return them without action."

This action relegated the ministerial duty to be performed in the matter of approval of the deed to President Cleveland without his signature, explaining in his letter of transmittal that while he had opposed the appropriation the matter had been again affirmatively acted upon by congress; that he was first inclined to return the matter to congress for further consideration, but as the payment was so strongly supported in both houses he did not do so.

President Harrison closed his letter as follows: "The duty devolved upon the president now is a ministerial one, to approve the deeds if found in due form, but as I have not had time to examine the deeds by reason of the pressure upon my time in the last days of my term and of the Fifty-second congress, I return them without action."

March 3, 1891, making the appropriation and directing the execution of the leases and conveyances in manner and form satisfactory to the president, he performed the ministerial duty incumbent upon him by appending his approval to the conveyances.

Under the terms of the law, this approval makes the appropriation immediately available, and the consideration as expressed in the deeds will be paid to the accredited agents of the Choctaw and Chickasaw nations.

THE GRAND CENTRAL.
Railroad Station, Chicago.

Is being fitted up for hotel purposes during the World's fair.

This magnificent fire-proof structure, located at the corner of Harrison street and Fifth avenue, in the very heart of the city, will devote the third, fourth and sixth floors to this purpose. It will be run on the European plan. Each room will have hot and cold water, electric lights and be steam heated. The office and ladies' parlors, etc., will be located on the third floor, and the building will be supplied with all modern conveniences. There will be from 100 to 200 rooms for guests.

This acquisition to the hotel facilities of Chicago will be appreciated by those who wish to be safely housed in a fire-proof building, conveniently located in the city itself.

Those desiring accommodations can secure them by addressing Mr. F. C. Clifford the manager, at Chicago, Ill., or the undersigned. The hotel will be opened May 15, 1893.

The Grand Central station is the Chicago depot of the Northern Pacific railroad, (Wisconsin Central division,) and by taking this through car line to the World's fair city, visitors will avoid the discomfort of transfer through the city. From this station trains run direct to the World's fair grounds at intervals during the day.

For tickets and sleeping car reservations via this route apply to
F. A. GREENE,
City Ticket Agent,
416 West Superior street, Duluth.

"Mighty Interesting"
To almost everybody is the question of transportation to the World's Columbian exposition.

The Wisconsin Central line offers the public through Pullman palace sleeping cars, the finest dining car service in the West (that's honest), and commencing April 25, round trip rate of \$21.70, one way rate each direction, \$12.

For tickets, sleeping car reservations and further information call on or address
F. A. GREENE, City Ticket Agent,
416 West Superior street,
Duluth, Minn.

CHANGE OF TIME.

Duluth, South Shore & Atlantic Railway.
Beginning Sunday, May 28th, evening express will leave Duluth daily at 4:15 p. m. instead of 7:30 p. m. as heretofore. Morning train will leave Duluth 6 a. m. daily except Sunday instead of 11:02 a. m.

When Traveling
Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fever, headaches and other forms of sickness. For sale in 50 cents and \$1 bottles by all leading druggists.

Success or Failure.
How pleasant to contemplate the career of a man whose happiest days are spent in the bosom of his loving family, and who grows old amid the most genial influences, honored, revered and beloved; who goes down to his last resting place amid the prayers and tears of those he loved, cheered by the hope of a happy reunion in a world where life is perfect and joy complete.

Parents, the one safeguard, now within your reach, is to give your children something to do and the means of properly doing it.

It is said that children will naturally ask the right question to get the right sort of an education, if these questions are properly answered at the proper time.

If you place the Encyclopedia Britannica in your house your children will be able to find answers to all their questions, and they will busy themselves at healthy investigation. No danger then. The Duluth Herald takes pleasure in announcing to you that your children now have a chance to win a set free in the prize sentence contest, which is being conducted in the interest of education. Full particulars published in another part of the Duluth Herald.

A RICH GOLD STRIKE

The Wonderful Story of a Great Strike in Washington State Said to be Correct.

It Was Made by Accident While Tapping a Shaft to Let Out the Water.

The Ledge Containing the Rich Ore is Eighteen Inches Thick and Plenty in Sight.

SEATTLE, Wash., May 26.—A Spokane special says: The story of the rich gold strike in Summit mine on Palmer mountain, mentioned in these dispatches, proves upon investigation to be true in every particular. C. C. Sands, the owner of O. K., Humboldt and Eclipse mines adjoining Summit mine, came from Ruby yesterday. He says he was present at Summit mine when the strike was made. In speaking of it he says: "The strike came about by accident. The owners of the Summit mine two years ago ran a shaft down about 100 feet when water rushed in, and stopped the work. The mine lay idle until last winter when work was resumed. The owners determined to tap the shaft in order to let out the water and secure better air. The tunnel was run, and when ten feet below the shaft the owners ran into this bonanza. A seven-pound piece of ore was taken out and assayed. It ran two pounds of gold to the piece. The ledge containing this rich ore is eighteen inches thick and there seems to be plenty of it in sight.

Mr. Sands exhibited several specimens of ore taken from the O. K. mine, which he claims is on the same ledge struck in the Summit mine. Gold and plenty of it is plainly seen in the specimens and one piece assayed here yesterday ran \$100,000 to the ton. Excitement runs high over the strike.

SWEEP BY A STORM.

Three Inches of Rain Fell and the Wind Blew a Hurricane.

ST. LOUIS, Mo., May 26.—The Missouri and Mississippi valleys were visited last night by one of the most terrific thunder storms that has swept over this section since back in the fifties. The storm extended as far west as Kansas City and as far north as Keokuk. The average rainfall reported at 1 o'clock this afternoon was .53 and the rain is still falling in torrents.

Considerable damage has been caused in the city by cellars being inundated. Lightning struck the stables of Whelan Bros. at 202 Spring avenue and three horses were burned to death. During the heavy gale last night the telegraph and electric wires were badly demoralized and communication is seriously interrupted.

From reports received this afternoon from points up the river, it is expected that the Mississippi river will rise five feet within the next four days. This will make a serious state of affairs along the levees below and serious apprehension is felt for the safety of people at Helena, Arkansas City and Vicksburg. Telegrams from Mike, Mo., says that north of that city Henry McCue was fatally injured by a barn blowing on him. A house blew down and killed John Willis near Ladonia.

On Youngs creek north of Mexico the storm was most severe, but lives were lost. The storm passed through Crystal City last night doing great damage to property.

FLOOD AT JACKSONVILLE.

A Rain Followed by a Cloudburst Early This Morning.

JACKSONVILLE, Ill., May 26.—This city has been visited by the worst storm in its entire history. About 2 o'clock this morning a rain which began after dark was rounded out with a regular cloud-burst and in a few minutes the south part of the city was under water. The electric light plant had its fires put out and a large number of dwellings in the third and fourth wards were inundated. The people living in the flooded houses were rescued with boats and improvised rafts. Great loss of property has resulted.

Baptist Missions.

DENVER, Col., May 26.—The American Baptist Missionary union was called to order at 10 o'clock this morning at the First Baptist church by Vice President Judge David V. Burns, of Denver. The house was well filled. After the usual religious exercises Secretary Burroughs read his annual report showing the work of the society for the past year. It was a lengthy document covering the entire field of the union's labors and showed excellent progress. This afternoon will be devoted to addresses on mission work.

A Great Dog.

"When I was a little back east," said the man with the ginger beard, "I owned one of these here little woolly Scotch terriers that was one of the smartest animals you ever see. Funny thing! One day my wife was reading in the paper that woolly dogs wasn't going to be in fashion that summer, and she says to me, in a jokin sort of a way, 'I guess we will have to let Dagobert—that was his name—and get a nice, fashionable, smooth haired dog.' All right," says I, "I still keep up the joke. Now, what do you suppose that there dog went and did?"

"Mebbe he committed suicide," ventured the grocer. "I have heard of dogs having their feelings hurt so bad that they killed themselves. Didn't I just tell you he had a whole lot of sense? He jest snaked a quarter out'n the box where we kept the small change to pay the milkman and the newspaper boy and went down to the barber shop and had his hair cut—that's what he did."—Indianapolis Journal.

Fatigue and exhaustion overcome by Bromo-Seltzer. Contains no opiate. 6

HARBOR NOTES.

Commodore Inman Arrived Today With His Tugs.

Commodore Inman arrived this afternoon with the tugs L. L. Lyons, Bob Anderson and Stanwood, the schooners Glad Tidings and the Grey Oak. The fleet was given a noisy welcome on its entrance into the harbor.

The tug Pearl Campbell and the ferry Hattie Lloyd had a brush in the bay today. The tug commenced near Elevator "H" and for two miles it was an even thing, when the latter "got a hump on herself," as it were, and forced her competitor to swallow her smoke.

The propeller Juniaha, with the first load of flour from Superior, departed for Buffalo this afternoon.

Port of Duluth.

Prop Cambria, Port Arthur; passengers and merchandise. The tug Lyons, Cleveland. The tug Anderson, Cleveland. The tug Glad Tidings, Cleveland.

Prop Caledonia, Buffalo; wheat. Prop America, light for ore. Prop E. P. Wood, Buffalo; flour. Prop McBurney, Ansonia; wheat. Prop S. C. Hall, Tonawanda; lumber. Prop J. H. Cato, light for ore. Prop North Wind, Buffalo; flour. Prop V. J. Morley, Buffalo; wheat. Prop Juniaha, Buffalo; flour.

COLLISION AT THE 300.

The Steam Barge Mayham Struck by the Schooner Geogor.

SAULT STE. MARIE, Mich., May 26.—[Special to The Herald.]—The schooner Geogor struck the steam barge Thomas Mayham on the starboard bow as the Mayham turned the bend at the foot of Sugar island this morning.

The Geogor's jibboom, bowsprit and some planking were raised. She went on her way in tow of the John Mitchell. The Mayham's plates are stove in from the bulwarks to the tender rail. She is leaking and will make temporary repairs and proceed.

The Sault Passages.

SAULT STE. MARIE, Mich., May 26.—[Special to The Herald.]—Up: Livingstone, 6:40 p. m.; Australasia, Tasmania, 8: Venice, Dodge, Moran, 9: Neesho, United Empire, 11: Pioneer, Richards, 4:30 a. m.; Wade, Sheriffs, Gaketa, 6: Matao, Frontenac, 7:30: Brazil, Nimick, 8:30: Marina, Westover, 10:30: Duane, 11:30: John, 12:30: Geogor, 7 p. m.; St. Louis, Champion, Potomac, 10: Pope, 11:30: Kirby, 12:10: Olympia, 1:30 a. m.; Hoy, 10:30: Pease, Planet, Onoko, 5:30: Brown, Ira, L. O. Wagon, 5:30: Pease, 6:30: John Owen, 8: Erin, Maggie, 9:30: Clear, calm.

A GREAT MAN.

But Like the Roman Empire He Fell at Last.

I heard an animated conversation going on at the farther end of the car, but as I was reading I paid little attention until an old farmer, whose wife sat just behind me, came back from the group and said:

"Sally, you orter hear what that feller is sayin'. I've learned more in five minutes than I ever knew in all my life before."

"Who is he?" she asked. "Dunno his name, but he's smarter'n a steel trap."

"What he sayin'?" "Well, it's all about sciences and things. He says the sun is 1,000,000 miles nearer the earth than it used to be."

"I don't believe it," she bluntly replied. "What's the use?" he protested. "I didn't believe it either until I heard him talk. Come up and listen."

"I don't keer about the sun."

"But you orter. The sun has got a heap to do with our farm, I guess. Do you know how much air you breathe in at every breath?"

"All I want to."

"Of course, but he'll tell you jest how many feet. It's the interestingest thing I ever heard. You don't know how far it is to the moon, but he's got it right down to me and rods. You don't know why there's a tide in the ocean, but he does. He kin tell you exactly how many bones you have in your body. He knows more in a minute than our postmaster does in a week. Come along and hear him."

I followed after and found a very plainly dressed and common looking man holding forth to five or six passengers who had gathered around him. As we came up he was saying:

"During the 70 years of man's allotted life the heart performs about the same amount of work in circulating the blood that a 2-horsepower engine would do if run day and night for 13 years 7 months and 14 days. You see, the heart?"

"Good lands, but I've seen that feller afore!" interrupted the farmer's wife. The great man turned to see who had spoken, and she raised her hands and continued:

"Now I'm sure of it! Why, he's the tin peddler who cum along about four weeks ago and not only cheated me in weighing the paper bags, but he sold me three tin pans which leaked all over the collar afore he got out o' sight."

The great man fell. Every one saw that he was guilty, and all turned away and left him to his disgrace—all but the victim of his wiles. She crooked her forefinger at him and said:

"Them pans was leven cents apiece! Gimme 33 cents!"

He counted out the change, and she put it into her bag among the fried cakes and boiled eggs, and as she sat down beside her husband she remarked:

"If this happens to stop his 2-horsepower engine from workin, I can't help it. Them consarned tin peddlers hev bin cheatin' me for the last 30 years, and I hain't goin to stand it no more! Great man! Why, Reuben, you don't know 'nuff to cum in when it rains!"—Detroit Free Press.

Hood's Sarsaparilla positively cures even when all others fail. It has a record of successes unequalled by any other medicine.

Who Wins the Prize?
BOYS, READ THIS, AND GIRLS, TOO.

Explanation of Our Offer:

THE DULUTH EVENING HERALD will publish seven short articles, this being No. 2. No. 3 will appear Saturday, May 27th; No. 4, Monday, May 29th; No. 5, Tuesday, May 30th; No. 6, Wednesday, May 31st; No. 7, Thursday, June 1st. No. 1 appeared Thursday, May 25. In each article there will appear one or more words in **BLACK-FACED TYPE**. There are eight such words in all, out of which we have constructed a sentence.

The boy or girl who first puts this sentence together correctly and sends us the answer, will receive a full set of the famous Minnesota Tribune edition of the Encyclopedia Britannica, together with the beautiful Book Case made to hold it. The prize will go to the one whose answer is first received at this office.

To insure absolute fairness, we have placed the sentence in a sealed envelope in the custody of Professor Arthur F. M. Custance, Acting Principal of the Central High School. The award will be made Monday, June 5th, four days after the last of these seven articles is published. Address answers to **EDITOR BOYS' AND GIRLS' PRIZE, DULUTH EVENING HERALD.**

Shakespeare's Seven Ages of Man.

II.

"Then the winking schoolboy with his satchel and shining morning face creeping like a snail unwillingly to school."—"AS YOU LIKE IT."

Every schoolboy knows that Shakespeare's beautiful epitome of life in Seven Ages is to be found in the play of "As You Like It." Every schoolboy also knows that the Encyclopedia Britannica is just full of things that he likes to read about. Every boy is fond of boats, and the Britannica tells all about boats. It tells all about all kinds of wild animals and birds and fishes. It tells all about horses and dogs, pigeons and rabbits. It tells about different countries, and the strange customs of strange people and strange lands.

What boy does not love to read of the Sea and all the wonderful things connected with it? The curious creatures that inhabit it; the great whales, the seals, the sword-fishes that fight the whales with their swords; these are all interesting to schoolboys, as are the little coral insects and the wonderful islands they build up from the bottom of the sea.

These tropical islands, how beautiful they are, and what an interest they hold for every boy, with their strange natives, their cocoanuts and their coral reefs. The Encyclopedia Britannica tells of all these things, and a hundred thousand more. A boy can amuse himself with these wonderful books, or he can study and get a good sound education out of them.

Every schoolboy ought to have a set of the Britannica in his HOME, and all parents ought to make it their duty to put aside to cents a day to obtain for their children this wonderful library, which is useful every day of the Seven Ages of Man.

THE COURT FILINGS.

Legal Papers Filed With Clerk of Court Since Today.

In the office of the clerk of the district court there have been filed the following papers:

Affidavit for garnishment of the C. N. Nelson Lumber company, in the case of Grouette & Olsen vs. Frederick Brouseau.

In J. L. Washburn vs. George L. McManis, Edwin McManis and Duluth & Winnipeg Railway company, bond for appeal by defendants from order denying new trial.

In Huntress & Brown Lumber Company vs. M. G. Wymann et al, notice of motion by executors of J. J. Costello, defendants, that settled case offered by them be allowed as proposed, and of motion upon settled case to annul findings of fact to declare defendants named to be owners of lumber described in pleadings and entitled to money received for sale thereof, to the exclusion of and against them, of all liens and claims of other defendants, and if amendment be denied of motion to vacate findings and for new trial.

In case of Mary Jane Graham, Eliza McGowan and Anna Bella McGowan vs. Susan McGowan and David Fay, stipulation that defendant Susan McGowan have ten days additional to answer and case be placed on calendar for regular June term for trial, without further notice if plaintiff so elects.

In matter of Genevieve F. Bayden, insolvent, proof of publication of notice of application by assignee for allowance and order for payment for services and disbursements of his attorneys.

In matter of receivership of N. E. Tuttle, release of judgment for \$148.26 in favor of Twohey Mercantile company.

Gust Anderson and Amanda Leander were licensed to wed.

Some Were From Duluth. The commencement exercises of the Normal school at St. Cloud, were held on Wednesday. Among the graduates are the names of several Duluthians: Misses Jean A. Baillie, lo Barnes, Gertrude Earhart, and all graduated from the advance course. Forty-eight students graduated and of these five were to read essays. One of these was Miss Gertrude Earhart, of Duluth. Her subject was "The Evolution of Ideas."

Tomorrow Only. Your choice of any Fedora hat in our stock for \$2.49 (excepting Stetson's). M. S. BURROWS & CO.

The Duluth Boys Play Ball. In the interstate collegiate baseball contest series a game was played between Macalester and Carlton college nines at St. Paul yesterday, the former winning by a score of 10 to 18. Two Duluth boys, Clinton and William McCormick, played in the winning team and the former's catching in left field was mentioned in the St. Paul papers as one of the features of the game.

Hard to Beat. At the price, \$2.49 tomorrow only, any Fedora hat in our stock (excepting Stetson's). Black, brown and grays, \$2.49. M. S. BURROWS & CO.

MANY WILL GRADUATE

The Duluth High School Will This Year Have a Graduating Class Numbering Thirty-Two.

Program of Commencement Exercises as Far as Completed—A List of the Graduates.

A Movement Being Made Looking Forward to the Organization of an Alumni Association.

The school year of 1892-3 is drawing rapidly to a close, and the thirty-two members of the graduating class at Central High school are busy with preparations for the commencement exercises.

Tonight's reception by the junior to the senior class and friends will inaugurate the commencement festivities and exercises. The reception will take place in music hall, which is prettily draped with bunting in the senior class colors—old gold, blue and cream—and decorated with potted plants and flowers. Refreshments will be served in an adjoining room. The reception committee of the junior class is composed of Misses Woodward and La Vaque and Messrs. Guy Pake and Richard Costello, chaperoned by Messrs. and Mesdames Upham and Mishler.

In the class day exercises, which will take place in Assembly hall Thursday evening, June 15, at 8 o'clock, will be merged nearly all the features which usually occur on commencement day. The program is not yet complete as to order of rendition and musical numbers but will contain the following:

Salutatory, Douglas G. Moore. Oration, Alex. Cameron. Class poem, Elizabeth Harper. Class history, Herbert Shaw. Class prophecy, Robert Shannon. Valedictory, Miss Kate Maxwell.

There will be at least six musical numbers, including the class song, written by the class poet, Miss Harper, and three or four essays as yet not determined upon.

The next evening, Friday, at 8 o'clock, will occur the commencement exercises. They will be very simple, consisting of only the address by Rev. Dr. Thomas, of Chicago, a few prayers, the awarding of diplomas. Assembly hall will be prettily decorated for the occasion.

The graduating class numbers thirty-two members as follows:

Florence M. Barrows, Florence T. Bailey, Pauline Boebo, Harry S. Burnham, Marjorie Cameron, Marjorie Carey, Benjamin Crowley, Angela Dunphy, Anna Eiling, Elizabeth M. Fawcett, Elizabeth M. Harper, Kate K. Kigman, Clara F. Kenney, Emma M. Lonsdale, Ella M. Latta, Marvin McLaren, Mato Maxwell, Douglas G. Moore, Anna O. Olson, Vesta C. Randall, Emma P. Shannon, Robert P. Shaw, Florence Silborestein, Sarah A. Smith, Ella K. Strangen, Elizabeth Turner, Uretta A. Virgin, Marie C. Wisted.

The officers are: President, Douglas C. Moore; vice president, Florence Silborestein; secretary and treasurer, Kate Maxwell.

The commencement of 1893 will be the thirtieth in the history of Duluth. The first class, consisting of only two members, was graduated in 1870. In 1880 and 1884 there were no graduates. In all there have been ninety-one graduates, and the death of Miss Katherine Fleming last Monday morning was the first break in the roll. The members of the present graduating class have been active in a movement to organize an alumni association. Circulars setting forth the plan have been sent to all alumni and very encouraging replies have been received. A meeting will be held immediately after the commencement exercises and a permanent association formed to keep alive the pleasant school associations. In Philadelphia and will be very handsome. Conspicuously printed on the cover will be the injunction "No Flowers," which the class intends shall be strictly enforced.

Lot on First street between Seventeenth and Eighteenth avenues east for sale at a bargain. N. J. Upham & Co., 16 Third avenue west.

W. H. Fisher came in from St. Paul this forenoon.

William Saunty, the Stillwater lumberman, is in the city.

A. W. Hartmann went to Chicago last evening.

J. F. O'Brien and wife, of Cloquet, are at the St. Louis.

Ed. Kennedy and wife came down from Virginia last evening.

T. J. Sheridan and wife, of Grand Rapids, Mich., are in the city.

Ex-Governor A. H. Burke, of Fargo, N. D., is in the city.

A. E. Humphreys, Frank Cox and J. G. Williams went to Chicago last evening.

Mrs. L. Baldwin left this afternoon for Chicago. She will return about Aug. 1.

J. H. Mullen, of Wabasha, is in the city.

Mrs. C. W. Crockett, of Marquette, is visiting in the city.

Mr. and Mrs. T. T. Beal, of Boston, are at the Spaulding.

A party consisting of W. J. Ratle, the Cleveland chemist; Morris Sellers, of Chicago, manufacturer of railroad sup-

plies; R. W. Hunt, of Chicago; Richard Fritz, of Cincinnati; and W. C. Townes, of Pittsburgh, Pa., arrived in the city this morning.

Miss Kate West, daughter of I. E. West, deputy collector of customs, returned today from a month's stay in Texas.

Assistant City Attorney Crasswell is laid up with the measles. City Attorney Greene says, had he his choice, he would gladly take the measles and give Mr. Crasswell the city criminal work.

B. Silberstein returned from Chicago this morning, accompanied by Mrs. Silberstein who spent the winter in Asheville, N. C.

Mrs. John Pengilly and daughter came down from Ely last evening.

J. A. Waterworth left today for Canada, having been suddenly called by the serious illness of his father.

FORECAST FOR

Friday, May 27: Fair, probably rain this evening; winds shifting to northeast or east.

The Pioneer Fuel Co.'s COAL

Is selected from the best grades and special care used in preparing it for domestic use. Dry Cord and Pine Wood Cut in suitable lengths for household use. Orders promptly delivered.

City Sales Office: Herald bldg., 230 West Superior St. Telephone No. 101. Weather predictions appear here daily.

CITY BRIEFS.

G. A. Tenbusch, architect, 301 Burrows Cullum, dentist, 702 Palladio.

Smoke Endion cigar. W. A. Foote & Co. S. L. Rice & T. F. McGilvray 616 chamber of commerce, civil Eng. & Surv'yors.

"Use the best" Duluth Imperial flour. Moonlight excursion every pleasant evening this week except Wednesday on the steamer Ossifrage. Tickets 50 cents.

The Marine band will accompany the Ossifrage excursion to Ashland leaving Duluth Saturday evening at 11 o'clock. Round trip \$3.50 including berth. Spend Sunday among the beautiful "postles" Isles, returning to this city Sunday night.

Dr. Schiffman fills teeth without pain. The Ossifrage will leave tomorrow evening at 11 o'clock from Fifth avenue west for Ashland, returning before daylight Monday.

All persons are warned that Ed Ransom, a former clerk with the Duluth company, is no longer in their employ, and is not authorized to collect for them or represent them in any way.

The hall at the Pavilion last evening by Company A. was not very largely attended but was a great success otherwise, everybody having a good time.

The house of John Mangum, Fourteenth avenue east and Fifth street, was damaged by fire to the extent of \$100 early this morning. No insurance.

That Ashland excursion on the Ossifrage, including berth, will cost you only \$3.50, the cheapest ever advertised.

The ladies of the West End Grace M. E. church give a Columbian art exhibit in the parlors of the church this evening.

Take in the moonlight excursion on the Ossifrage tomorrow evening, leaving Fifth avenue west at 7:30. Tickets, 50 cents.

The Babcock chemical engine which has been located at the Park Point engine house was today transferred to Lakeside and the smaller one at the latter place was sent to Park Point.

Two moonlight excursions included in the Ashland excursion on the Ossifrage. Take it in.

Postal cards are being mailed today to different Ohio people by a committee consisting of Thomas S. Wood, A. L. Thurman, S. L. Frazer and J. W. Hunt, calling the meeting to be held at the Spaulding tomorrow night to form an Ohio association.

Mackenzie & Co. are driving piles in the harbor on which will be placed the government range lights. The work will be pushed.

To Ashland and return and spend Sunday among the Apostle Isles on the Ossifrage for \$3.50, including berth.

Secure staterooms on Ossifrage for Ashland trip with C. H. Eldridge, 428 West Superior street.

A small dwelling on East Sixth street between Fourth and Fifth avenues east, belonging to E. Fitzgerald, was damaged by fire this morning to the extent of about \$75.

If the weather is pleasant a moonlight excursion will precede the Ashland excursion tomorrow evening, leaving the dock at 7:30 and returning at 10. Holders of Ashland tickets will be charged extra for this excursion. Tickets 50 cents.

Emil Applegate was last evening elected as a delegate from the Trades and Labor assembly to the National Federation of Labor meeting in St. Paul on June 1.

Don't forget that delightful trip to Ashland on the Ossifrage leaving Duluth at 11 o'clock tomorrow evening, touching at Ashland, Washburn and Bayfield and spending the day at Apostle island. Returning the boat will arrive in Duluth before daylight Monday morning. Round trip, including berth, \$3.50.

AND STILL THEY COME

Now we don't wish to blow but it's an honest fact that since we began advertising our prices we have drawn trade from all parts of the city, and not alone that but two houses that were situated on the corner below us have moved up opposite the store and now occupy a prominent position in the center of the street. Of course this is merely a coincidence and we refer to it only to show that things are coming our way.

But here are a few bargains that ought to draw a bank--account.
